Differences and problems that arise between an employee and student are typically best worked out by conferences between these two (2) persons or between the employee and the parent of the student. However, employees and students should immediately report a violation or perceived violation of the district’s nondiscrimination and anti-harassment policy (AC), regardless of whether a conference has been held.

No employee may use his or her status as an employee to adversely influence a student of the district. No employee may date, make advances toward, or engage in any sexual relationship with a district student, regardless of the student’s age, the perceived consensual nature of the relationship, where the advances are made or whether the employee directly supervises the student. SUPPORT STAFF COMPENSATION

Policy GDBA

The St. Charles R-VI School District needs highly qualified employees to accomplish its education mission and must offer competitive compensation to attract and maintain experienced staff. The Board directs the superintendent or designee to annually research regional and statewide trends in employee compensation and consult with district employees to prepare competitive salary schedules and salary recommendations for the Board to consider, within the constraints of the district's finances.

1. Employees hired from outside the school district shall be placed on the appropriate step of the salary schedule for the position based on similar experience, not to exceed step 7, commensurate with experience. However, they may not be placed on a step higher than any current employee in the same job classification who has equivalent years of experience working in the district.
2. Steps on the Wage Schedule
 - a. Should the Board approve movement of steps on the wage schedule, all full-time support staff employees shall advance one step on the wage schedule if they have worked for not fewer than one-half of their work calendar days of service.
3. Voluntary Reassignment

If an employee is voluntarily reassigned to a higher paying job category with unrelated job skills, the employee will be placed on a step, not to exceed step 7, commensurate with experience.
 - b. Any employee voluntarily reassigned to a lower paying job category in a comparable classification with similar job skill requirements will be placed on the same step in the new category. If an employee is voluntarily reassigned to a lower paying job category with unrelated job skills, the employee will be placed on a step not to exceed step 7, commensurate with experience.

4. Involuntary Reassignment
 - a. Any employee involuntarily reassigned to a higher paying job category will be placed on the same step in the new category.

No supervisor may classify, hire or set a starting wage without prior approval of the Assistant Superintendent of Human Resources or the Superintendent of Schools. Each support staff member will be placed on the appropriate schedule commensurate with, but not limited to, job category and experience with the district. 6. The Assistant Superintendent of Human Resources or the Superintendent of Schools has the authority to alter or waive all or certain sections of this policy and its procedures to accommodate extenuating circumstances. However, in such cases, the president of the majority association must be notified.
7. Representatives of the SCESSA and the St. Charles School District Administration and/or Board of Education shall meet and confer when adjustments are to be made in any support staff salary schedule, which shall be part of the usual Meet and Confer process or at a Board of Education specifically called Meet and Confer meeting.

PERSONNEL RECORDS

Policy: GBL

It is the intent of the Board of Education to maintain complete and current personnel files for all district employees. Personnel records will include, but are not limited to: documentation of necessary certifications and licenses; compensation records; documentation of benefits received or offered and overtime or compensatory time earned; performance evaluations; records of disciplinary actions; and other records the district determines are necessary to effectively manage the employment relationship and verify compliance with relevant state and federal laws. In accordance with law, individually identifiable personnel records, performance ratings and records pertaining to employees, former employees or applicants for employment are closed and not accessible to the public. However, the names, positions, salaries and lengths of service of employees must be available to the public upon request. Storage

Personnel records will be stored in accordance with good data management practices and in such a manner that only authorized personnel who need to know the information as part of their duties with the district have access to the records. There shall be only one (1) personnel file for each individual employee maintained in the central office by the Assistant Superintendent of Human Resources. Files containing immigration records and medical information regarding an employee will be kept separate from personnel files.

Parent/Guardian Access

In accordance with federal law, at the beginning of each school year the district will notify the parents/guardians of each student attending any school receiving Title I funds that they may request information regarding whether the:

1. Student's teacher is certified to teach in the grade levels and subject areas in which the teacher provides instruction.
2. Student's teacher is teaching under emergency or other provisional certification status.
3. Student is provided services by a paraprofessional and, if so, the qualifications of the paraprofessional.

Employee Access

Upon request to and in the presence of the appropriate administrative official, any employee will have the right to inspect his or her own personnel file during regular working hours, with the exception of the ratings, reports and records created or obtained prior to the employment of the individual, included in confidential placement papers and letters of reference.

Information of a derogatory nature will not be entered or filed in the employee's personnel folder until the employee is given notice, as well as an opportunity to review the information and comment thereon. The employee will have the right to append a reply to the statement, which will also be included in the folder.

Board Member Access

An individual Board member has no greater access to confidential personnel records than any member of the public unless the Board member has been granted access by action of the Board or is serving in a capacity that requires such access.

If an individual Board member wants to view an employee evaluation or other confidential personnel information, the Board member may ask for the item to be put on the agenda for the next closed Board meeting. At the meeting, the Board member must explain why he or she has requested access to the record. If access is granted by the Board, the record will be available for all Board members to view at the meeting.

Employment contracts are not considered confidential personnel records, and individual Board members may inspect or copy these contracts upon request.

Records Required -- Support Staff

The administration shall maintain a personnel file in the office of the superintendent for each support staff employee. It shall be the responsibility of each employee to submit the following credentials during the first week of employment:

- ▶ A completed application form.
- ▶ Withholding exemption certificates -- federal and Missouri.
- ▶ A health certificate for bus drivers only.

SUPPORT STAFF TIME SCHEDULES

Policy: GDJ

Daily time schedules for members of the support staff will be established by the superintendent in cooperation with the building administrators and other supervisors. All support staff employees will receive a calendar of scheduled work days. Calendars will be developed annually according to job classifications, i.e., 12 months, 11 months, 10 months.

The following guidelines will be established in the arrangement of support staff work schedules:

Work schedules will be arranged in cooperation with the building principal and the immediate supervisor. Custodians and maintenance personnel will work a 40-hour week. Work hours shall range from 5:00 a.m. - 5:00 p.m. first shift and 2:00 p.m. - 1:00 a.m. second shift Monday through Friday. *Maintenance and custodial staff will receive two fifteen minute (AM and PM) breaks and one duty free thirty minute lunch, as mutually agreed upon by the custodian/maintenance staff and his/her supervisor. The intent is to provide uninterrupted lunches and designated breaks whenever possible.*

A two-week notice shall be given to any employee whose shift has been altered. Any modification within an employee's shift range shall not exceed two (2) requests per semester.

(Any major changes to these shift ranges shall be implemented upon the recommendation of a budget reduction task force.)

Extraordinary and nonscheduled work outside regular work schedule shall be compensated per Board policy GDBB.

Any overtime must be approved by the administrator in charge and the immediate supervisor.

Support staff employees will be expected to work each day scheduled on their job classification calendar with the following exceptions:

- ▶ When schools are closed, 11- and 10-month employees will not report for work. These days will be made up whenever "make-up snow days" are scheduled for teachers and students.
- ▶ When schools are closed, 12-month employees will report to work as indicated by their school calendar. They will also be required to work whenever "make-up snow days" are scheduled. If "make-up snow days" are scheduled on dates that appear as "other vacation days" on an employee's calendar, the employee may take a day off for each "make-up snow day" worked; however, this requires mutual consent of employee and immediate supervisor. Full-time 12-month employees may be given one (1) or two (2) hour(s) to report to work on day(s) when classes have been cancelled due to inclement weather per policy GDBDA. (Revised 5-13)

Note: Per Collective Bargaining Agreement - Principals and/or supervisors may recommend to the Assistant Superintendent of Human Resources that 201 day secretaries be approved to work on days when school is cancelled. If approved, the employee's work calendar will not be adjusted – they will be expected to work all other designated work days.

MILEAGE REIMBURSEMENT

Staff members assigned to more than one school building are eligible for mileage reimbursement. It is your responsibility to maintain a travel log and complete necessary paper work as directed by your building principal, Human Resources, and/or designated administrator. Staff members must use the approved mileage chart when reporting mileage. The mileage rate for 2018-2019 is .48 per mile. If you have any questions, please contact your direct supervisor or Human Resources.

Special Education staff complete mileage reports through the office of the Director of Special Education.

EXEMPT AND NONEXEMPT EMPLOYEES

Policy: GBA

Definitions

Exempt Employees – Those employees whose duties and compensation meet the requirements to be an exempt executive, administrative, professional or computer employee as defined in federal law and who are not eligible for overtime compensation.

Hours Worked – For the purposes of this policy, hours worked means all hours during which the individual is required to be on duty—generally from the required starting time to normal quitting time—and all hours an employee is permitted to work, including paid holidays (if eligible), in accordance with law. Meal periods of 30 minutes or longer and break periods of 20 minutes or longer do not count as hours worked as long as the employee is relieved of all duties and is free to leave his or her duty post. Breaks for nursing mothers to express breast milk are also not considered as hours worked.

Nonexempt Employees – This includes all district employees not specifically identified as exempt under federal law. This generally includes noncertificated staff; however, in some circumstances noncertificated staff members may qualify for exempt status. The Board directs the superintendent to ensure that job positions are classified as exempt or nonexempt and that employees are made aware of these classifications. Employees in doubt about their status should contact their immediate supervisor.

Overtime – Actual hours worked in excess of 40 hours in a workweek.

Paid Holiday Eligibility – Those employees whose work calendars include paid holiday(s) and who work or take pre-approved vacation leave the scheduled work day before and the scheduled work day after each paid holiday. Employees whose assignments are based on a 12 month calendar will be paid for all district approved holidays. Employees whose assignments are based on less than a 12 month calendar will be paid for one district-approved holiday.

Paid Holiday Compensation – Eligible employees who work or take pre-approved vacation leave the scheduled work day before and the scheduled work day after a paid holiday will be credited with the paid holiday hours toward the employee's 40-hour work week (Sunday, 12:01 a.m. through Saturday, 12:00 midnight).

Compensation

Exempt and nonexempt employees will be compensated in accordance with the applicable Board policy. Unless otherwise permitted by law, exempt employees will be compensated on a salary basis. Nonexempt employees may be compensated on either a salary or hourly basis, although amounts paid for overtime work and deductions for unpaid leave will be calculated using an employee's regular hourly rate of pay. The district will comply with minimum wage laws, when applicable.

Overtime

The following provisions apply to nonexempt staff who work more than 40 hours during the workweek (Sunday, 12:01 a.m. through Saturday, 12:00 midnight):

1. He or she will be paid one and one-half times his or her regular rate of pay for each hour of overtime.
2. The Board discourages overtime work by nonexempt employees. All overtime for nonexempt employees must have prior approval of his or her supervisor. Nonexempt employees who begin work earlier or work later than their assigned hours without prior authorization from their immediate supervisor are subject to discipline, including termination.3.In the event the total hours worked plus eligible paid holiday hours exceeds 40 hours per week (Sunday, 12:01 a.m. through Saturday, 12:00 midnight), the hours in excess of 40 hours will be considered overtime.

Time Reporting

All nonexempt employees must record their actual daily hours worked either by clocking in and out or completing a daily time sheet or log as required by the Fair Labor Standards Act (FLSA). Employees must record start time of work, time in and out for meal breaks, and time work ended each day. Supervisors of nonexempt employees must verify the accuracy of such records on a weekly basis.

Daily records of hours worked by nonexempt employees are forwarded to payroll every two weeks.

Each employee is responsible for accurate clocking/recording of his/her time. Clocking another employee in or out or any falsification of time records, as well as failing to maintain such records, is a violation of district policy and is grounds for discipline, up to and including termination.

Required Breaks

In accordance with law, the district will provide a reasonable break time for an employee to express milk for her nursing child each time the employee has a need to express for one year after the child's birth. The district will provide a location, other than a bathroom, that is shielded from view and free from intrusion from coworkers and the public that employees may use to express milk.

INTENSIVE PERSONAL CARE PAY DIFFERENTIAL

Para-professionals providing Intensive Personal Care (toileting, feeding, etc.) on a regular basis will receive an additional .15 per hour.

SUPPORT STAFF ASSIGNMENTS AND TRANSFERS

Policy: GDI

The district recognizes that assigning qualified staff members to positions throughout the district is essential to providing an excellent educational program for all students. Every effort will be made to assign district staff to areas of the greatest need for the benefit of the students. The district will accept requests for transfer from employees, but will only honor those requests when it is in the best interest of the district and the educational program to do so.

Definitions

Assignment -- Placement in a particular position or building by the district.

Transfer -- Reassignment by the district at the request of the employee.

Assignments

The Board directs the superintendent to assess the staffing needs of the district annually and to assign support staff as necessary to meet those needs. Although the superintendent will take the employee's expressed preference into

consideration, the ultimate decision must be based on the district's needs. The superintendent may reassign support staff members to different positions or buildings at any time, including in the middle of the school year.

Transfers

Transfers in the middle of the year are discouraged and will be considered only in extraordinary circumstances. Support staff requesting a transfer in the middle of the year must submit a letter requesting a transfer and discuss the request with both the employee's immediate supervisor and the superintendent or designee. Although the superintendent or designee will take the employee's expressed preference into consideration, the ultimate decision must be based- on the district's needs.

CALL IN/CALL BACK PAY

Classified employees in non-exempt positions (positions that ARE eligible for overtime compensation) that are called in to work when he or she has not been previously scheduled will be given a minimum of two (2) hours pay. The two- hour pay minimum will not apply if the employee was called in during the two- hour period immediately prior to the beginning of his or her next regularly scheduled work shift. Employees called in two hours immediately prior to the beginning of his or her next regularly scheduled work shift will be paid for all hours worked. Only actual hours worked shall be credited in determining eligibility for overtime compensation.

STAFF ABSENCES AND TARDINESS

Policy: GBCBC

Consistent contact with students and coworkers is necessary for an optimal learning environment and an effective working environment. Therefore, consistent attendance is an essential duty of any employee's position. While some absences are unavoidable, when an employee is routinely tardy, frequently absent or is absent for an extended period of time, the learning environment and district operations are negatively impacted. Employees may be disciplined or terminated for excessive absences or tardiness, which includes situations where employees come to work late, leave early or abandon their duties without permission from a supervisor. Unless authorized by the Board or the superintendent or otherwise authorized by law, an employee's absence or tardiness will be considered excessive or unreasonable in any of the following circumstances:

1. The absence is for a reason not granted as paid or protected leave under Board policy or law.
2. The absence results in the employee exceeding the amount of leave granted by the Board.
3. The employee has not otherwise exhausted applicable leave days, but the absence exceeds 5 days a month, 20 days in a semester or 40 days per school year or is otherwise disruptive to district operations, as determined by the district.
4. The employee fails to appropriately notify the district of an absence as soon as possible after the employee knows he or she will be absent (commonly called No-Call, No-Show).
5. The employee does not provide the district complete and accurate information about the absence, does not respond to requests for information, or does not provide documentation related to the absence as requested or required.
6. The employee does not first obtain permission to be absent from the appropriate supervisor when required to do so.
7. The absence is for any reason other than the one given for the absence.

Even if the absence or tardiness is authorized by the Board or the superintendent, if the absence or tardiness occurs for a reason not granted as paid leave under Board policy or if it exceeds the number of days the employee has been granted under a designated leave, the employee's salary will be docked. Violation of this policy constitutes misconduct and may result in the loss of unemployment benefits if a claim is filed.

Employees will not be disciplined or terminated for absences qualifying for protection under the Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), or other applicable law.

Failure to Contact the District

If an employee without an employment contract is absent from work, does not contact his or her supervisor, and does not respond to attempts by the district to contact the employee and the employee's emergency contact, the district will assume the employee has resigned his or her employment with the district and will consider the position vacant. If an employee with an employment contract is absent from work, does not contact his or her supervisor, and does not respond to attempts by the district to contact the employee and the employee's emergency contact, the district will send a letter and any other appropriate communication to the employee stating that if the employee does not contact the district, the district will assume that the employee has voluntarily resigned from his or her position with the district. If the employee still does not contact the district, the district will assume that the employee has resigned and will consider the position vacant. The district may share with potential employers seeking information about a former employee the fact that the employee failed to contact the district or resign.

SUPPORT STAFF LEAVES

Policy: GDBDA

Consistent staffing is important to the learning environment and district operation and therefore is an essential duty of all employees. However, the Board recognizes that there are circumstances that require an employee to miss work, and the purpose of this policy is to identify situations where paid and unpaid leave from work are appropriate.

The district may require an employee to provide verification or certification of an illness from a healthcare provider or supply other documentation verifying the absence, satisfactory to the administration, before the district applies sick leave or other applicable paid leave to the absence. In accordance with law, the district may require an employee to present a certification of fitness to return to work whenever the employee is absent from work due to the employee's health.

This policy does not apply to temporary or substitute staff members unless otherwise noted.

