AMI Day Intructions

Dear Students and Families,

As we enter into our winter season, we want to update you about what our Alternative Method of Instruction (AMI) day will look like should we need to use one due to weather. Here is our school specific information about what will happen. Your student will have assignments posted in Google Classroom by their math and ELA teachers.

On AMI days, we are all in this weather together and it is all hands on deck to make sure you feel supported and have a chance to learn during your AMI day. At 9:00 AM all students will check in with their math and reading teachers via a Google Meet. This link is available in your child's Google Classroom. Students can complete their assignments when they choose throughout the day. They will also have some optional specials assignments shared by the special teachers and available to students in Google Classroom.

Teachers will be available throughout the day to help your student. Please have your student email their teacher should they need assistance..

Thanks for your support and let us know if you have any questions.

Sincerely,

The Jefferson Staff and Teachers

Student Clinic

The Student Clinic is available to all SCSD students and is housed at Blackhurst Elementary.

**STUDENT
CLINIC**

Parents interested in scheduling an appointment can do so in the following ways:

Parents should call the direct dial number for any appointments or needs. Please DO NOT contact the front office staff at Blackhurst.

Important Information from the School Nurse

Dear Parents/Guardians,

Cold and flu season is upon us! To help prevent the flu and colds, please remind your children of good hygiene habits:

- Wash hands with soap and water frequently
- Keep hands away from eyes, nose or mouth
- Cover mouth and nose when sneezing or coughing, use a paper tissue, throw it away, and then wash hands

Colds are the most contagious during the first 48 hours. A child who has started antibiotics needs to be on the medication for 24 hours before being considered non-contagious and able to return to school. Your child should be physically able to participate in all school activities on return to school. Keeping a sick child home will help minimize the spread of infections and viruses in the classroom.

Please keep your child at home for treatment and observation if he or she has any of the following symptoms:

- Fever greater than 100 degrees - Your child may return to school only after his/her temperature has been consistently below 100 degrees for a minimum of 24 hours, **without the use of fever-reducing medication such as acetaminophen or ibuprofen.**
- Vomiting - Students must not attend school for at least 24 hours after the last episode of vomiting
- Diarrhea
- Chills
- General malaise or feelings of fatigue, discomfort, weakness or muscle aches
- Frequent congested (wet) or croupy cough
- Lots of nasal congestion with frequent blowing of nose

Please keep the office updated with any changes in emergency contact information. When called to pick up your child due to illness or injury, we ask that you be as prompt as possible. The more effective we can be in limiting students' exposure to contagious organisms, the healthier our student body will be.

Thank you in advance for helping make this school year as healthy as possible. If you have any questions, please contact me at 636-443-4403. You can also email me at

bmccann@stcharlessd.org

Sincerely,
Mrs. McCann, RN, BSN, NCSN
