Superintendent's Desk

Dr. Jason T. Sefrit, Superintendent

During the 2021-2022 school year, we were challenged to be our best in everything we did as the pandemic continued to push us. As I reflect on the past year, I'm very proud of the work our staff and students accomplished through all of the adversity. By believing in every student and working together, we succeeded. Hands down, the last two and half years have been some of our most trying times, but we continue to move forward together and prevail through it all.

We are hard at work preparing for the start of the 2022-2023 school year. The first day of school is Tuesday, August 23. Our unwavering priority is to provide a learning environment that is safe, equitable, and one that ensures the learning and growth of every student.

Our Big Rocks of Response to Intervention (RTI) for every student and meeting student needs continue to be the catalyst to making certain our district's mission to reach, teach, and empower all students is achieved. We strive every day to make sure every student feels truly valued, supported, and loved. We will continue to do everything we can to love, care for, and grow our

students and staff to be GREAT. SCSD is a special place where students and staff can bring their diverse backgrounds, skill sets, and passion to better themselves, others, and the group as a whole. We are truly united in our strength of diversity, equity, and inclusion. Together, we make a GREAT team, and GREAT things happen here!

I want to personally thank you again for approving our latest no-tax rate increase bond issue initiative in the spring of 2021. Because of your support, major projects are taking place throughout the school district. This summer, Monroe and our Success Campus are under major renovations. Other district-wide projects this summer include HVAC work, LED lighting installation, and the re-keying of doors. Projects from the latest bond issue will continue to take place over the next couple of years. Also, please make sure you check out the district fact sheet in this newsletter. You will be able to get a quick snapshot of key facts (student, staff, financial, other pertinent information) about the district.

It's my honor and privilege to continue serving as Superintendent of the City of St. Charles School District. We can't wait to start another year-long journey with you. Thank you for your ongoing support! We have a vibrant, successful, and strong school district because of the wonderful community of staff, students, families, and supporters that continue to unite together and do GREAT things together.

Enjoy the rest of your summer. We can't wait to see you later in August!

BE GREAT,

Jason T. Sefrit, Ed. D.

SCSD 2022-23 Official Notifications

SURVEYING, ANALYZING OR EVALUATING STUDENTS (Notification of Rights under the Protection of Pupil Rights Amendment)

Inspection

Parents may inspect, upon request, instructional material used as part of the educational curriculum and instructional materials, including teachers' manuals, films, tapes or other supplementary material, that will be used in connection with any survey, analysis or evaluation. Further, a parent may inspect, upon request, a survey created by a third party before the survey is administered or distributed by a school to a student. The term "instructional material" does not include academic tests or academic assessments.

In general, the district will not collect, disclose or use personal student information for the purpose of marketing or selling that information or otherwise providing the information to others for that purpose. In the rare case where the district may collect information from students for the purpose of marketing or selling that information, parents may inspect any instrument used before the instrument is administered or distributed to a student, upon request and in accordance with Board policy.

Parents will be notified at least annually at the beginning of the school year of this policy and within a reasonable period of time after any substantive change in the policy. The district will directly notify parents at least annually at the beginning of the school year of the specific or approximate dates during the school year when the above described surveys or evaluations are scheduled or expected to be scheduled or when information for the purpose of marketing will be collected. Parents have the opportunity to opt the student out of participation in any surveys or evaluations described in this policy.

Consent Required

In accordance with law, no student, as part of any program wholly or partially funded by the U.S. Department of Education, shall be required to submit to a survey, analysis or evaluation (hereafter referred to as "protected information survey") that reveals any of the following information without written consent of a parent:

1. Political affiliations or beliefs of the student or the student's parent.
2. Mental or psychological problems of the student or the student's family.
3. Sex behavior or attitudes.
4. Illegal, antisocial, self-incriminating or demeaning behavior.
5. Critical appraisals of other individuals with whom respondents have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers.
7. Religious practices, affiliations or beliefs of the student or the student's parent.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

Notice and Opportunity to Opt Out

In accordance with law, parents will receive prior notice and an opportunity to opt a student out of:

1. Any other protected information survey, as defined above, regardless of the funding source.
2. Any other nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and not necessary to protect the immediate health and safety of a student, or any physical exam or screening permitted or required under state law, except for hearing, vision or scoliosis screenings.
3. Activities involving the collection, disclosure or use of personal information obtained from students for marketing, selling or otherwise distributing information to others.

SCSD 2022-23 Official Notifications

SURVEYING, ANALYZING OR EVALUATING STUDENTS (CONT.) (Notification of Rights under the Protection of Pupil Rights Amendment)

The district will directly notify parents at the beginning of the school year of the specific or approximate dates during the school year when the above-listed activities will occur or are expected to be scheduled.