The following leaves with pay will be provided to full-time support staff employees. Regular part-time support staff employees will receive these leaves on a pro rata basis.

I. Absence from Duty (AFD) Leave

Employees will accrue Absence from Duty (AFD) leave at the rate of one day per month of employment. Employees will be granted three personal leave days per year to be included in their AFD leave. Part-time employees shall receive AFD leave and personal leave days on a prorated basis. This leave may accumulate to a maximum of 180 days. However, any leave granted beyond one-half of the accumulated maximum per school year will be authorized only for the employee's personal illness.

Absences for the reasons described below are eligible for AFD leave:

1. **Sick Leave** – Absences may be charged against AFD leave for the following reasons:
 - a. Illness, injury or incapacity of the employee. The Board reserves the right to require a healthcare provider's certification attesting to the illness or incapacity of the claimant and/or inclusive dates of the employee's incapacitation. FMLA health certification procedures apply to FMLA-qualifying absences, even if such absences are paid sick leave. Verification of absences potentially qualifying for FMLA shall proceed according to the FMLA rules, rather than this section of the policy. (For more information regarding FMLA leave, see Board policy GBBDA.)
 - b. Illness, injury or incapacity of a member of the support staff's immediate family in which instance it is necessary for the support staff employee to be with the member of his or

her family during such incapacity. (Note: "Family" for FMLA purposes is more limited.)

- c. Illness, injury or incapacity of those of kinship residing within the support staff employee's household in which instance it is necessary for the support staff to be with the relative during such incapacity. (Note: "Family" for FMLA purposes is more limited.)
- d. Illness, injury, incapacity or death of other relatives with permission granted by the Assistant Superintendent of Human Resources.

- d. Pregnancy, childbirth and adoption leave in accordance with this policy.

Staff members who are ill are encouraged to stay home to promote healing and reduce the risk of infecting others, especially during a pandemic or other significant health event. In the event of a pandemic or other significant health event, schools may be closed to all staff and students or just students. If schools are closed only to students, staff members are expected to work regular schedules or use appropriate leave.

Whenever possible, it is expected that requests for leave will be made to the proper administrator in advance of the time the leave is requested. However, 30 days' notice is required by law if the leave qualifies as FMLA leave and such notice is practical. The administration will respond promptly to the support staff employee's request. If any support staff employee is absent from school and no arrangements have been made with the principal, the employee shall, as soon as possible, provide reasons for such absence.

Any support staff employee who is a member of a retirement system shall remain a member during any period of leave under sick leave provisions of the district or under Workers' Compensation. The employee shall also receive creditable service credit for such leave time if the employee makes contributions to the system equal to the amount of contributions that he or she would have made had he or she been on active service status.

Excessive absence – The superintendent/designee specifically retains the authority to request verification or certification, satisfactory to the administration, from an employee regarding the reason for the employee's absence whenever the superintendent/designee has reason to believe that an employee may be absent in violation of Board policy, or may otherwise be abusing the employee AFD leave benefits.

Any employee who does not submit such verification or certification, satisfactory to the administration, within 15 days shall have deducted from his or her pay an amount equal to the number of days absent times the employee's regular hourly rate, distributed equally over the remaining number of pay periods in that fiscal year.

Absence from duty without proper excuse or verification may be considered grounds for disciplinary action and will result in the deduction of the appropriate number of hours of pay at the support staff's hourly rate.

No employee will be disciplined or terminated for absences qualifying for protection under FMLA or other applicable law.

2. **Personal Leave**

A maximum of three days of AFD leave will be available for personal leave per school year. Support staff will be granted personal leave under the following conditions:

- ▶ The principal shall be given five days prior notification when feasible. The five day notification requirement can be waived in emergency situations.
- ▶ No more than three support staff employees from one building may use personal leave on any one day.

- ▶ Personal leave may not be used the day before or the day after winter/spring break.
- ▶ Request for personal leave time shall be made by completing the proper authorization form located in the principal's office.
- ▶ Following the guidelines noted above, employees may send a written request (cc: principal) to the Assistant Superintendent of Human Resources requesting permission to use up to two(2) sick days as personal days.

Any exceptions to the above must be approved by the Assistant Superintendent of Human Resources.

3. **Religious Observance Leave**

A maximum of two days of AFD leave will be available per school year for mandatory religious observance. To be eligible for paid leave under this policy, the employee must submit a religious observance request to his or her principal/supervisor at least 30 days prior to the requested leave. In addition, leave under this policy will only be granted for religious observance when the leave requested is a day on which performance of work duties is prohibited by the employee's religion.

4. **Bereavement Leave**

Employees may use three days of paid bereavement leave and two additional days of AFD leave annually for bereavement for family or friends. Support staff employees whose assignment is less than 1.0 FTE may use three days of bereavement at the equivalent hours per day of his/her support staff position for family or friends. An example of this would be a custodian working two hours per day would receive three two-hour days of paid bereavement and two two-hour days of AFD leave for bereavement. These hours may not be combined; they must be used as separate days. Requests for AFD leave beyond the two additional days allowed per policy will be considered if submitted in writing to the Assistant Superintendent for Human Resources. Such requests must include supporting documentation (e.g., funeral notice).

5. **Inclement Weather**

All full-time, 12-month employees (*see exceptions below) shall be given one to two hour(s) to report to work on days(s) when classes have been canceled due to inclement weather and road conditions make it difficult for the employee to travel. The superintendent will determine if one or two hours is appropriate. However, any work time missed must be accounted for by:

- ▶ Making the time up (within same pay week)
- ▶ Requesting personal or vacation leave at supervisor's discretion
- ▶ Docking employee's pay for missed time

Emergency leave with pay may be considered by the superintendent when inclement weather prevents any such employee from reporting to work.

Flex time of up to two hours may be used. The employee shall notify his/her supervisor of using flex time.

Second shift employees shall be allowed at least 12 hours between shifts in the event that employees are requested or required to work early on days when classes have been canceled due to inclement weather.

Exceptions can be made in emergency situations only. See below:

- The Director of Facilities will determine if it is appropriate for maintenance/custodial staff to be given one to two hours to report to work on inclement weather days. The Director of Facilities may also require maintenance and/or custodial staff to report to work early to perform snow/ice removal or other emergency services related to inclement weather.
 - Cancellation on a scheduled work day (according to job calendar) and the day will be made up on a day that is also a scheduled work day on their job calendar, they would report to work unless directed otherwise and will receive straight time. This is the traditional ‘snow day’ scenario.
 - Cancellation on a scheduled work day (according to job calendar) and the day will be made up on a ‘paid holiday’: Employees asked to work on the canceled day to remove snow, etc. will receive a full day’s pay plus time and half for actual hours worked on that day. Straight time will be paid on the make-up day (originally scheduled ‘paid holiday’).
 - If snow occurs on ‘paid holiday’, but it is not a make-up-day’, employees will be paid their full day’s pay as scheduled plus time and half for actual hours worked on that day.
6. Absences may be charged against AFD leave for court appearances, unless applicable law or policy provides for paid leave, and for leave authorized by law, policy or the Board that would otherwise be unpaid including, but not limited to, leave under the FMLA.

Pay for Unused Absence from Duty Leave

Effective beginning with the 2013–2014 school year, classified employees who have full-time equivalent years of service (combined part-time and full-time FTE, this service does not have to be continuous) in the St. Charles School District, as outlined below, will be paid for any unused AFD leave (up to 1,125 hours) for written notification of intent to retire/resign/separate with proper notice at the following rates:

	Notification 90 Days	Notification 60 Days	Notification 30 Days
1–9 FTE equivalent years of service	\$3/hour	\$2/hour	\$1/hour
10–19 FTE equivalent years of service	\$4/hour	\$3/hour	\$2/hour
20 or more FTE equivalent years of service	\$5/hour	\$4/hour	\$3/hour

Payments will be made within 60 days of the employee’s separation from the district.

If notice is not possible, the Board may make an exception to this policy.

In case of the death of an employee to whom pay for unused leave is owed pursuant to Board policy, the unused leave will be paid to an individual designated by the employee. If no designation is made, unused leave will not be compensated.

Workers' Compensation Insurance

Absence due to injury or illness incurred in the course of the employee's employment shall not be charged against his or her AFD leave days for the period of the Workers' Compensation total disability.

II. Vacation

Support staff personnel whose assignments call for 12 months of full-time employment will be granted ten days of paid vacation annually.

The employee's initial employment date will govern the number of days the employee is eligible to receive in vacation during the first fiscal year. (First year of vacation is calculated at 10/12 of a day for each full month of service.) If an employee separates from the district and later returns to employment with the district, the most recent hire date will serve as the initial hire date.

Support staff personnel employed for 12 months shall receive ten days of paid vacation during the first five consecutive years of employment. Thereafter, support staff personnel shall receive paid annual vacation based upon the schedule below:

Employment Year	Days of Vacation
6th year	11
7th year	12
8th year	13
9th year	14
10th year	15
11th year	16
12th year	17
13th year	18
14th year	19
15th year	20

An employee must submit a written request for vacation to his/her supervisor and receive written authorization before taking vacation days. If the employee's absence may disrupt district operations, the supervisor has the discretion to deny a request for vacation or to limit the time of year the employee may take his or her vacation. Ten vacation days can be carried over every year with a deadline date of October 1 for using carry-over days.

Unused Vacation Days

An employee who terminates after one full year of employment will receive pay for unused vacation days.

- ▶ Vacation days shall be prorated in accordance with the number of months served during the fiscal year in which the employee terminates.
- ▶ Vacation used prior to termination shall be subtracted from the prorated vacation days.
- ▶ Employees will be paid for unused vacation days that exceed the number of prorated days for which they are eligible.
- ▶ Employees who have used more vacation than the prorated number of days for which they are eligible will have payment for the excess number of days deducted from their final checks.

Unless otherwise provided, the following leaves will be provided to full-time and part-time support staff employees.

I. **Holidays**

The district will grant paid and unpaid holidays in accordance with the academic calendar adopted by the Board. Employees whose assignments are based on a 12-month calendar will be paid for seven holidays. Employees whose assignments are based on less than a 12-month calendar will be paid for one holiday. Holidays may be modified or eliminated as needed when the academic calendar is changed due to inclement weather or for other reasons. Holidays may change from year to year. (See paid holiday eligibility/compensation.)

II. **Professional Leave** – Employees may be granted professional leave to attend classes or conferences, meet with mentors or participate in other approved professional growth activities. Professional leave must be approved by the immediate supervisor, arranged well in advance and is not considered AFD leave.

III. **Military Leave**

The Board shall grant military leave as required by law. Members of the National Guard or any reserve component of the U.S. Armed Forces who are engaged in the performance of duty or training will be entitled to a leave of absence of 120 hours in any federal fiscal year (October 1 – September 30) without impairment of efficiency rating or loss of time, pay, regular leave or any other rights or benefits. Employees shall provide the district an official order verifying that they are required to report to duty.

IV. **Election Leave**

Any employee who is appointed as an election judge pursuant to state law may be absent on any election day for the period of time required by the election authority. The employee must notify the district at least seven days prior to any election in which the employee will serve as an election judge. No employee will be terminated, disciplined, threatened or otherwise subjected to adverse action based on the employee's service as an election judge.

V. **Leave to Vote**

Employees who do not have three successive hours free from work while the polls are open will be granted a leave period of up to three hours to permit employees three successive hours while the polls are open for the purpose of voting. Requests for such leave must be made prior to election day, and the employee's supervisors will designate when during the workday the leave should be taken. Any employee who properly requests leave to vote and uses the leave for that purpose will not be subject to discipline, termination or loss of wages or salary.

VI. **Jury Duty Leave**

An employee will be granted paid leave for time spent responding to a summons for jury duty, time spent participating in the jury selection process or time spent actually serving on a jury. An employee will not be terminated, disciplined, threatened or otherwise subjected to adverse action because of the employee's receipt of or response to a jury summons.

All support staff employees who are selected for petit jury service will:

1. Be required to notify the Assistant Superintendent of Human Resources of this service;
2. Be paid at their regular daily rate;
3. Not be charged for personal leave;

4. Be required to assign their jury duty pay vouchers to the school district before payment is made for days of jury service.

If, after appearing for jury selection, the individual is not selected as a juror, he or she must present the notice from the sheriff's office to the Assistant Superintendent of Human Resources in order to be paid for that day's absence.

- VII. **Leave for Court Subpoena** – If the subpoena is directly related to the employee's school duties, the employee will be released for court appearance without loss of leave. Other court appearances will be deducted from AFD leave.
- VIII. **Firefighter Leave** – Employees will be allowed to use AFD leave, vacation and/or unpaid leave for any time taken to respond to an emergency in the course of performing duties as a volunteer firefighter. For the purposes of this section, "volunteer firefighter" includes members of Missouri-1 Disaster Medical Assistance Team, Missouri Task Force One, Urban Search and Rescue Team or those activated by the Federal Emergency Management Agency (FEMA) in times of national disaster. Employees covered under this section shall not be terminated from employment for joining a volunteer fire department or for being absent from or late to work in order to respond to an emergency. Employees shall make every reasonable effort to notify the principal or supervisor if the employee may be absent from or late to work under this section. Employees are required to provide their supervisors with a written statement from the supervisor or acting supervisor of the volunteer fire department stating that the employee responded to an emergency along with the time and date of the emergency.
- IX. **Crime Victim Leave** – Any employee who is a crime victim, who witnesses a crime or who has an immediate family member who is a crime victim will not be required to use vacation or AFD leave in order to honor a subpoena to testify in a criminal proceeding, attend a criminal proceeding or participate in the preparation of the criminal proceeding.
- X. **Civil Air Patrol Leave** – Any employee who is a member of Civil Air Patrol and has qualified for a Civil Air Patrol emergency service specialty or who is certified to fly counternarcotics missions shall be granted unpaid leave to perform Civil Air Patrol emergency service duty or counternarcotics missions without loss of time, regular leave or any other rights or benefits in accordance with law. The leave is limited to 15 working days in any calendar year, but is unlimited when responding to a state- or nationally declared emergency in Missouri. The district may request that the employee be exempted from responding to a specific mission.
- XI. **Coast Guard Auxiliary Leave** – Employees who are members of the United States Coast Guard Auxiliary will be granted an unpaid leave of absence for periods during which they are engaged in the performance of United States Coast Guard or United States Coast Guard Auxiliary duties, including travel related to such duties, when authorized by the director of auxiliary or other appropriate United States Coast Guard Authority. Such leaves of absence will be given without loss of time, regular leave or any other rights or benefits to which such employees would otherwise be entitled. The leave is limited to 15 working days in any calendar year, but is unlimited when responding to a state- or nationally declared emergency in Missouri or upon any navigable waterway within or adjacent to the state of Missouri. The district may request that an employee be exempted from responding to a specific mission.

Pregnancy, Childbirth and Adoption Leave

This section creates no rights extending beyond the contracted period of employment. Please refer to Policy GDDBA for information regarding Family and Medical Leave Act (FMLA). FMLA certification and recertification procedures apply to FMLA-eligible employees. An employee must notify the district of the need for and anticipated duration of the leave at least 30 days before leave is to begin, if foreseeable. If 30 days' notice is not practical, the employee must give as much notice as possible. A pregnant employee shall continue in the performance of her duties as long as she is able to do so and as long as her ability to perform her duties is not impaired, based on medical opinion.

Employees eligible for FMLA leave for the birth, first year care, adoption or foster care of a child will have such leave applied in accordance with FMLA. The district offers employees extra (paid) leave congruent with their FMLA leave. The following extra (paid) leave options are available for employees.

Employees may take up to 8 weeks of paid leave (depending on amount of accrued sick leave), including a week of paid leave using 3 personal days and 2 sick days converted to personal, for regular birth/foster care/adoption.

Employees may take up to 10 weeks of paid leave (depending on amount of accrued sick leave), including a week of paid leave using 3 personal days and 2 sick days converted to personal, for c-section birth.

WORKERS' COMPENSATION

Policy: GBEA

Pursuant to state law, an employee of the St. Charles R-VI School District who is injured, killed or who is exposed to and contracts any occupational disease arising out of and in the course of employment ("a work-related injury") will receive benefits from the district in accordance with this policy and Missouri Workers' Compensation Law ("the Law").

Employees driving district-owned or subsidized vehicles are not covered by this policy when driving such district-owned vehicles to or from the home or to or from the work station.

Reporting

An employee must report all injuries immediately to his or her immediate supervisor by completing the district's incident report form. If the nature of the injury or illness is such that the employee cannot immediately submit the completed incident form, the employee's supervisor will assist the employee in completing the form as soon as possible, but no later than 30 days after the injury or illness. Employees who fail to report a work-related injury within 30 days of such injury or illness may jeopardize their ability to receive compensation and other benefits pursuant to law and this policy.

Upon receiving a report of an injury or illness, the supervisor will immediately forward the report to the superintendent or designee. The superintendent or designee will promptly forward a copy of the report to the district's workers' compensation insurance carrier and will be responsible for keeping the carrier informed of the employee's status.

Compensation

Absence from duty resulting from a work-related injury will be compensated according to the Law. Employees who receive workers' compensation benefits for lost time from work due to a work-related injury are not eligible for additional sick leave or vacation benefits under this policy, except with respect to those employees whose average weekly wage as defined by the Law ("average weekly wage") exceeds the actual wage necessary to obtain the maximum total disability rate as defined by the Law ("maximum wage").

In addition to the benefits for temporary total disability allowed under the Law, an employee whose average weekly wage at the time of the work-related injury exceeds the maximum wage at the time of the work-related injury will receive in wages the difference between the employee's average weekly wage and the maximum wage during the time period such employee is entitled to temporary total disability benefits under the Law. This additional benefit provided herein does not affect an employee's wage rate for purposes of permanent disability benefits.

Use of Leave

The district does not permit the use of paid leave for absences during the period when the employee receives workers' compensation wage benefits, except as provided herein. Because by law an employee will not receive workers' compensation wage benefits for the first three days of absence if the total absence is less than 14 days,

the district will apply available paid leave for those days. However, the employee will only receive compensation for those days once the district knows that the employee will not receive workers' compensation wage benefits for those days.

Employees who are absent due to an illness or injury compensable under the Law and who are receiving such compensation will not lose seniority or any accumulated paid leave (except as provided herein) due to the absence. However, the employee will not continue to accumulate paid leave during the absence.

If an employee is on a workers' compensation absence due to an injury or illness that would also qualify as a serious health condition under the FMLA, the same absence will also be designated as an FMLA-qualifying absence and charged against the employee's FMLA-protected time entitlement.

Employees are required to use accumulated paid leave to receive medical treatment, evaluation or to attend physical rehabilitation during work time. If paid leave has been exhausted and the employee must be absent during work time to receive medical treatment, evaluation or to attend physical rehabilitation in conjunction with a work-related injury or illness, the employee may be granted unpaid leave.

Medical Providers

The district may designate medical providers to be used in the administration of workers' compensation claims and treatment. NOTE: If an employee's injury is severe or life threatening, he or she should proceed immediately to the nearest hospital emergency room. A list of district-designated providers will be available to employees upon request. If a medical provider has been designated by the district and the employee chooses to use his or her own provider, the employee is responsible for all costs associated with the provision of those services.

An employee with a compensable injury must strictly follow any and all instructions of the treating physician. This compliance includes, but is not limited to: prescription use, therapy, rest, following activity restrictions, and returning for follow-up visits. Compliance with medical instructions is mandatory on and off the job. Failure to comply with the treating physician's instructions may result in the denial of benefits under the Law.

Failure to Return to Work after Physician Release

An employee who fails to return to work after receiving a release from his or her treating physician to do so will be considered absent from his or her job without authorization.

Loss of Benefits

An injury caused by the failure of the injured employee to use safety devices provided by the district or obey rules adopted by the district for the safety of employees will result in the reduction of benefits payable under this policy and pursuant to the Law.

Violation of the district's Drug-Free Workplace policy or any other district policy, procedure or rule relating to the use of alcohol or non-prescribed controlled substances will result in a reduction or loss of benefits payable under this policy and pursuant to the Law if the injury was sustained in conjunction with the use of alcohol or non-prescribed controlled substances.

The Board authorizes post-injury testing for non-prescribed controlled substances or alcohol in accordance with Board policy and law. Refusal to submit to the test will result in the loss of benefits.

An employee is disqualified from receiving temporary total disability workers' compensation benefits during any period of time in which the employee also receives unemployment benefits.

Temporary, partial or total disability workers' compensation benefits are not payable if an employee is terminated from employment for misconduct post-injury.

FAMILY AND MEDICAL LEAVE ACT

Policy: GBBDA

The district will administer leave that qualifies for Family and Medical Leave Act (FMLA) protection in accordance with federal law. This policy is intended for guidance and shall not be interpreted to expand the district's responsibilities beyond the requirements of the law. For employees who are not eligible for FMLA leave, including employees who have exhausted available FMLA-protected leave, requests for leave shall proceed according to the district's established policies.

Definitions

The following definitions apply to FMLA leave:

Armed Forces – Army, Navy, Air Force, Marine Corps and Coast Guard, including the National Guard and Reserves.

Child – A biological, adopted or foster child; a stepchild; a legal ward; or a child of a person acting as a parent if the child is under 18 or 18 or over but incapable of self-care due to mental or physical disability at the time that FMLA leave is to commence. For the qualifying exigency leave and military caregiver leave only, the age of the child does not matter.

Covered Active Duty – In the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country. In the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty in accordance with law.

Covered Servicemember (for qualifying exigency leave) – The employee's spouse, child or parent under a federal call or order to covered active duty.

Covered Servicemember (for military caregiver leave) – The employee's spouse, child, parent or next of kin who is 1) a member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or 2) a veteran who is undergoing medical treatment, recuperation or therapy for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five years preceding the date the eligible employee takes FMLA leave to care for the veteran.

Instructional Employees – Employees whose principal function is to teach and instruct students in a class, a small group or an individual setting. This term includes athletic coaches, driving instructors and special education assistants, such as signers for the hearing impaired. It does not include teachers' assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

Next of Kin – For the purposes of military caregiver leave, the nearest blood relative other than a spouse, parent, son or daughter, in order of priority as established by 29 C.F.R. § 825.127.

Outpatient Status – Covered service member assigned to a military medical treatment facility or a unit established for the purpose of providing command and control of members of the Armed Forces as outpatients.

Parent – The biological, adoptive, stepparent or foster parent of a "child" as defined in this policy.

Qualifying Exigency – Issues that arise due to covered active duty or a call to covered active duty of an employee's spouse, child or parent, including issues involved with short-notice deployment, military events and

related activities, childcare and school activities, the need for financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, parental care, and other activities as defined by 29 C.F.R. § 825.126.

Serious Health Condition – Illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice or residential medical facility or continuing treatment by a healthcare provider.

Serious Illness or Injury (for military caregiver leave) – 1) In the case of a current member of the Armed Forces, an injury or illness incurred in the line of duty on active duty in the Armed Forces (including the National Guard or Reserves) or that existed before the beginning of the service member’s active duty and was aggravated by service in the line of duty, that may render the service member medically unfit to perform the duties of the service member’s office, grade, rank or rating; and 2) in the case of a veteran, an injury or illness that meets one or more of the standards listed in 29 C.F.R. § 825.127 and that was incurred in the line of duty on active duty in the Armed Forces, or that existed before the beginning of the service member’s active duty and was aggravated by service in the line of duty, and that manifested itself before or after the service member became a veteran.

Spouse – Husband or wife. In accordance with law and for the purposes of this policy, this includes the other person with whom an individual entered into marriage as defined or recognized under state law in the state in which the marriage was entered into. If the marriage was entered into outside of any state, the marriage will be recognized if it is valid in the place where it was entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage.

Veteran – An individual who was a member of the Armed Forces (including a member of the National Guard or Reserves) and was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the veteran. For veterans discharged or released prior to March 8, 2013, the period between October 28, 2009, and March 8, 2013, does not count toward the determination of the five-year period mentioned in the previous sentence.

Eligibility

To be eligible for FMLA leave benefits, the employee must:

1. Have been employed in the district for at least 12 months (but not necessarily consecutively).
2. Have been employed for at least 1,250 hours of service during the 12-month period immediately preceding the leave.
3. Be employed at a worksite where 50 or more employees are employed by the district within 75 miles of that worksite.

An absence may qualify for FMLA protection if it is for one of the following reasons:

1. Birth and first-year care of the employee's child.
2. Adoption or foster placement of a child with the employee.
3. Serious health condition of the employee that makes the employee unable to perform one or more of the essential functions of his or her job or the serious health condition of the employee's spouse, child or parent.
4. Care of a spouse, child, parent or next of kin who is a covered servicemember (including some veterans)

with a serious illness or injury (military caregiver leave).

5. A qualifying exigency arising out of the fact that the spouse, child or parent of the employee is on covered active duty, or has been notified of an impending call or order to covered active duty, in the Armed Forces.

Notice to Employees

General Notice

The district will post notice to employees explaining FMLA benefits in accordance with law. If the district employs 50 or more employees, it will include FMLA notice in an employee handbook or other written guidance to employees concerning employee benefits or leave rights or will distribute a copy of the general notice to each new employee upon hiring. Notice may be provided electronically in accordance with law.

Eligibility and Rights and Responsibilities Notices

Absent extenuating circumstances, the district will provide the employee notice of the employee's eligibility to take FMLA leave and the rights and responsibilities of the employee within five business days of the request for leave or acquiring knowledge that an employee's leave may be for an FMLA-qualifying reason. Such notice will be provided at the commencement of the first instance of leave for each FMLA-qualifying reason in the applicable 12-month period, and no subsequent notice is required in the 12-month period unless leave is taken for a different qualifying reason or the employee's eligibility status has changed.

Designation Notice

When the district has enough information to determine whether the leave is being taken for an FMLA-qualifying reason, the district will provide written notice to the employee within five business days, absent extenuating circumstances, regarding whether the leave will be counted as FMLA leave. The district will notify the employee if a fitness-for-duty certification is required before returning to work and, if required, include a list of the essential functions of the employee's position. The district will notify the employee of the number of hours, days or weeks that will be counted against the employee's FMLA leave entitlement, if known. The district may designate leave as FMLA leave retroactively if the retroactive designation will not cause harm or injury to the employee.

Employee Notice to the District

An employee must notify the district of the need for leave and explain the reasons for the leave so the district can determine whether the leave qualifies for FMLA. The leave may be delayed or denied if the employee fails to give such notice.

In all cases of foreseeable leave, the employee must provide notice, in the same manner that is required under the district's leave policies, to the superintendent or designee of the reasons for the leave, the anticipated duration of the leave and the anticipated start of the leave. If an employee fails to provide the required notice, the district may delay or deny the FMLA-protected leave.

When the approximate timing of the need for leave is not foreseeable, an employee must provide notice to the district as soon as practicable under the facts and circumstances of the particular case, in the same manner that notice is required under the district's leave policies. The employee or the employee's spokesperson, if necessary, shall provide sufficient information for the district to reasonably determine whether the FMLA may apply to the leave request.

If the leave is for a qualifying exigency, an employee must provide notice as soon as practicable, regardless of

how far in advance the leave is foreseeable. For all other qualifying reasons, an employee must provide 30 days' notice of the need to take FMLA leave when the need for leave is foreseeable. When 30 days' notice is not practicable, the employee must provide notice as soon as practicable and must explain upon request why 30 days' notice was not practicable.

"As soon as practicable" means as soon as both possible and practical under all the facts and circumstances of the individual case.

Leave Use

For all FMLA purposes except military caregiver leave, the district adopts a 12-month leave year beginning on the employee's initial day of FMLA.

1. All eligible employees are entitled to leave for a period not to exceed 12 workweeks per leave year for:
 - ▶ The birth and first-year care of the employee's child.
 - ▶ The adoption or foster placement of a child with the employee.
 - ▶ A serious health condition of the employee that makes the employee unable to perform one or more of the essential functions of his or her job or the serious health condition of the employee's spouse, child or parent.
 - ▶ A qualifying exigency arising out of the fact that the spouse, child or parent of the employee is on covered active duty, or has been notified of an impending call or order to covered active duty, in the Armed Forces. The amount of leave available for a particular type of qualifying exigency may be limited by law.
2. The FMLA leave year for military caregiver leave begins on the first day that such leave is taken and runs for the following 12 months. All eligible employees are entitled to military caregiver leave for a period not to exceed 26 workweeks of leave per single 12-month period for the care of a spouse, child, parent or next of kin who is a covered service member. Twenty-six weeks of leave are available per covered service member, per injury/illness; however, no more than 26 weeks of leave may be used during each single 12-month period.
3. An eligible employee is entitled to a combined total of 26 workweeks of leave for any FMLA-qualifying reason during a single 12-month period, provided that the employee is entitled to no more than 12 workweeks of leave for one or more of the following: the birth of the employee's child or to care for such child; the placement of a child with the employee for adoption or foster care; in order to care for the employee's spouse, son, daughter or parent with a serious health condition; for the employee's own serious health condition; or because of a qualifying exigency. For example, an employee could take 16 weeks of military caregiver leave and still have ten weeks available for the birth of a child. However, an employee who used ten weeks of military caregiver leave could not take 14 weeks for the birth of a child because that exceeds the 12 weeks allowed for such leave. Leave that qualifies as both military caregiver leave and leave for the serious health condition of a parent, spouse or child will be designated first as military caregiver leave.
4. When both spouses are employed by the district and eligible for FMLA leave, the leave will be limited to an aggregate total of 12 workweeks during a 12-month period in cases where the leave is taken for the birth or first-year care of the employees' child, adoption or foster placement of a child with the employees, or to care for a parent with a serious health condition. However, where both spouses use a portion of the total 12-week FMLA leave entitlement for the same qualifying event, the spouses would each be entitled to the difference between the amount he or she has taken individually and 12 weeks for

another qualifying purpose. When both spouses are employed by the district and use military caregiver leave or a combination of military caregiver leave and leave for the birth or first-year care of their child, adoption or foster placement of a child with the employees, or to care for a parent with a serious health condition, both employees will be limited to an aggregate total of 26 workweeks of leave.

5. The district shall apply all appropriate paid leave to an FMLA absence to the extent allowed by law and policy, giving proper notice to the employee. If an employee's accrued paid leave is exhausted, but an FMLA-qualifying reason for absence persists or a new FMLA-qualifying reason for absence occurs, the resulting absences will continue to be protected FMLA leave until allowable FMLA leave has been used, but such absences will be unpaid.
6. When an employee has an absence that meets the criteria to be an FMLA-qualified absence, the district will designate such absence as part of the employee's total annual FMLA entitlement, even if the employee has not requested FMLA leave and/or is absent under paid or unpaid leave in accordance with law or district policy. If an employee is on a Workers' Compensation absence due to an injury or illness that would also qualify as a serious health condition under the FMLA, the same absence will also be designated as an FMLA-qualifying absence and charged against the employee's FMLA-protected time entitlement.
7. FMLA leave may be taken intermittently as required for the health of the employee or family member or as reduced-schedule leave in increments no greater than the shortest period of time that the district uses to account for use of other forms of leave, provided that it is not greater than one hour and provided that the FMLA entitlement is not reduced by more than the amount of leave actually taken. Instructional employees may take intermittent or reduced-schedule leave to be with a healthy newborn only when the district and the employee have reached agreement for how the leave will be used.
8. The district reserves the right to require adequate certification and recertification of any FMLA-qualifying event or condition of the employee or employee's spouse, child, parent or next of kin and authentication or clarification of such certification as the district deems necessary. Failure to provide such certification when requested will result in denial of the leave, and may result in discipline or termination of employment. Employees on FMLA-designated leave must periodically report on their status and intent to return to work. The district may also require that an employee present a certification of fitness to return to work.

Instructional Employees

If intermittent leave or reduced-schedule leave equals more than 20 percent of instructional time, the district may require instructional employees who take such leave due to medical reasons to take block leave or to find an alternative placement for the period of planned medical treatment. When an instructional employee on FMLA leave is scheduled to return close to the end of a school term, the district may elect to use a special rule to prolong the employee's leave until the beginning of the next school term, thus extending the leave beyond the period where an FMLA-qualifying reason exists. In such an instance, the prolonged leave time is unpaid and is not charged against the employee's annual FMLA entitlement. In cases where the special rules for instructional employees apply, the superintendent may apply those special rules or the general FMLA rules as best serves the interest of the district.

Leave Protections

The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of the employee's leave. Eligible employees are entitled to continued participation in the district's health plan as long as they are entitled to FMLA leave protection; however, an employee who fails to return to work after the expiration of his or her allowed leave time will be expected to reimburse the district for those benefits paid, as required by law.

Eligible employees who are absent for an FMLA-qualifying reason generally may return to the same position or an equivalent position with equivalent pay, benefits and working conditions at the conclusion of the leave, in accordance with law. However, the district has the discretion to assign employees taking intermittent leave or returning from FMLA leave to a different position or a position in a different building, grade level or classroom as long as the employee has the appropriate certification or license for the position. Depending on the circumstances, instructional employees may be assigned to substitute teacher positions, positions as in-school suspension supervisors or other district positions for which they are certificated if the district determines that such placement is necessary to ensure consistency of instruction.

The FMLA makes it unlawful for any employer to interfere with, restrain or deny the exercise of any right provided under the FMLA. Additionally, it is unlawful for any employer to discharge or discriminate against any person for opposing any practice made unlawful by the FMLA or for involvement in any proceeding under or relating to the FMLA.

Recordkeeping

The superintendent or designee will ensure that personnel records regarding FMLA eligibility and leave are maintained in accordance with law and available for inspection, copying and transcription by representatives of the U.S. Department of Labor upon request.

Enforcement

The U.S. Department of Labor is authorized to investigate and resolve complaints of violation of the FMLA. An eligible employee may bring a civil action against an employer for violations. For additional information, contact the nearest office of the U.S. Department of Labor's Wage and Hour Division.

SUPPORT STAFF FRINGE BENEFITS

The superintendent or designee will research and present to the Board fringe benefit opportunities that will assist the district in attracting and retaining quality employees.

2. A specific date set for termination of an assignment.
3. The return of a full-time or part-time employee from an absence.

Benefits Fully or Partially Paid by the District

The district has a wide variety of support staff members with varying schedules and compensation expectations. The district will notify employees in writing of the benefits associated with their positions. The district may provide access to and contribute toward the cost of the following benefit options, depending on the position:

In accordance with law, any contract for an insurance policy provided for the benefit of employees will be submitted to competitive bidding at least every three years.

Unless otherwise required by law, only full-time employees are eligible to receive paid health, dental and life insurance.

Health Insurance or Group Health Plan

The Board will provide eligible full-time employees access to district-sponsored health insurance or a group health plan, in accordance with federal law. For health insurance or health plan purposes, an eligible employee is defined as a staff member the district reasonably expects to work an average of 30 hours or more per week as determined by law.

The district may require employee contributions toward district-sponsored health insurance or a group health plan as allowed by law.

Any district health insurance contract or plan shall include a provision allowing persons who retire from the district to remain or become members of the plan if they are eligible to receive benefits under the Public School Retirement System of Missouri (PSRS) or the Public Education Employee Retirement System (PEERS) by paying premiums. In addition, the retiree's spouse and children must be allowed to become members of the plan if they are receiving or are eligible to receive benefits under the PSRS or PEERS. Retirees and their spouses and children will have one year from the date of retirement to qualify and enroll in the coverage. Once that date has passed, if a retiree or his or her spouse or children discontinue district coverage, they are not eligible to re-enroll.

Options

Employees hired prior to June 30, 1990, who chose the annuity option, may select to participate in the district insurance program during the open enrollment periods. At the time of enrollment in the district insurance program, the annuity contributions will cease and may not be reinstated.

Benefits Provided by the District at Employee Expense

In accordance with law, the district is required to establish a premium-only cafeteria plan unless the district provides health insurance through a self-insured or self-funded group health plan. Even if the district provides health insurance through a self-insured or self-funded plan, the district may choose to offer employees access to a cafeteria plan or other benefits at the employee's expense.

Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA) Requirements

In accordance with law, the district-sponsored health insurance or group health plan will allow for continuing coverage of employees and their spouses, former spouses or dependent children after certain qualifying events upon payment of the applicable premium. This obligation applies to both district-paid and employee-paid options. Qualifying events include, but are not limited to, employee resignation from the district, most situations involving employee termination and situations where an employee's hours have been reduced so that he or she no longer qualifies for district-paid health insurance or the group health plan. The district will provide notices as required by law.

INSURANCE

If employment terminates following the last day of the school year and before the commencement of the ensuing school year, support staff employees will receive Board-paid medical insurance in accordance with the current insurance carrier. Please contact the Benefits Specialist for specific information.

SUSPENSION OF SUPPORT STAFF MEMBERS

Policy: GDPD

The Board delegates to the superintendent the authority to suspend staff members or put them on administrative leave for any legal reason in accordance with district policy and law. An employee will be immediately suspended or put on administrative leave in situations where the superintendent or designee determines that suspension is necessary to prevent disruption to the education environment, protect the safety of the students, appropriately investigate alleged misconduct, or in other circumstances where suspension serves the district's interests.

Definitions

Administrative Leave – Involuntary paid leave, without charge to any annual or sick leave, due to misconduct or investigation of misconduct of an employee.

Suspension – Any involuntary leave, whether paid or unpaid, that is not administrative leave as defined in this policy.

Administrative Leave

The superintendent or designee may place staff members on paid administrative leave. The superintendent's decision will stand approved unless reversed by the Board.

The following process will be followed when an employee is put on administrative leave:

1. Within seven days of placing an employee on administrative leave, the superintendent or designee will provide the employee with written notice of the general reason or reasons for being placed on administrative leave.

2. The superintendent or designee will inform the Board within 30 days after placing an employee on administrative leave of the reason or reasons for the employee's placement on leave. The superintendent or designee will provide an update on the status of the employee at every meeting thereafter.
3. If an employee is not removed from administrative leave within 30 days of being placed on leave, the district will hold a hearing within 60 days of the date the employee was first placed on leave. The hearing and determination may be continued for good cause but may not continue more than 180 days past the date the employee was placed on administrative leave. This hearing requirement does not apply to an employee who is put on paid administrative leave due to misconduct, or an investigation of misconduct, when the district refers such misconduct to a law enforcement agency or another state or federal agency or when the law enforcement agency or other state or federal agency has commenced its own investigation of the misconduct for which the employee was placed on administrative leave.

Suspensions

Employees without Contracts

The superintendent may suspend, with or without pay, support staff members who are not under contract. The superintendent shall report any such suspension to the Board of Education. The superintendent's decision will stand approved unless reversed by the Board.

Employees with Contracts

Employees with contracts may be suspended with pay in accordance with law, district policy and the employment contract when applicable.

Employees with contracts may be suspended without pay only after appropriate due process unless the employee consents in writing to a suspension without pay. Prior to suspending an employee without pay during the term of the contract, the district will notify the employee of the charges, give the employee an opportunity to discuss the charges and inform the employee of the opportunity to appeal the suspension to the Board of Education. The employee must request an appeal within ten days of notice of suspension without pay. If the employee appeals, the employee may also be suspended with pay pending the appeal. In general, pay will not be withheld until the Board renders its decision, unless an appeal has been waived or the employee consents in writing to a suspension without pay.

Special Circumstances Requiring Suspension or Administrative Leave

Pursuant to state law, any employee who strip searches a student in violation of law will be immediately suspended without pay and may be terminated. Prior to placing an employee with an employment contract on unpaid suspension, the district will notify the employee of the charges, give the employee an opportunity to discuss the charges and inform the employee of the opportunity to appeal the suspension to the Board of Education. If the Board reverses the suspension, the employee will be reimbursed for any pay withheld.

If the district receives information that an employee has allegedly been involved in sexual misconduct with a student or any other child, the district may suspend the employee or place the employee on administrative leave pending an investigation. In accordance with law, the district will suspend or continue a suspension of an employee if the Children's Division (CD) of the Department of Social Services finds that an allegation of sexual misconduct with a student is substantiated, but the district may return the employee to his or her position if the finding is reversed by a court on appeal and becomes final. The district reserves the right to suspend, place on administrative leave or terminate an employee for any legal reason, including sexual misconduct, regardless of whether another agency or a court substantiates the claim. A hearing will be provided to an employee upon request when required by law.

EVALUATION OF SUPPORT STAFF

Policy: GDN

The development of a strong, competent support staff and the maintenance of high morale among the staff are major objectives of the Board of Education. The selection of qualified employees to fill vacancies, the determination of assignments and equitable workloads, the establishment of wage and salary schedules which encourage employees to put forth their best efforts and the evaluation of employee achievements are some of the major responsibilities of the Board and administrative staff. A program of continuous evaluation is necessary in fulfilling these responsibilities.

The evaluation will cover the major areas of the employee's responsibilities.

The employee's supervisor has the responsibility for informing each employee in advance of the criteria to be used in evaluation.

Each employee will be given an explanation of his or her duties and responsibilities and guidance in performing them satisfactorily by his or her immediate supervisor.

SUPERVISION OF BUILDING LEVEL CUSTODIANS

Building-level custodians report directly to Director of Facilities. The Director of Facilities will provide support and guidance to the principal as needed. The Director of Facilities will ensure that proper training is provided and that appropriate supplies and equipment are available to custodial staff. The Director of Facilities will complete performance evaluations for building level custodians in consultation with the building principal, and building principals along with the Director of Facilities will together conduct interviews for building level vacancies in.

Vacation leave should be jointly approved by Director of Facilities to ensure that district-wide staffing needs are met.

RESIGNATIONS

Policy: GDPB-1

Any support staff member who desires to resign his or her position with the St. Charles School District must submit a written letter of resignation to the Assistant Superintendent of Human Resources. The letter should specify when the resignation is to be effective and should be submitted at least two weeks prior to the effective date. A resignation is final upon submission and cannot be withdrawn unless authorized by the Assistant Superintendent of Human Resources. The resignation need not be accepted by the Board.

Support staff members who do not resign in accordance with this policy forfeit payment for unused vacation time that they may have otherwise been eligible to receive.

RETIREMENT

The Public Education Employee Retirement System (PEERS) is deducted from your paycheck if you work 20 or more hours a week. Social Security and Medicare are also deducted. The District matches the amount paid to PEERS, Social Security and Medicare.

Support staff that are retired and receive a retirement allowance, other than for disability, may be hired on a temporary substitute basis, not to exceed a total of five hundred fifty (550) hours, in any one school year, without discontinuance in their retirement allowance.

RETIREMENT STATEMENT

The district recommends that each employee carefully review the annual retirement statement from PEERS for accuracy.

REDUCTION IN SUPPORT STAFF WORK FORCE

Policy: GDPA

Whenever it becomes necessary because of lack of funds, lack of work or in the interest of economy, to reduce the number of classified service employees, the status of employee seniority will be considered in the following manner:

- ▶ Only those employees included in job classifications to be reduced shall be considered for layoff.
- ▶ Preference will be given to the employee with the greatest seniority assuming employee possesses equal skills and training as determined by the employee's immediate supervisor. If an employee is recalled to an assignment and refuses it for any reason other than a mental/physical disability that qualifies as an ADA accommodation, the employee's name shall go to the bottom of the recall list.
- ▶ A subsequent job opening shall be offered to the employee with the most seniority provided that the employee can meet the qualifications for the job opening.

Reduction of support staff in a job classification district wide shall begin with the least senior employee in a job classification.

Employees laid off may use seniority for bumping laterally in their job classification or to any other job classification for which the assistant superintendent of schools for human resources determines that they are qualified.

Any employee placed on leave shall be recalled in reverse order of leave provided he or she had the necessary skills for the vacancy. Employees shall be subject to recall for a period of three (3) years unless extended by the Board of Education.

No new employee shall be employed by the Board of Education while there are employees of the district who are placed on leave and subject to recall unless there are no employees placed on leave subject to recall with the necessary skills to fill any vacancy which may arise.

The Assistant Superintendent for Human Resources shall give written notice of recall by sending a registered or certified letter to the employee at his or her last known address. It shall be the responsibility of each employee to notify the Board of Education of any change in address. The employee's address, as it appears on the Board's records, shall be conclusive when used in connection with unrequested leave, recall or other notice to the employee. If an employee fails to report within two (2) calendar weeks from date of sending of recall, unless an extension is granted in writing by the assistant superintendent of human resources, said employee shall be considered as a voluntary termination and shall thereby terminate his or her individual employment relationship with the Board of Education.

DRUG FREE WORKPLACE

Policy: GBEBA

Student and employee safety is of paramount concern to the Board of Education. In recognition of the threat to safety posed by employee use or possession of drugs or alcohol, the Board of Education commits itself to a continuing good-faith effort to maintain a drug-free workplace. The Board of Education shall not tolerate the manufacture, use, possession, sale, distribution or being under the influence of controlled substances, alcoholic beverages or unauthorized prescription medications by district employees on any district property; on any district-approved vehicle used to transport students to and from school or district activities; off district property at any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district; or during any period of time such employee is supervising students on behalf of the school district or is otherwise engaged in school district business.

When it is evident that an employee has consumed alcoholic beverages or controlled substances off school property before or during a district activity, the staff member will not be allowed on school property or to participate in the activity and will be subject to the same disciplinary measures as for possession or consumption on district property.

Staff members will be tested for alcohol and controlled substances if the district has reasonable suspicion that the staff member has violated this policy. In addition, staff members who operate district transportation must submit to alcohol and drug testing as otherwise required by law. All testing will be conducted in accordance with Board policy, administrative procedures and law.

Any employee who violates this policy will be subject to disciplinary action, which may include suspension, termination and referral for prosecution. Termination may and typically will be imposed for a first-time offense under this policy. If an employee who violates or is suspected of violating this policy is not terminated, the employee may be required to satisfactorily participate in one (1) or more rehabilitation programs and to submit to substance testing, all in accordance with terms established by the district.

Each employee of this school district is hereby notified that, as a condition of employment, the employee must abide by the terms of this policy and notify the superintendent or designee of any criminal drug statute conviction for a violation occurring in or on the premises of this school district, or while engaged in regular employment. Such notification must be made by the employee to the superintendent or designee in writing no later than five (5) calendar days after conviction. The superintendent or designee will provide notice in writing of such violation to the United States Department of Education or other appropriate federal agency within ten (10) calendar days after the superintendent or designee receives such notification if the district receives any federal grants directly from such agency, as opposed to federal grants received through the Department of Elementary and Secondary Education (DESE).

The district will take appropriate disciplinary action within 30 days.

The district will institute a drug-free awareness program to inform employees of the dangerous and harmful nature of drug and alcohol abuse in the workplace, of this policy of maintaining a drug-free workplace, of available counseling and rehabilitation, and of the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

The district recognizes drug dependency as an illness and a major health problem. The district also recognizes drug abuse as a potential health, safety and security problem. Employees needing help in dealing with such problems are encouraged to use their health insurance plan as appropriate. Conscientious efforts to seek such help will not jeopardize any employee's job, and will not be noted in any personnel record.

Upon the request of DESE or an agency of the United States, the district shall certify that it has adopted and implemented the drug prevention program described in this policy. The district shall conduct a biennial review of this policy to determine its effectiveness, implement necessary changes and ensure that the disciplinary sanctions are consistently enforced.

This policy shall be communicated in writing to all present and future employees. Compliance with this policy is mandatory.

USE OF TOBACCO PRODUCTS AND IMITATION TOBACCO PRODUCTS

Policy: AH

To promote the health and safety of all students and staff and to promote the cleanliness of district property, the district prohibits all employees, students and patrons from smoking or using tobacco products, electronic cigarettes or imitation tobacco or cigarette products in all district facilities, on district transportation, on all district grounds at all times and at any district-sponsored event or activity while off campus. This prohibition extends to all facilities the district owns, contracts for or leases to provide educational services, routine healthcare, daycare or early childhood development services to children. This prohibition does not apply to any private residence or any

portion of a facility that is used for inpatient hospital treatment of individuals dependent on, or addicted to, drugs or alcohol in which the district provides services.

Students and employees who violate this policy will be disciplined in accordance with applicable Board policies and may be offered referrals to smoking cessation programs. Employees may be terminated for repeated violations. Visitors who violate this policy may be asked to leave or may face other consequences in accordance with district policies and procedures.

DUE PROCESS

Concerns made against an employee must be called to the attention of the employee. The employee may provide a written response to the concern. Concerns not called to the attention of the employee may not be used as the basis for disciplinary action.

The St. Charles School District practices progressive discipline for employees that include but are not limited to: verbal warning, written warning, suspension with/without pay, and discharge. Disciplinary action shall be appropriate to the behavior that precipitates the action. An employee may have a representative present, if they so choose, when the District is contemplating suspension or discharge of the employee.

The District reserves the right to bypass the practice of progressive discipline in instances when, in the judgment of the District, consideration for the health and safety of the employee, other employees, and/or students, or the effective operation of the District would dictate prompt action requiring removal of the employee from his/her work situation.

DIVISION OF FAMILY SERVICES

In the event that a complaint is filed with the Missouri Division of Family Services or other similar agency alleging that an employee of the District has engaged in abuse or neglect as defined by the Missouri Child Abuse Act, the District will implement such measures as are required and permitted by law and Board policy to safeguard the interests of District students, while also permitting the employee an opportunity to respond to the complaint. The District acknowledges that resolving such complaints involves a careful balancing of the rights of employees and students, together with the District's obligations under state and federal law.

FILE: AC

The St. Charles R-VI School District Board of Education is committed to maintaining a workplace and educational environment that is free from discrimination and harassment in admission or access to, or treatment or employment in, its programs, services, activities and facilities. In accordance with law, the district strictly prohibits discrimination and harassment against employees, students or others on the basis of race,

color, religion, sex, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law. The St. Charles R-VI School District is an equal opportunity employer.

The Board also prohibits:

1. Retaliatory actions including, but not limited to, acts of intimidation, threats, coercion or discrimination against those who:

 - b) Report prohibited discrimination or harassment.
 - c) Participate in an investigation, formal proceeding or informal resolution, whether conducted internally or outside the district, concerning prohibited discrimination or harassment.
2. Aiding, abetting, inciting, compelling or coercing discrimination, harassment or retaliatory actions.
3. Discrimination, harassment or retaliation against any person because of such person's association with a person protected from discrimination or harassment in accordance with this policy.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute discrimination, harassment or retaliation in accordance with this policy. If discrimination, harassment or retaliation that occurs off district property and that is unrelated to the district's activities negatively impacts the school environment, the district will investigate and address the behavior in accordance with this policy, as allowed by law.

Additional Prohibited Behavior

Behavior that is not unlawful or does not rise to the level of illegal discrimination, harassment or retaliation might still be unacceptable for the workplace or the educational environment. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including, but not limited to, socio-economic level, sexual orientation or perceived sexual orientation.

Boy Scouts of America Equal Access Act

As required by law, the district will provide equal access to district facilities and related benefits and services and will not discriminate against any group officially affiliated with the Boy Scouts of America, the Girl Scouts of the United States of America or any other youth group designated in applicable federal law.

Interim Measures

When a report is made or the district otherwise learns of potential discrimination, harassment or retaliation, the district will take immediate action to protect the alleged victim, including implementing interim measures. For example, the district may alter a class seating arrangement, provide additional supervision for a student or suspend an employee pending an investigation. The district will take immediate steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the investigation. These steps may include, but are not limited to, notifying students, employees and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment or retaliation have occurred.

Consequences and Remedies

If the district determines that discrimination, harassment or retaliation have occurred, the district will take

prompt, effective and appropriate action to address the behavior, prevent its recurrence and remedy its effects.

Employees who violate this policy will be disciplined, up to and including employment termination. Students who violate this policy will be disciplined, which may include suspension or expulsion. Patrons, contractors, visitors or others who violate this policy may be prohibited from school grounds or otherwise restricted while on school grounds. The superintendent or designee will contact law enforcement or seek a court order to enforce this policy when necessary or when actions may constitute criminal behavior.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

In accordance with law and district policy, any person suspected of abusing or neglecting a child will be reported to the Children's Division (CD) of the Department of Social Services.

Remedies provided by the district will attempt to minimize the burden on the victim. Such remedies may include, but are not limited to: providing additional resources such as counseling, providing access to community services, assisting the victim in filing criminal charges when applicable, moving the perpetrator to a different class or school, providing an escort between classes, or allowing the victim to retake or withdraw from a class. The district may provide additional training to students and employees, make periodic assessments to make sure behavior complies with district policy, or perform a climate check to assess the environment in the district.

Behaviors that could constitute illegal harassment include, but are not limited to, the following acts if based on race, color, religion, sex, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law or based on a belief that such a characteristic exists: graffiti; display of written material, pictures or electronic images; name calling, teasing or taunting; insults, derogatory remarks or slurs; jokes; gestures; threatening, intimidating or hostile acts; physical acts of aggression, assault or violence; theft; or damage to property.

Sexual Harassment – A form of discrimination, as defined above, on the basis of sex. Sexual harassment is unwelcome conduct that occurs when a) benefits or decisions are implicitly or explicitly conditioned upon submission to, or punishment is applied for refusing to comply with, unwelcome sexual advances, requests for sexual favors or conduct of a sexual nature; or b) the school or work environment becomes permeated with intimidation, ridicule or insult that is based on sex or is sexual in nature and that is sufficiently severe or pervasive enough to alter the conditions of participation in the district's programs and activities or the conditions of employment. Sexual harassment may occur between members of the same or opposite sex. The district presumes a student cannot consent to behavior of a sexual nature with an adult regardless of the circumstance.

Behaviors that could constitute sexual harassment include, but are not limited to:

1. Sexual advances and requests or pressure of any kind for sexual favors, activities or contact.
2. Conditioning grades, promotions, rewards or privileges on submission to sexual favors, activities or contact.
3. Punishing or reprimanding persons who refuse to comply with sexual requests, activities or contact.
4. Graffiti, name calling, slurs, jokes, gestures or communications of a sexual nature or based on sex.
5. Physical contact or touching of a sexual nature, including touching of intimate parts and sexually motivated or inappropriate patting, pinching or rubbing.
6. Comments about an individual's body, sexual activity or sexual attractiveness.
7. Physical sexual acts of aggression, assault or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking) against a person's will or when a person is not capable of giving consent due to the person's age, intellectual disability or use of drugs or alcohol.
8. Gender-based harassment and acts of verbal, nonverbal, written, graphic or physical conduct based on sex or sex stereotyping, but not involving conduct of a sexual nature.

Working Days – Days on which the district's business offices are open.

Compliance Officer

The Board designates the following individuals to act as the district's compliance officers:

<u>Employees/Students - Title IX</u> Assistant Superintendent of Human Resources St. Charles R-VI School District 400 North Sixth Street St. Charles, MO 63301 Phone: 636-443-4005 Fax: 636-443-4066	<u>Students - ADA / 504</u> Director of Special Education St. Charles R-VI School District 400 North Sixth Street St. Charles, MO 63301 Phone: 636-443-4086 Fax: 636-443-4001
--	---

In the event the compliance officer is unavailable or is the subject of a report that would otherwise be made to the compliance officer, reports should instead be directed to the acting compliance officer:

Superintendent of Schools
St. Charles R-VI School District
400 North Sixth Street
St. Charles, MO 63301
Phone: 636-443-4032
Fax: 636-443-4001

The compliance officer or acting compliance officer will:

1. Coordinate district compliance with this policy and the law.

2. Receive all grievances regarding discrimination, harassment and retaliation in the St. Charles R-VI School District.
3. Serve as the district's designated Title IX, Section 504 and Americans with Disabilities Act (ADA) coordinator, as well as the contact person for compliance with other discrimination laws.
4. Investigate or assign persons to investigate grievances; monitor the status of grievances to ensure that additional discrimination, harassment and retaliation do not occur; and recommend consequences.
5. Review all evidence brought in disciplinary matters to determine whether additional remedies are available, such as separating students in the school environment.
6. Determine whether district employees with knowledge of discrimination, harassment or retaliation failed to carry out their reporting duties and recommend disciplinary action, if necessary.
7. Communicate regularly with the district's law enforcement unit to determine whether any reported crimes constitute potential discrimination, harassment or retaliation.
8. Oversee discrimination, harassment or retaliation grievances, including identifying and addressing any patterns or systemic problems and reporting such problems and patterns to the superintendent or the Board.
9. Seek legal advice when necessary to enforce this policy.
10. Report to the superintendent and the Board aggregate information regarding the number and frequency of grievances and compliance with this policy.
11. Make recommendations regarding changing this policy or the implementation of this policy.
12. Coordinate and institute training programs for district staff and supervisors as necessary to meet the goals of this policy, including instruction in recognizing behavior that constitutes discrimination, harassment and retaliation.
13. Perform other duties as assigned by the superintendent.

Public Notice

The superintendent or designee will continuously publicize the district's policy prohibiting discrimination, harassment and retaliation and disseminate information on how to report discrimination, harassment and retaliation. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalogs, application forms, recruitment material and the district's website will include a statement that the St. Charles R-VI School District does not discriminate in its programs, services, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

Reporting

Students, employees and others may attempt to resolve minor issues by addressing concerns directly to the person alleged to have violated this policy, but they are not expected or required to do so. Any attempts to voluntarily resolve a grievance will not delay the investigation once a report has been made to the district.

Unless the concern is otherwise voluntarily resolved, all persons must report incidents that might constitute

discrimination, harassment or retaliation directly to the compliance officer or acting compliance officer. All district employees will instruct all persons seeking to make a grievance to communicate directly with the compliance officer. Even if the potential victim of discrimination, harassment or retaliation does not file a grievance, district employees are required to report to the compliance officer any observations, rumors or other information regarding actions prohibited by this policy. If a verbal grievance is made, the person will be asked to submit a written complaint to the compliance officer or acting compliance officer. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint in writing. A grievance is not needed for the district to take action upon finding a violation of law, district policy or district expectations.

Even if a grievance is not directly filed, if the compliance officer otherwise learns about possible discrimination, harassment or retaliation, including violence, the district will conduct a prompt, impartial, adequate, reliable and thorough investigation to determine whether unlawful conduct occurred and will implement the appropriate interim measures if necessary.

Student-on-Student Harassment

Building-level administrators are in a unique position to identify and address discrimination, harassment and retaliation between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for prohibited behavior in accordance with the district's discipline policy. The administrator will report all incidents of discrimination, harassment and retaliation to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

Investigation

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation.

In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not (the preponderance of the evidence standard) that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

Grievance Process Overview

1. If a person designated to hear a grievance or appeal is the subject of the grievance, the compliance officer may designate an alternative person to hear the grievance, or the next highest step in the grievance process will be used. For example, if the grievance involves the superintendent, the compliance officer may designate someone outside the district to hear the grievance in lieu of the superintendent, or the grievance may be heard directly by the Board.
2. An extension of the investigation and reporting deadlines may be warranted if extenuating circumstances exist as determined by the district's compliance officer. The person filing the complaint will be notified when deadlines are extended. If more than twice the allotted time has expired without a response, the appeal may be taken to the next level.
3. Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.

4. The district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.
5. The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.
6. Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will implement interim measures as described in this policy if necessary to prevent further potential discrimination, harassment or retaliation during the pending investigation.

Grievance Process

1. Level I – A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate.

Regardless of who investigates the grievance, an investigation will commence immediately, but no later than five working days after the compliance officer receives the grievance. The compliance officer or designee shall conduct a prompt, impartial, adequate, reliable and thorough investigation, including the opportunity for the person filing the grievance and other parties involved to identify witnesses and provide information and other evidence. The compliance officer or designee will evaluate all relevant information and documentation relating to the grievance.

Within 30 working days of receiving the grievance, the compliance officer will complete a written report that summarizes the facts and makes conclusions on whether the facts constitute a violation of this policy based on the appropriate legal standards. If a violation of this policy is found, the compliance officer will recommend corrective action to the superintendent to address the discrimination, harassment or retaliation; prevent recurrence; and remedy its effects. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the completion of the report, in accordance with law and district policy, regarding whether the district's compliance officer or designee determined that district policy was violated.

2. Level II – Within five working days after receiving the Level I decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.

Within ten working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who initially filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the superintendent's decision, regarding whether the superintendent or designee determined that district policy was violated.

3. Level III – Within five working days after receiving the Level II decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the superintendent's decision to the Board by notifying the Board secretary in writing. The person filing the grievance and the alleged perpetrator will be allowed to address the Board, and the

Board may call for the presence of such other persons deemed necessary. The Board will issue a decision within 30 working days for implementation by the administration. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and the alleged perpetrator will be notified in writing, within five working days of the Board's decision, in accordance with law and district policy, regarding whether the Board determined that district policy was violated. The decision of the Board is final.

Confidentiality and Records

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record. The district will keep any documentation created in investigating the complaint including, but not limited to, documentation considered when making any conclusions, in accordance with the Missouri Secretary of State's retention manuals and as advised by the district's attorney.

Training

The district will provide training to employees on identifying and reporting acts that may constitute discrimination, harassment or retaliation. The district will instruct employees to make all complaints to the district's compliance officer or acting compliance officer and will provide current contact information for these persons. The district will inform employees of the consequences of violating this policy and the remedies the district may use to rectify policy violations. All employees will have access to the district's current policy, required notices and complaint forms. The district will provide additional training to any person responsible for investigating potential discrimination, harassment or retaliation.

The district will provide information to parents/guardians and students regarding this policy and will provide age-appropriate instruction to students.

SEXUAL HARASSMENT

What is Sexual Harassment?

Sexual Harassment is a form of sex discrimination that is a violation of Title VII of the Civil Rights Act of 1964.

What is "QUID PRO QUO" Sexual Harassment?

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute "quid pro quo" sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, or (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.

What is "Hostile Environment" Sexual Harassment?

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute "hostile environment" sexual harassment when such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

What factors determine whether an environment is “Hostile”?

The central inquiry is whether the conduct “unreasonably interfered with an individual’s work performance” or created “an intimidating, hostile, or offensive working environment.” Factors that may help determine whether an environment is “hostile” include: (1) whether the conduct was verbal or physical or both; (2) how frequently it was repeated; (3) whether the conduct was hostile or patently offensive; (4) whether the alleged harasser was a co-worker or supervisor; (5) whether others joined in perpetrating the harassment; and (6) whether the harassment was directed at more than one individual. No one factor controls.

What is unwelcome sexual conduct?

Sexual conduct becomes unlawful only when it is unwelcome. The challenged conduct must be unwelcome in the sense that the employee did not solicit or incite it, and in the sense that the employee regarded the conduct as undesirable or offensive.

Who can be a victim of sexual harassment?

The victim may be a woman or a man. The victim does not have to be of the opposite sex. The victim does not have to be the person harassed but could be anyone affected by the offensive conduct.

Who can be a sexual harasser?

The harasser may be a woman or a man. He or she can be the victim’s supervisor, an agent of the employer, a supervisor in another area, a co-worker, or a non-employee.

What should a sexual harassment victim do?

The victim should directly inform the harasser that the conduct is unwelcome and must stop. It is important for the victim to communicate that the conduct is unwelcome, particularly when the alleged harasser may have some reason to believe that the advance may be welcomed. However, a victim of harassment need not always confront his/her harasser directly, so long as his/her conduct demonstrates that the harasser’s behavior is unwelcome. The victim should also use any employer complaint mechanism or grievance system available.

UNIVERSAL PRECAUTIONS

What do we mean when we say UNIVERSAL Precautions?

Universal Precautions is an approach to infection control in which all human blood and certain body fluids are treated as if known to be infectious for HIV, Hepatitis B and other blood borne pathogens.

In the school setting, it is not possible to know who may be a carrier of an infectious disease and what germs may be present. Persons with infections do not always have outward signs & often are not aware of being infected. However, you can take universal precautions while you are at work and in other situations that will help protect you from infectious diseases. Universal Precautions include the following actions:

1. Wash your hands with soap & water at regular times during your workday. Common infectious diseases maybe contracted from dirt and waste encountered in the work place. **BLOOD IS THE SINGLE MOST IMPORTANT SOURCE OF HIV INFECTIONS AND HEPATITIS B.**
2. Avoid punctures with objects that may contain blood of others.
3. Handle discharges from another person’s body (**PARTICULARLY BODY FLUIDS CONTAINING BLOOD**) with gloves and wash hands thoroughly when you are finished.
4. Paper towels, tissues contaminated with blood should not be disposed of in a classroom trashcan. These bloody items should be flushed down the toilet or brought to the clinic for disposal.

5. Open, oozing or bleeding wounds should be cared for in the clinic or covered with a band-aid if the wound does not require cleaning of excess or dried blood. For small cut, students can wash the area with soap and water in the restroom and return to you for a band-aid.
6. Clothing or supplies contaminated with body fluids should be placed in a doubled plastic bag & tied.
7. Used needles, exacto blades, broken glass or other sharp instruments should not be discarded in the classroom trashcan but placed in a Biohazard Infectious Wastes Sharps container. There is such a container in the clinic.
8. Any surface or object that is contaminated with blood or infectious body fluids should be cleaned promptly. Decontaminate surfaces with appropriate disinfectant. Household bleach mixed at a ratio of 1 part bleach to 100 parts water (1/4 cup bleach to 1 gallon water).

STAFF USE OF COMMUNICATION DEVICES

Policy: GBCC

The St. Charles R-VI School District encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use such communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

Definitions

Communication Device – Any mobile telephone, personal digital assistant, pager, tablet, laptop or other portable device that sends, receives or retrieves calls, text messages, e-mail, other electronic communications or data, or provides access to the Internet.

Use/Using – Dialing, answering the phone or talking on the phone; sending, reading or responding to a text, e-mail or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; continuously checking a communication device; or any activity with a communication device that interferes with the employee's job duties or appropriate supervision of students. An employee is considered to be using a device even when the use is hands-free.

General Use

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or otherwise interferes with district operations, as determined by the employee's supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district.

Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students is a priority in the district, and employees who are responsible for supervising students must concentrate on that task at all times. Employees shall not use communication devices when they are responsible for supervising students unless any of the following conditions occur:

1. The device is being used to instruct the students being supervised at the time.
2. The use is necessary to the performance of an employment-related duty.

3. The employee has received specific and direct permission from a supervisor.
4. There is an emergency.

Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

Use in Vehicles

Regardless of other provisions of this policy and in accordance with law, employees shall not use communication devices when:

1. Driving district-provided vehicles, regardless of whether the vehicle is owned, leased or otherwise obtained for district use in a district activity.
2. Operating any vehicle in which a student is being transported when the transportation is provided as part of the employee's job.
3. Supervising students who are entering or exiting a vehicle, crossing thoroughfares or otherwise safely reaching their destinations when such supervision is part of the employee's job.

The district will make an exception to the rules in this section when the communication device is used to:

1. Report illegal activity.
2. Summon medical or other emergency help.
3. Prevent injury to a person or property.
4. Relay necessary, time-sensitive information to a dispatcher with a device permanently affixed to the vehicle, in the manner allowed by law.
5. Play music, as long as the employee operating the vehicle does not turn on, select or otherwise manipulate the device while operating the vehicle or supervising students as described above.
6. Obtain directions from a global positioning or navigational system, as long as the system is being used in association with the employee's job and adequate safety precautions are taken.

Even in these situations, employees should first take all possible safety precautions before using communication devices.

Use of District-Provided Communication Devices

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the district for any damage or theft that was the result of the employee's negligence. Users of district-provided communication devices must abide by any use limitations included in the district's service contract.

Personal Use of District-Provided Communication Devices

Personal use of district-provided communication devices is permissible as long as the employee indicates such to the superintendent or his/her designee, signs the Cell Phone Use Agreement (GBCC-AF), and pays the monthly fee established by the superintendent. In the event that the number of minutes of usage exceeds the limits of the district plan, an amount equal to the overage fee divided by the number of staff who uses a district-provided communication device for personal use may be added to those employees who have indicated they will use a district-provided communication device for personal use. The amount of personal use of a communication device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request for the E-Rate discount.

NURSING MOTHERS

Policy: EBBC

The district recognizes that many women choose to breastfeed their children for a variety of reasons and will attempt to accommodate women who are breastfeeding or who need to express breast milk while on district property as long as such actions do not disrupt the education environment.

Employees

The district will provide reasonable break time for an employee to express breast milk for her nursing child each time the employee has a need to express. To the extent possible, such break times shall run concurrently with the break times already provided to the employee. Employees are encouraged to notify their supervisors in advance of their intent to make use of this policy. The supervisor shall work with the employee to address arrangements and scheduling to ensure that the employee's duties are covered during the break time and to minimize disruptions to the school day.

Providing breaks to classroom teachers and other employees who directly supervise and educate students throughout the day is particularly challenging since students cannot be left unsupervised, and student learning cannot be disrupted. The district expects these employees to be particularly flexible and, whenever possible, to use planning periods, lunch breaks, routine breaks in their class schedule or other free time to meet their expressing needs.

In accordance with law, the district will provide a location, other than a bathroom, that is shielded from view and free from intrusion from coworkers and the public to express breast milk.

This policy does not entitle an employee to bring or keep an infant at work during times when the employee is required to be working. However, if the infant is present during an employee's break or at other times, the employee may nurse the child.

This policy shall be communicated to all current employees and included in new employee orientation training.

Students

Students will be allowed to express breast milk while on district property, and the district will attempt to accommodate these activities during the school day. Students who wish to utilize this policy should contact the counselor, who will work with the student to address arrangements and create a schedule that results in the least amount of missed class time. When possible, students will be allowed to make up work missed because of absences authorized under this policy.

The district will provide one or more locations, other than bathrooms, for students to express breast milk. The locations will be shielded from view and free from intrusion from others, except that when scheduling does not permit the use of a private location at the time the student has a need to express, students who need to express

may opt to share space rather than wait for a private space.

This policy does not entitle a student to bring an infant to school during the school day when the student is required to be in class. However, if the infant is present during a break or at other times, the student may nurse the child while at school.

Public

Members of the public will be allowed to nurse or express breast milk while on district property. If additional privacy is desired or necessary, district staff will provide direction to the designated locations for these activities.

EXTRA DUTY RULES

We are now able to allow support staff employees to work as ticket takers, score keepers, event workers, etc., at district events that occur outside the normal work day. The Fair Labor Standards Act (FLSA) has a limited exception to allow this to happen. This exception is known as the “occasional and sporadic” and “substantially different” rule. If non-exempt employees elect to work occasionally or sporadically on a part-time basis in a different capacity from their regular job duties, the hours worked in that different capacity need not be counted toward the employee’s regular work week hours and, thus, are not subject to overtime pay. This is only permissible if the work is **occasional and sporadic and** the nature of the work is **substantially different** from the work performed as part of the employee’s regular employment. Athletic coaches and club sponsors will **never** qualify for this exemption since the coaching/sponsorship duties are not occasional and sporadic – there is a regular/fixed season or term of employment.

Considering that many support staff employees have a desire to work after school events and the district has a need to adequately staff these events with qualified and dependable workers, we have decided to allow support staff employees to be considered for such work during the 2013-2014 school year.

To comply with FLSA guidelines, support staff employees working after school events will be paid in one of two ways:

1. **Standard rate for the work**
 - If the nature of the work is substantially different from their regular job or the work does not cause the employee to work in excess of 40 hours in a work week
2. **Blended Rate**
 - If the nature of the work is not occasional or sporadic and/or substantially different from their regular job
 - If the employee works in excess of 40 hours as a result of the additional work

A blended rate is calculated in the following manner:

Regular work # of hours worked x hourly rate of pay = total

Extra Work # of hours worked x hourly rate of pay = total

Total combined wages divided by a total combined hours = blended hourly rate

Any hours worked over 40 would be paid at 1.5x the blended hourly rate

Example:

Regular Job: 40 hours @ \$13.17 per hour = \$526.80

Ticket Taker: 6 hours @ \$12.00 per hour = \$72.00

46 hours = \$598.80

$\$598.80/46 = \13.02

$\$13.02 \times 1.5 = \19.53

Overtime rate is \$19.53 for every hour worked over 40

To make inquiries about working events, please contact the Activities Director(s) at the high school(s).

SCHOOL VOLUNTEERS

Policy:ICC

The Board of Education recognizes that community and parent volunteers make valuable contributions to the district's schools and encourages volunteer participation in district programs. Further, parent and community involvement are essential components of high student achievement. The Board endorses a volunteer program and expects its professional staff to encourage and strengthen community and parent involvement in the schools.

The superintendent or designee will create appropriate procedures for attracting, screening and training community and parent volunteers. Volunteering in the district is a privilege, not a right. The district will conduct screening and criminal background checks before any volunteer is placed in a position where he or she will be left alone with a student. The district may decline the services of any volunteer for any legal reason. All information collected on volunteers will be considered confidential to the extent allowed by law and will only be used to protect the students or minimize disruption to the educational environment.

Although volunteers will provide support services, they are not substitutes for the professional building staff. Volunteers will work under the direction and supervision of district staff.

Building principals are responsible for ensuring that volunteers working with students have approved background checks on file.

The district will conduct a Children's Department (CD) background check and search of Missouri Case.net on all persons volunteering in positions where they will NOT be left alone with a child. There is no cost for these searches.

For volunteers who will be left alone with a child and/or supervise overnight trip must have a complete *fingerprint background check through the MACHS system. Volunteers needing such a search must contact Kathy Beerman in the Human Resources office for instructions. The volunteer is responsible for the costs of the search(es), which is currently \$39.05 . The state search (and fee) is required for all individuals needing an FBI search. You cannot complete an FBI search only. The district will also complete a free search of the Children's Division and Missouri Case.net system on volunteers.

*Fingerprint background checks are much more comprehensive and accurate than "name searches". The background checks required provide the most comprehensive information, including open and closed records in Missouri, Sex Offender Registry information, and national criminal record databases.

Volunteer Background Checks should be completed every five years. It is acceptable to pass volunteer background checks from one school to another (elementary to middle school, etc.).

Volunteer Background Checks - Records Retention/Security

- Records should be filed under the volunteer's name in a locked/secure file cabinet designated for such records.
- Records must be kept indefinitely, since students can legally file suit against a district until age 26.
- Access to these files should be limited to the building principal or other district administrators for the purposes of verifying suitability for working with children in a volunteer capacity.

Potential Volunteer Responsibilities and Type of Search Required		
Attend child's classroom party	Not responsible for supervision of children. Staff present.	No background checks required
Room Parent (organize class parties), Regular Classroom Volunteer	Not to be left alone with any single child	Free Children's Division Check & Missouri Case.net (school conducts)

Field Trip Chaperone	Not to be left alone with a child (supervise small group of students <u>with</u> staff members)	Free Children's Division Check & Missouri Case.net (school conducts)
Field Trip Chaperone	Responsible for supervision of single child without adult staff member(s) present	Fingerprint background check MACHS (district conducts) free Children's Division background check & Missouri Case.net (school conducts)
Overnight Trip Chaperone	With student supervision responsibilities (bed checks, curfew enforcement, etc.)	Fingerprint background check MACHS (district conducts), free Children's Division background check & Missouri Case.net (school conducts)

CRIMINAL BACKGROUND CHECKS

Policy: GBEC

The St. Charles R-VI School District is committed to providing a safe environment for students to learn. As part of this effort, in accordance with this policy, the district will require criminal background checks of employees as well as certain volunteers and others working on school grounds. The Board directs the superintendent or designee to develop procedures and practices consistent with this policy.

Definitions

Criminal Background Check – A search of the Federal Bureau of Investigation’s criminal history files, the Missouri Highway Patrol's criminal history database and sexual offender registry; the Family Care Safety Registry (FCSR) or the central registry of child abuse and neglect of the Children's Division (CD) of the Department of Social Services; Missouri Case.net; and other databases required by law or by the district.

Driving Records – Traffic-related offenses contained in the Missouri Department of Revenue’s databases.

Employees

Generally, the district will conduct criminal background checks in accordance with law on all new employees authorized to have contact with students prior to the employees working with students; however, the district may forgo a criminal background check when:

1. A teacher is employed to work on a part-time or substitute basis within one year of having retired from the St. Charles R-VI School District.
2. An employee or potential employee has had a background check conducted by another Missouri public school within the past year and the district receives a copy of the background check directly from the other district. If the district requires a new background check, it will be at the district's expense.
3. An employee or potential employee has successfully completed a criminal background check, including a check of the FCSR, as part of the professional license application process within one year prior to employment.

Any continuing offer of employment is contingent upon the satisfactory outcome of the criminal background check, when required by the district. The district has the sole and absolute discretion to determine whether the outcome is satisfactory.

Drivers

The district will conduct a criminal background check on all bus drivers the district employs.

If the district contracts for student transportation services, the contract will require the transportation company to conduct background checks on the company's employees who will have contact with district students. The

contract will require the company to exclude persons who have exhibited behavior that is violent or harmful to children or adults.

Volunteers

The district will conduct a search of the Missouri Highway Patrol's criminal history database and the FCSR or the central registry of child abuse and neglect of the CD on all persons volunteering in positions where they will be left alone with a single child. If the volunteer is a sponsor, advisor or coach, he or she must satisfactorily complete the criminal background check required of employees. The superintendent or designee is directed to identify any additional volunteer positions in the district that will also require a criminal background check. The superintendent or designee must receive the results of the background check and officially approve the volunteer before he or she may begin service in the identified volunteer position.

Payment

All applicants for employment and volunteers are responsible for the cost of the criminal background check. Once hired, employees may request that the district reimburse \$15 of the costs of the criminal background check. When an applicant has had a background check conducted by another Missouri public school within the past year and the district receives a copy of the background check directly from the other district, the district will not require an additional background check as a condition of employment unless the district pays the cost, in accordance with law.

The district will pay the expenses associated with conducting and renewing criminal background checks for current employees. In cases where the district requires independent contractors to conduct criminal background checks, payment for the background checks will be determined by the contract.

Updating Information

The district reserves the right to require any employee or volunteer to submit to additional criminal background checks at the district's expense or to rerun background checks at any time. The district will provide the Department of Elementary and Secondary Education (DESE) the relevant personnel information necessary to conduct postemployment background checks as allowed by law.

Any employee refusing to submit to a background check may be disciplined or terminated. The district may decline to utilize the services of volunteers who refuse to participate.

District Notification

As a condition of continuing to work within the district, all employees and other persons required to submit to a criminal background check pursuant to this policy must notify the district if they are charged, convicted, plead guilty to or are otherwise found guilty of any misdemeanor or felony, regardless of the imposition of sentence. This notification must be made as soon as possible, but no later than five business days after the event.

Reporting Requirements

The district will report to DESE when information is obtained that a certificated person has pled guilty or no contest to or been found guilty of a crime or offense, regardless of whether a sentence has been imposed, in this state, another state or another country that may put the person's certificate in jeopardy pursuant to Missouri law.

Confidentiality

Information received by the district pursuant to a criminal background check is confidential. Except as allowed by law, the district will only use this information for the district's internal purposes in determining the suitability of an applicant, employee, volunteer or other worker on district property. The district will keep this information in a location that is only accessible to persons who need to know the information to carry out their

responsibilities with the district. Any person submitting to a criminal background check may receive a copy of the background check information received by the district.

Pursuant to state law and upon the written request of an employee or former employee, the district may transfer a criminal background check to another school district within one (1) year of receiving the background check.

Consequences

The superintendent or designee is directed to exclude from employment or to take action to terminate individuals whose criminal background checks reveal that they have exhibited behavior that is violent or harmful to children or adults. Employees who fail to keep background checks confidential as required by law or this policy or who violate any portion of this policy or district procedure will be subject to disciplinary action up to and including termination.

EMPLOYEE REFERENCES

Policy: GBLB

The district will maintain information regarding current and former employees as confidential within the limits of the law. Only the superintendent, assistant superintendent for human resources, or a person or persons specifically designated in writing by the superintendent or assistant superintendent for human resources may respond on behalf of the district to a reference request for a current or former employee. District employees must direct reference requests to the superintendent, assistant superintendent for human resources, or designee. Upon request, employees will assist the superintendent, assistant superintendent for human resources, or designee with the preparation of accurate reference information.

In accordance with federal law, district employees, contractors and agents are prohibited from writing personal references of otherwise providing assistance in obtaining a new job to any other school employee, contractor or agent who has been accused of sexual misconduct regarding a minor or student, as discussed later in this policy.

Disclosing Allegations of Sexual Misconduct to Other Public or Charter Schools

If a potential public school employer requests a reference regarding a former employee whose job involved contact with children, the district will, in accordance with state law, notify the potential public school employer if the employee was terminated, non-renewed or allowed to resign in lieu of termination as a result of allegations of sexual misconduct with a student or as a result of such allegations being substantiated by the State of Missouri's child abuse and neglect review board.

If a potential public school employer contacts the district for a reference for any former employee about whom the CD has investigated allegations of sexual misconduct with a student and reached a finding of substantiated, the district will provide the results of the CD investigation to the potential public school employer, regardless of whether the employee's job involved contact with children.

The district must provide these notifications regardless of whether the former employee has authorized the release of information. The district will provide due process as required by law prior to releasing information in accordance with this section, if feasible. The superintendent or designee is authorized to contact the district's attorney for advice on implementing this policy in accordance with law.

Immunity

Any district employee who is permitted under this policy to respond to requests for references regarding former employees and who communicates only the information authorized by this policy in good faith and without malice is entitled by law to immunity against any civil action for damages brought by the former employee arising out of the communication of such information. District employees responding to requests for references in accordance with this policy may request the attorney general to defend them if sued.

TECHNOLOGY USAGE

Policy: EHB

The St. Charles R-VI School District's technology exists for the purpose of enhancing the educational opportunities and achievement of district students. Research shows that students who have access to technology improve achievement. In addition, technology assists with the professional enrichment of the staff and increases engagement of students' families and other patrons of the district, all of which positively impact student achievement. The district will periodically conduct a technology census to ensure that instructional resources and equipment that support and extend the curriculum are readily available to teachers and students.

The purpose of this policy is to facilitate access to district technology and to create a safe environment in which to use that technology. Because technology changes rapidly and employees and students need immediate guidance, the superintendent or designee is directed to create procedures to implement this policy and to regularly review those procedures to ensure they are current.

Definitions

For the purposes of this policy and related procedures and forms, the following terms are defined:

Technology Resources – Technologies, devices and services used to access, process, store or communicate information. This definition includes, but is not limited to: computers; modems; printers; scanners; fax machines and transmissions; telephonic equipment; mobile phones; audio-visual equipment; Internet; electronic mail (e-mail); electronic communications devices and services, including wireless access; multi-media resources; hardware; and software. Technology resources may include technologies, devices and services provided to the district by a third party.

User – Any person who is permitted by the district to utilize any portion of the district's technology resources including, but not limited to, students, employees, School Board members and agents of the school district.

User Identification (ID) – Any identifier that would allow a user access to the district's technology resources or to any program including, but not limited to, e-mail and Internet access.

Password – A unique word, phrase or combination of alphabetic, numeric and non-alphanumeric characters used to authenticate a user ID as belonging to a user.

Authorized Users

The district's technology resources may be used by authorized students, employees, School Board members and other persons approved by the superintendent or designee, such as consultants, legal counsel and independent contractors. All users must agree to follow the district's policies and procedures and sign or electronically consent to the district's User Agreement prior to accessing or using district technology resources, unless excused by the superintendent or designee.

Use of the district's technology resources is a privilege, not a right. No potential user will be given an ID, password or other access to district technology if he or she is considered a security risk by the superintendent or designee.

User Privacy

A user does not have a legal expectation of privacy in the user's electronic communications or other activities involving the district's technology resources including, but not limited to, voice mail, telecommunications, e-mail and access to the Internet or network drives. By using the district's network and technology resources, all users are consenting to having their electronic communications and all other use monitored by the district. A user ID with e-mail access will only be provided to authorized users on condition that the user consents to interception of or access to all communications accessed, sent, received or stored using district technology.

Electronic communications, downloaded material and all data stored on the district's technology resources, including files deleted from a user's account, may be intercepted, accessed, monitored or searched by district administrators or their designees at any time in the regular course of business. Such access may include, but is not limited to, verifying that users are complying with district policies and rules and investigating potential misconduct. Any such search, access or interception shall comply with all applicable laws. Users are required to return district technology resources to the district upon demand including, but not limited to, mobile phones, laptops and tablets.

Technology Administration

The Board directs the superintendent or designee to assign trained personnel to maintain the district's technology in a manner that will protect the district from liability and will protect confidential student and employee information retained on or accessible through district technology resources.

Administrators of district technology resources may suspend access to and/or availability of the district's technology resources to diagnose and investigate network problems or potential violations of the law or district policies and procedures. All district technology resources are considered district property. The district may remove, change or exchange hardware or other technology between buildings, classrooms or users at any time without prior notice. Authorized district personnel may install or remove programs or information, install equipment, upgrade any system or enter any system at any time.

Content Filtering and Monitoring

The district will monitor the online activities of minors and operate a technology protection measure ("content filter") on the network and all district technology with Internet access, as required by law. In accordance with law, the content filter will be used to protect against access to visual depictions that are obscene or harmful to minors or are child pornography. Content filters are not foolproof, and the district cannot guarantee that users will never be able to access offensive materials using district equipment. Evading or disabling, or attempting to evade or disable, a content filter installed by the district is prohibited.

The superintendent, designee or the district's technology administrator may fully or partially disable the district's content filter to enable access for an adult for bona fide research or other lawful purposes. In making decisions to fully or partially disable the district's content filter, the administrator shall consider whether the use will serve a legitimate educational purpose or otherwise benefit the district.

The superintendent or designee will create a procedure that allows students, employees or other users to request that the district review or adjust the content filter to allow access to a website or specific content.

Online Safety, Security and Confidentiality

In addition to the use of a content filter, the district will take measures to prevent minors from using district technology to access inappropriate matter or materials harmful to minors on the Internet. Such measures shall include, but are not limited to, supervising and monitoring student technology use, careful planning when using technology in the curriculum, and instruction on appropriate materials. The superintendent, designee and/or the district's technology administrator will develop procedures to provide users guidance on which materials and uses are inappropriate, including network etiquette guidelines.

All minor students will be instructed on safety and security issues, including instruction on the dangers of sharing personal information about themselves or others when using e-mail, social media, chat rooms or other forms of direct electronic communication. Instruction will also address cyber bullying awareness and response and appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms.

This instruction will occur in the district's computer courses, courses in which students are introduced to the computer and the Internet, or courses that use the Internet in instruction. Students are required to follow all

district rules when using district technology resources and are prohibited from sharing personal information online unless authorized by the district.

All district employees must abide by state and federal law and Board policies and procedures when using district technology resources to communicate information about personally identifiable students to prevent unlawful disclosure of student information or records.

All users are prohibited from using district technology to gain unauthorized access to a technology system or information; connect to other systems in evasion of the physical limitations of the remote system; copy district files without authorization; interfere with the ability of others to utilize technology; secure a higher level of privilege without authorization; introduce computer viruses, hacking tools, or other disruptive/destructive programs onto district technology; or evade or disable a content filter.

Closed Forum

The district's technology resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law. The district's webpage will provide information about the school district, but will not be used as an open forum.

All expressive activities involving district technology resources that students, parents/guardians and members of the public might reasonably perceive to bear the imprimatur of the district and that are designed to impart particular knowledge or skills to student participants and audiences are considered curricular publications. All curricular publications are subject to reasonable prior restraint, editing and deletion on behalf of the school district for legitimate pedagogical reasons. All other expressive activities involving the district's technology are subject to reasonable prior restraint and subject matter restrictions as allowed by law and Board policies.

Inventory and Disposal

The district will regularly inventory all district technology resources in accordance with the district's policies on inventory management. Technology resources that are no longer needed will be disposed of in accordance with law and district policies and procedures related to disposal of surplus property.

Violations of Technology Usage Policies and Procedures

Use of technology resources in a disruptive, inappropriate or illegal manner impairs the district's mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the district's technology resources. Any violation of district policies or procedures regarding technology usage may result in temporary, long-term or permanent suspension of user privileges. User privileges may be suspended pending investigation into the use of the district's technology resources.

Employees may be disciplined or terminated, and students suspended or expelled, for violating the district's technology policies and procedures. Any attempted violation of the district's technology policies or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation. The district will cooperate with law enforcement in investigating any unlawful use of the district's technology resources.

Damages

All damages incurred by the district due to a user's intentional or negligent misuse of the district's technology resources, including loss of property and staff time, will be charged to the user. District administrators have the authority to sign any criminal complaint regarding damage to district technology.

No Warranty/No Endorsement

The district makes no warranties of any kind, whether expressed or implied, for the services, products or access it provides. The district's technology resources are available on an "as is, as available" basis.

The district is not responsible for loss of data, delays, non-deliveries, mis-deliveries or service interruptions. The district does not endorse the content nor guarantee the accuracy or quality of information obtained using the district's technology resources.

COMPUTER USAGE GUIDELINES

The District Technology Office of the St. Charles City School District has established the following guidelines for regulating the use of district-owned computing systems and facilities. The following guidelines apply to all district employees.

Using Your PC

It is important to remember that the St. Charles City School District owns the PCs and servers used here. As such, the district reserves the right to monitor the use and content of all PCs, networking equipment, and files stored on its systems. Safeguard your privacy by using the equipment here only for legitimate district purposes.

Installing Software

No employee may--without the specific consent and cooperation of the Technology Office--download and/or install ANY software package onto district computers. This includes, but is not limited to, screen savers, games, educational software, and other third-party programs. For both operational and legal reasons, it is crucial that the District Technology Office manage what software is installed on district-owned Macs and PCs.

Purchasing Computer Equipment and Software

Without exception, the District Technology Office must pre-approve all computer equipment and software purchases. This is essential so that the department can arrange for proper integration of new equipment into our network. Most importantly, it ensures proper software licensing, which is a top priority of the district.

Email and the Internet

Email is to be used only for normal district communication. Using your email account or the Internet to transmit or receive pornographic or inappropriate materials is an extremely serious violation and will result in disciplinary consequences.

Personal Data Assistants (PDAs)

Electronic organizing devices are not approved for teacher or staff use on district computers. The interface these devices use can cause serious damage to the computer system to which they are attached. Additionally, the District Technology Office does not have sufficient resources to integrate and troubleshoot these devices.

REPRODUCTION OF COPYRIGHTED MATERIALS

Policy: EGAAA

It is the intent of the Board to abide by the provisions of current copyright and intellectual property laws as they affect the school district and its employees.

Copyrighted materials, whether they are print or non-print, will not be duplicated, reproduced, distributed or displayed for district-sponsored activities or by using district equipment except in accordance with law.

SUPERVISION OF STUDENTS

Policy: JHFA

The Board expects all students to be under assigned adult supervision at all times when they are in school, on school grounds, traveling under school auspices or engaging in school-sponsored activities. School personnel assigned this supervision are expected to act as reasonably prudent adults in providing for the safety of the students in their charge.

The welfare and safety of students while on school premises is the responsibility of all staff members. The building principal at each attendance center will, with staff input develop and implement a schedule of supervision to provide for student safety during non-instructional time. The building supervision schedule will be implemented so as not to unduly interfere with the instructional program or to unduly burden the staff nor jeopardize the safety of students.

During school hours or while engaging in school-sponsored activities, students will be released only into the custody of parents or other authorized persons.

SECLUSION, ISOLATION AND RESTRAINT

Policy: JGGA

Purpose

Through the adoption of this policy, the Board of Education expects to:

1. Promote safety and prevent harm to students, school personnel and visitors in the school district.
2. Foster a climate of dignity and respect in the use of discipline and behavior-management techniques.
3. Provide school personnel with clear guidelines about the use of seclusion, isolation and restraint in response to emergency situations.
4. Provide parents/guardians information about state guidelines and district policies related to the use of discipline, behavior management, behavior interventions and responses to emergency situations.
5. Promote the use of non-aversive behavioral interventions, including positive behavioral support techniques.

Policy Applicability

This policy applies to all district personnel as defined in the policy. District personnel assigned to facilities not located on district premises (hospitals, detention centers, juvenile facilities and mental health facilities) will follow the policy as specified in the written agreement between the district and the facility. If no policy is specified in a written agreement, employees will follow the facilities' policies unless such policies conflict with the district's policy. If there is a conflict, the employee will notify his or her supervisor and follow district policy until otherwise directed by the Board of Education.

Discipline – Consequences for violating the district’s student code of conduct.

Emergency Situation – A situation in which a student’s behavior poses a serious, probable threat of imminent physical harm to self or others or destruction of property.

Functional Behavior Assessment – A formal assessment to identify the function or purpose the behavior serves for the student so that classroom interventions and behavior support plans can be developed to improve behavior. The assessment could include observations and charting of the behavior and interviews with family, teachers and the student to determine the frequency, antecedent and response of the targeted behavior.

Individualized Education Program (IEP) – A student’s Individualized Education Program as defined by the Individuals with Disabilities Education Act (IDEA).

This includes, but is not limited to: straps, duct tape, cords or garments. The term does not include assistive technology devices.

Physical Escort – The temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student who is acting out or eloping to walk to a safe location.

Use of Time-Out

Nothing in this policy is intended to prohibit the use of time-out as defined in this policy.

Use of Aversive Interventions

Aversive interventions will only be used in accordance with this policy. District personnel shall never use aversive interventions that compromise health and safety.

Use of Seclusion, Isolation and Restraint

Seclusion

Seclusion as defined in this policy is prohibited except in an emergency situation while awaiting the arrival of law enforcement officers as provided for in state law.

Isolation

Isolation shall only be used:

1. In an emergency situation, or
2. When less restrictive measures have not effectively de-escalated the situation and the school has a plan for how to respond in such situations, or
3. With parental approval as specified in a student's IEP, Section 504 plan or other agreed-upon plan to address a student's behavior.

Isolation shall never be used as a form of punishment or for the convenience of district personnel.

A student in isolation must be monitored by district personnel who are in close proximity and able to see and hear the student at all times. Monitoring shall be face to face unless personal safety is significantly compromised, in which case technology-supported monitoring may be utilized. The total time in isolation is to

be reasonably calculated based on the age of the student and the circumstances and is not to exceed 40 minutes without a reassessment of the situation and consultation with parents/guardians or administrative staff, unless otherwise specified in an IEP, Section 504 plan or other parentally agreed-upon plan to address a student's behavior.

The space in which the student is isolated should be a normal-sized meeting room or classroom commonly found in a school setting with standard lighting, ventilation, heating, cooling and ceiling height and that is free of objects that could cause harm to the student.

Physical Restraint

Physical restraint shall only be used:

1. In an emergency situation, or
2. When less restrictive measures have not effectively de-escalated the situation and the school has a plan for how to respond in such situations, or
3. With parental approval as specified in a student's IEP, Section 504 plan or other agreed-upon plan to address a student's behavior.

Physical restraint will:

1. Only be used for as long as necessary to resolve the actual risk of danger or harm that warranted the use of physical restraint.
2. Be no greater than the degree of force necessary to protect the student or other persons from imminent bodily injury or to protect property.
3. Not place pressure or weight on the chest, lungs, sternum, diaphragm, back, neck or throat that restricts breathing.
4. Only be done by district personnel trained in the proper use of physical restraint.

District personnel who use physical restraint shall only use restraint methods in which they have received district-approved training. Further, district personnel who use physical restraint may only do so in the presence of at least one (1) additional adult who is in the line of sight unless no other adult is immediately available due to an unforeseeable emergency situation.

Physical restraints should never be used as a form of punishment or for the convenience of district personnel.

Mechanical Restraint

Mechanical restraint shall only be used as specified in a student's IEP or Section 504 plan with two (2) exceptions:

1. Vehicle safety restraints shall be used according to state and federal regulations.
2. Mechanical restraints employed by law enforcement officers in school settings should be used in accordance with appropriate professional standards and applicable policies.

Chemical Restraint

Chemical restraints shall never be used by district personnel.

Emergency Situation Follow-ups

Following any emergency situation involving the use of seclusion, isolation or restraint, a meeting shall occur as soon as possible but no later than two (2) school days after the emergency situation. The meeting shall include, at a minimum, a discussion of the events that led to the emergency and why the de-escalation efforts were not effective; any traumatic reactions on the part of the student, other students or school personnel; what, if anything, could have been done differently; and an evaluation of the process. All staff members directly involved with the emergency situation will be included in the meeting, which will be scheduled and led by the building principal or designee.

Positive Behavior Supports

The superintendent or designee is responsible for implementing the district-wide use of appropriate positive behavior supports designed to support or alter behavior in all students.

Training

The superintendent shall ensure that all district personnel are trained annually and know the policy and procedures involving the use of seclusion, isolation and restraint. Training shall include all of the following:

1. A continuum of prevention techniques.
2. Environmental management techniques.
3. A continuum of de-escalation techniques.
4. Information about this policy.

In addition to the training provided to all district personnel, those who utilize seclusion, isolation or restraint will also receive annual training in:

1. The appropriate use of physical restraint.
2. Professionally accepted practices in physical management and use of restraints.
3. The best way to explain the proposed restraint methods to students and parents/guardians.
4. The appropriate use of isolation.
5. The appropriate use of seclusion.

Records

The superintendent or designee will maintain records documenting the use of seclusion, isolation and restraint showing when they were used and the reason for use; the duration of the use; names of district personnel involved; whether students or school personnel were injured; the name and age of the student; whether the student has an IEP, Section 504 plan or BIP; when the parents/guardians were notified; if the student was disciplined; and any other documentation required by federal or state law.

Notice to Parents/Guardians

Except as otherwise specified in a student's IEP or Section 504 plan, following an emergency situation involving the use of seclusion, isolation or restraint, the parent/guardian of the student shall be notified through verbal or electronic means of the incident as soon as possible, but no later than the end of the day of the incident.

The parent/guardian shall receive a written report of the emergency situation within five (5) school days of the incident. The written incident report shall include all of the following:

1. Date, time of day, location, duration and description of the incident and interventions.
2. Event(s) that led up to the incident.
3. Nature and extent of any injury to the student.
4. Name of an employee the parent/guardian can contact regarding the incident.
5. Plan to prevent the need for future use of seclusion, isolation or restraint.

Students with Disabilities

If the IEP or Section 504 plan of a student with a disability includes the use of seclusion, isolation, restraint or aversive behavior intervention:

1. The IEP or Section 504 plan must specify the conditions under which seclusion, isolation, restraint or aversive behavior intervention may be used.
2. The IEP or Section 504 plan must include steps to eliminate the need for the use of seclusion, isolation, restraint or aversive behavior intervention.
3. Any use of seclusion, isolation, restraint or aversive behavior intervention must be limited to what is set forth in the IEP or Section 504 plan.

Before adding the use of seclusion, isolation, restraint or aversive behavior intervention to an IEP or Section 504 plan, the student must have undergone appropriate assessments including, but not limited to, a formal functional behavior assessment, and the student must have a BIP in place.

REPORTING AND INVESTIGATING CHILD ABUSE/NEGLECT

Policy: JHG

The St. Charles R-VI School District and its employees will take action to protect students and other children from harm including, but not limited to, abuse and neglect, and will respond immediately when discovering evidence of harm to a child. Employees must cooperate fully with investigations of child abuse and neglect. The district prohibits discrimination, negative job action or retaliation against any district employee who, in good faith, reports alleged child abuse or neglect, including alleged misconduct by another district employee.

Employees failing to follow the directives of this policy or state or federal law will be subject to discipline including, but not limited to, termination, and may be subject to criminal prosecution.

Public School District Liaison

The superintendent shall designate an employee to serve as the public school district liaison. The liaison shall develop protocols in conjunction with the chief investigator of the local division office of the Children's Division

(CD) of the Department of Social Services to ensure information regarding the status of a child abuse or neglect investigation is shared with appropriate school personnel.

The liaison will also serve on multidisciplinary teams used in providing protective or preventative social services along with law enforcement, the juvenile officer, the juvenile court and other agencies, both public and private.

Training

The superintendent or designee shall implement annual training necessary to assist staff members in identifying possible instances of child abuse and neglect, including annual updates regarding any changes in the law. Such training shall:

1. Provide current and reliable information on identifying signs of sexual abuse in children and danger signals of potentially abusive relationships between children and adults.
2. Emphasize how to establish an atmosphere of trust so that students feel that their school has concerned adults with whom they feel comfortable discussing matters related to abuse.
3. Emphasize that all mandatory reporters shall, upon finding reasonable cause, directly and immediately report suspected child abuse or neglect. These reports must be made even if the person suspected of abusing the child is another mandated reporter, such as another school employee.
4. Emphasize that no supervisor or administrator may impede or inhibit any reporting under state law.
5. Emphasize that no person making a report in accordance with law shall be subject to any sanction, including any adverse employment action, for making such a report.

Reporting Child Abuse/Neglect

The Board of Education requires its staff members to comply with the state child abuse and neglect laws and the mandatory reporting of suspected neglect and/or abuse. Any school official or employee who knows or has reasonable cause to suspect that a child has been subjected to abuse or neglect, or who observes the child being subjected to conditions or circumstances that would reasonably result in abuse or neglect, shall directly and immediately report or cause a report to be made to the CD, including any report of excessive absences that may indicate educational neglect. No internal investigation shall be initiated until such a report has been made, and even then the investigation may be limited if the report involves sexual misconduct by a school employee. Employees who make such reports to the CD must notify the school principal or designee that a report has been made. The principal or designee will notify the superintendent or designee and the district liaison(s) about the report.

The school principal or designee may notify law enforcement or the juvenile office when appropriate. If an employee has reason to believe that a victim of such abuse or neglect is a resident of another state or was injured as a result of an act that occurred in another state, then, in addition to notifying the Missouri CD pursuant to this policy, he or she may also make a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of the other state.

In accordance with law, if a student reports alleged sexual misconduct on the part of a school district employee to an employee of this district, the employee who receives the report and the superintendent shall immediately report the allegation to the CD as set forth in law. For the purposes of this policy, the term "sexual misconduct" includes, but is not limited to, any conduct with a student, on or off district property, that could constitute a crime that is sexual in nature under Chapter 566 of the Missouri Revised Statutes including, but not limited to, the crime of sexual misconduct; any conduct with a student that could constitute a serious violation of policy AC, as determined by the district; any conduct that is inappropriate and of a sexual nature that endangers the welfare of a student or students, as determined by the district; or child abuse involving sexual behavior, as determined by the CD.

The reporting requirements in this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No employee making a report in accordance with law shall be subject to any sanction, including any adverse employment action, for making such a report. Further, the superintendent and other district administrators shall ensure that any employee mandated by law to make a report shall have immediate and unrestricted access to the communication technology necessary to make an immediate report. Employees shall also be temporarily relieved of other work duties for such time as is required to make any mandated report.

Investigating Child Abuse/Neglect

Except in situations involving sexual misconduct, when the CD receives a child abuse report alleging that an employee of the district has abused a student, the report shall be immediately referred to the school superintendent (or the president of the School Board in situations concerning the superintendent) who will conduct an initial investigation. If the initial investigation determines that the report relates to a spanking by a certificated district employee or the use of reasonable physical force against a student for the protection of persons or property by any district personnel administered pursuant to district policy, or if it is determined that the sole purpose of the report is to harass a district employee, the report will be investigated as detailed below in accordance with law. All other reports of any nature will be immediately returned to the CD for investigation.

Harassment, Spanking or Protection of Persons or Property

If a report to the CD relates to a spanking by a certificated district employee or the use of reasonable physical force against a student for the protection of persons or property by any district personnel administered pursuant to district policy, or if it is determined that the sole purpose of the report is to harass a district employee, the superintendent, Board president or a designee of either will notify law enforcement of the county in which the alleged incident occurred. The district will jointly investigate the matter with the law enforcement officer.

Once the investigation is concluded, the law enforcement officer and the investigating district personnel will issue separate reports of their findings, no later than seven days after the district receives notice of the allegation from the CD. The reports must contain a statement of conclusion as to whether the preponderance of evidence supports a finding that the alleged incident of child abuse is substantiated or unsubstantiated. The Board will consider the separate reports and will issue its findings and conclusions, if any, within seven days after receiving the last of the two reports. The findings and conclusions will be made as required by state law and will be sent to the CD.

Sexual Misconduct Involving an Employee

The district takes all allegations of sexual misconduct seriously, regardless of the source. When an allegation is made, district employees will immediately take appropriate action to protect students and other children, which will include reporting to the CD in accordance with Board policy and notifying the superintendent. The superintendent or designee will contact law enforcement and begin an investigation.

In accordance with law, if a student reports alleged sexual misconduct on the part of a teacher or other employee of a school district to a district employee, the employee who receives the report shall notify the superintendent immediately and report the allegation to the CD. The CD will investigate all allegations of sexual misconduct involving district employees. The district may investigate the allegations for the purpose of making employment decisions.

Referral to the Office of Child Advocate for Children's Protection and Services

If the CD determines that a report of child abuse or neglect is unsubstantiated, the district or a district employee may request that the report be referred to the Office of Child Advocate for Children's Protection and Services for additional review.

Information from the Children's Division

In accordance with law, as mandated reporters district employees reporting child abuse and neglect are entitled upon request to information on the general disposition of a report of child abuse or neglect and may receive findings and information concerning the case at the discretion of the CD. The CD will also notify the district when a student is under judicial custody or when a case is active regarding a student.

Any information received from the CD will be kept strictly confidential in accordance with law and will only be shared with district employees who need to know the information to appropriately supervise the student or for intervention and counseling purposes. All written information received by any public school district liaison or the district shall be subject to the provisions of the Family Educational Rights and Privacy Act (FERPA). Information received from the CD will not be included in the student's permanent record.

Immunity

In accordance with law, any person who in good faith reports child abuse or neglect; cooperates with the CD or any law enforcement agency, juvenile office, court, or child-protective service agency of this or any other state in reporting or investigating child abuse or neglect; or participates in any judicial proceeding resulting from the report will be immune from civil or criminal liability.

Any person who is not an employee of the district and who in good faith reports to a district employee a case of alleged child abuse by any district employee will be immune from civil or criminal liability for making such a report or for participating in any judicial proceedings resulting from the report.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;

- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

PUBLIC SOLICITATIONS/ADVERTISING IN DISTRICT FACILITIES

Policy: KI

It is the intent of the district to operate a nonpublic forum and, except as allowed in this policy, advertisement is prohibited on district property. For the purposes of this policy, advertisement includes, but is not limited to, in-person solicitation; signage; verbal announcements using communication equipment; pamphlets; handouts; distribution through district technology; other distribution of information regarding products or services available or for sale; or the solicitation of information including, but not limited to, political campaigning. This policy does not prohibit speech in circumstances where it is protected by law.

General Rule

The district may control the content of advertising as allowed by law. Minimally, advertisement on district property or at district events may not include information or materials that:

1. Are obscene to minors.
2. Are libelous.
3. Are pervasively indecent or vulgar (secondary schools) or contain any indecent or vulgar language (elementary schools).
4. Advertise any product or service not permitted to minors by law.
5. Constitute insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion or ethnic origin).
6. Present a clear and present likelihood that, either because of their content or their manner of distribution, they will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities or will cause the commission of unlawful acts or the violation of lawful school procedures.

District-Sponsored Advertisement

This policy is not intended to limit the use of district resources or forums by district personnel to distribute district-sponsored information or advertisements. District-sponsored groups may distribute advertisement to employees and students as determined appropriate by the superintendent or designee and school principal. Materials from extracurricular organizations or professional groups created by the district are considered district sponsored.

District-sponsored groups are defined as extracurricular or non-curricular organizations or professional groups created by the district.

Groups Affiliated with the District

The district may allow groups affiliated with the district to advertise on district property in the same manner and to the same extent that district-sponsored groups are allowed to advertise. For the purpose of this policy, a group is affiliated with the district if it is recognized by the Board and 1) working collaboratively with the district, such as a business partner, or 2) is a group that is created solely to work with the district, its staff, students and parents and to raise funds for district activities such as parent-teacher associations or booster clubs.

Curriculum-Related Advertisement

District staff may use resources with reasonable advertising content when such resources are consistent with and related to the district's curriculum and compliant with the district's wellness policy and procedures. District staff may distribute advertisements regarding programs, events, contests and other activities that are not sponsored by the district when those events are consistent with and related to the district's curriculum. District staff may invite companies, organizations or individuals to advertise during school hours or school events if the school principal determines that the information provided is consistent with and related to the district's curriculum.

Distribution Directly to Students

Only curriculum-related advertisement, district-sponsored advertisement and advertisement by groups affiliated with the district may be distributed directly to students by placing the item in the student's backpack, folder or other conveyance; handing the material to students; placing the material at the student's assigned place; or instructing the student to pick up material at a designated location. Placing items in a designated location where they are available to students is not direct distribution if students are not instructed to pick up the materials.

Distribution to Staff

The district's intercampus mail, staff mailboxes and district e-mail are reserved for communication between employees regarding district business or for distribution of district-sponsored advertisement or advertisement from groups affiliated with the district.

Advertising from any other person or group will be made available to staff by placement in staff work areas or on designated bulletin boards not easily accessible to students. Such advertising must be provided first to the school principal and must clearly state that the district does not sponsor or endorse the information. School principals may establish uniform rules about the length of time an advertisement will be available and may limit the number of advertisements available at one (1) time.

Distribution by Students

Students may distribute district-sponsored advertisements on district property during non-instructional time as allowed by the school principal and group sponsor. Students may distribute non-curricular student publications and other advertisements not sponsored by the district during non-instructional time only in accordance with Board policy IGDBA.

Distribution by Student-Initiated Non-curricular Groups

Student-initiated non-curricular groups that meet in district facilities shall have the same access to district communication tools and media, including publications, websites and intercom, and are subject to the same provisions on the distribution and content of materials as district-sponsored non-curricular groups. The district may require these groups to clearly state on any advertisement or information that the group is not sponsored by the district.

Advertisement in Designated Locations

School principals may designate a bulletin board, table or other specific location where information regarding nonprofit community events targeting students and parents may be posted or otherwise advertised. All groups fitting this description will be allowed to submit advertising to be placed at the designated location. Such advertising must be provided to the school principal first and must clearly state that the district does not sponsor or endorse the information. School principals may establish uniform rules about the length of time an advertisement will be available and may limit the number of advertisements available at one (1) time.

Distribution at District Events

Only district-sponsored advertisement and advertisement from groups affiliated with the district may be distributed at district events, unless the district sells advertisement opportunities as described below.

Groups Using District Facilities

Boy Scouts, Girl Scouts and other Title 36 youth groups and their official affiliates who meet in district facilities pursuant to the Board's policy on use of facilities may distribute advertising during any meeting, activity or event held in accordance with that policy and applicable procedures but otherwise have no greater ability to advertise or distribute information in schools than groups not using district facilities.

Revenue-Generating Advertising on District Property or in District Publications

The district may accept or solicit advertising for use on the district's website and in gymnasiums, athletic fields and other facilities primarily used for extracurricular activities. Any such advertising will be limited to the name, address, phone number, Internet address and logo of the advertiser.

The district may accept or solicit advertising on extracurricular activity schedules, programs, newspapers, yearbooks or other district-sponsored publications at the discretion of the principal of the school involved. Advertising generally will be limited to the name, address, phone number, Internet address and logo of the advertiser except that publications may also provide the advertiser with a selection of greetings, phrases or graphics that can be included if the advertiser so chooses.

Student publications and the advertising in those publications are district-sponsored speech subject to editorial control over content in accordance with law.

All such advertising must be compliant with the district's wellness policy and procedures.

Collecting, Disclosing or Using Information for Marketing

In general, the district will not collect, disclose or use personal information from students for the purpose of marketing or selling that information or otherwise providing that information to others for that purpose unless required by law. For the purposes of this policy, "personal information" means individually identifiable information, including a student's or parent's first and last name, a home or other physical address, a telephone number and Social Security number.

In the rare case where the district may collect or disclose students' personal information or allow another group or entity to collect or disclose students' personal information for the purpose of marketing or selling that information, the district will directly notify the parents/guardians in accordance with law at least annually at the beginning of the school year of the specific or approximate dates when such information will be collected. Parents/Guardians, upon request, may inspect any instrument used to collect personal information for the purpose of marketing or selling that information before the instrument is administered or distributed to a student. All parents/guardians and students of appropriate age may decline to provide the information requested.

This portion of the policy does not apply to the collection, disclosure or use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for or to students or educational institutions, to the extent allowed by law and Board policy.

POLITICAL CAMPAIGNS

Policy: DCB

No contribution or expenditure of district funds shall be made directly by any Board member, employee or agent of the district to advocate, support or oppose any ballot measure or candidate for public office. This does not prevent Board members or administrators from making public appearances or issuing press releases concerning any such ballot measures.

Reasonable expenditures may be made solely for the purpose of providing patrons of the district with objective information regarding ballot measures in order to inform voters concerning issues that directly affect the district.

SMARTER ADULTS-SAFER CHILDREN

All employees must participate in the following training programs sponsored by the Missouri United School Insurance Council:

- MUSIC Bullying: Recognition & Response
- MUSIC Sexual Misconduct: Staff-to-Student

Building principals will receive instructions re: how these programs will be presented to employees. Trainings will occur through on-line training through the district website. Verification of completion is required from all employees annually.

Frequently Asked Questions About Work Related Injuries

Q. When injured at work, who should I report my injury to?

A. Always report an injury immediately to your supervisor. And if your supervisor is not available at the time, report it to the nurse, or another office attendant. So, someone in the building is aware of the accident.

Q. Who is my immediate supervisor?

A. If you are a teacher, support staff, or custodian at a building, your immediate supervisor would be the principal. If you are maintenance your immediate supervisor would be Russ Leary.

Q. If I was injured on the job, and need to seek medical attention the day of injury, do I have to use my own leave?

A. If the injury is something that the building nurse cannot treat, and you are authorized to seek medical attention at one of the locations specified, that initial visit does not count against your time.

Q. If I have sought medical attention, and the doctor asks me to come in for a follow up visit, do I have to use my own leave?

A. Yes, if you choose to make the follow up visit during work hours, you would need to use your own leave. And if you don't want to use your own leave, arrange for the follow-up visit to be after work hours.

Q. How will I know if I am on Workers Compensation?

A. An employee is not considered on workers compensation until the District informs the employee that due to the restrictions placed on one by the physician due to a work related injury, the District will not be able to accommodate those restrictions for one to carry out their daily job.

Q. If I am not on Workers Compensation, what is my status if I am seeking medical attention?

A. If an employee incurs a work related injury, the employee will seek medical attention by a doctor that is within the District's Workers Compensation insurance provider. In most cases, the employee will have an initial visit, where the doctor will treat and evaluate the injury, and will give you a status update report to return to regular duty.

Q. What do I do with the status update report?

A. The employee needs to turn a copy of the status update report into their immediate supervisor when returning to work. In minor injuries, the status update report will state that the employee should return to work with no restrictions. If the status update report states, there are restrictions, your immediate supervisor will need to look over the restrictions and evaluate if they believe the employee can still perform their daily job with those restrictions, and if so they will have you continue to carry out your work day. If your immediate supervisor doesn't feel you can carry out your regular job duties with the restrictions set by the physician they will make a recommendation to Russ Leary (maintenance or custodial staff), or Jeff Marion (administrative, teacher, or support staff), on whether or not you should be working. The employee will then be notified at that time.

Q. If I am told that I cannot be accommodated with the restrictions, what are my options?

A. The District will inform you that you will be on Workers Compensation until your status update report restrictions change. At that time it will be evaluated again on whether or not the district can accommodate the assigned restrictions. At that time, the employee will not be on the District payroll, and will be paid through our insurance company. The employee is responsible for dropping a copy of that status update report off to their supervisor after each visit.

Q. What if I have further questions?

A. Please feel free to contact Rhonda Welty at anytime with work related injury questions (636-443-4006).