Notification of Policy and Privacy

In accordance with law, parents will be directly notified of this policy at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

If a survey covering one (1) or more of the eight (8) listed issues is distributed, regardless of the source of funding, the district will take measures to protect the identification and privacy of the students participating in a protected information survey, regardless of the source of funding. These measures may include limiting access to the completed surveys and the survey results as allowed by law. All student educational records will be protected in accordance with law and Board policy. Parents have the opportunity to opt the student out of participation in a survey covering one (1) or more of the eight (8) listed issues.

The provisions of this policy applicable to parents will transfer to a student who is 18 years old or emancipated.

MISSOURI COURSE ACCESS PROGRAM (MOCAP)

Because virtual instruction can be an effective education option for some students, the district may offer virtual courses to students through district staff or by contracting for those services as part of the district-sponsored curriculum. In addition, eligible students may enroll in virtual courses offered through the Missouri Course Access Program (MOCAP). The district will accept all grades and credits earned through district-sponsored virtual instruction and MOCAP.

The district will pay the costs of a virtual course only if the district has first approved the student's enrollment in the course as described in this policy. Even if a student or his or her parents/guardians pay the costs for a virtual course, the student or parents/guardians should meet with the principal or designee prior to enrollment to ensure that the course is consistent with the student's academic and personal goals.

The district is not required to provide students access to or pay for courses beyond the equivalent of full-time enrollment. The district will provide supervision for students who take virtual courses in district facilities but will not provide supervision for students taking virtual courses offsite.

Students taking courses virtually are subject to district policies, procedures and rules applicable to students enrolled in traditional courses including, but not limited to, the district's discipline code and prohibitions on academic dishonesty, discrimination, harassment, bullying and cyberbullying.

2022-23 McKinney Vento Information

McKinney Vento Definition:

A homeless student lacks a fixed, regular and adequate nighttime residence. This includes students who are staying in transitional or emergency shelters, campgrounds, or motels; sharing housing with other families due to a loss of housing or an inability to afford housing; abandoned in a hospital, staying in substandard housing or living in places not ordinarily used for sleeping; and students who have run away or have been thrown out of their homes.

INITIAL ANNUAL WRITTEN NOTIFICATION TO USE PUBLIC FUNDED PROGRAM BENEFITS OR INSURANCE Medicaid--MO HealthNet

Part B of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) allows school districts to use specific government funded public program benefits to assist with costs associated with special education services. Amended federal regulations require the District to provide initial written notification, and annually thereafter, to the student's parent/guardian before accessing the student's or parent's government funded *public* program benefits or insurance for billing purposes (i.e., Medicaid – MO HealthNet) for the first time on or after March 18, 2013 and prior to obtaining one-time written parental consent. *Participation in MO HealthNet for Kids and/or MO HealthNet program is not required for any student to receive free appropriate public education (FAPE) under IDEA.*

One-time written parental consent to release personally identifiable information to the State's Medicaid agency, healthcare staff or other public insurance programs to determine, access and recover entitled program benefits from a student's or parent's government funded public program benefits or insurance will be sought by the District. Consent is voluntary and may be revoked at any time. Consent does not give the District permission to access private insurance benefits. Failure to consent will not result in denial or limitation of services for the student nor limit rights to a free appropriate public education (FAPE) under IDEA.

Any questions or concerns should be directed to:

Assessment (Public Notice)

In the spring, your child may have participated in the Missouri Assessment Program (MAP) Grade-Level and End-of-Course assessments. The Missouri Assessment Program (MAP) evaluates students' progress toward the Missouri Learning Standards. Grade-Level and End-of-Course assessments provide important information that contributes to decisions concerning individual students, groups of students and educational programs/curriculum. Assessments are given in the subject areas of Communication Arts (grades 3-8), Mathematics (grades 3-8), Science (grades 5 and 8), High School Biology, High School English II, High School Government, High School Algebra I and High School Algebra II.

The Individual Student Report (ISR), includes an Achievement Level, which will describe his or her performance as Below Basic, Basic, Proficient or Advanced. The report also includes a short description of the knowledge and skills that are typically demonstrated by students in each Achievement Level.

We are expecting the ISRs for the Grade-Level and End of Course assessments to be delivered to our district this summer or fall and these will be distributed to parents in a timely manner after receipt in our district. If you are in need of your child's Individual Student Report (ISR) prior to regular distribution, please contact your child's school. Please note that Government was a field test and no scores will be reported for that exam.

In accordance with state law (RSMo. 160.518) and federal law (Part A - Subpart 1 - Section 1111(b)(2)(I)(ii)), the St. Charles R-VI School District is mandated to assess all students grades 3 - 8 with the state Grade Level Assessment and high school students with the appropriate End of Course Exam. When opting-in to public education, you are also opting-in to the state and federal regulations that are associated with public education and therefore, students who are in attendance during our district testing window will be required to participate in the testing. District 2022-23 Curriculum Update

Our Curriculum and Instruction team has been working hard this summer preparing for the upcoming 2022-23 school year. On July 1, we welcomed Dr. Earl Draper as our new Assistant Superintendent of Curriculum and Instruction. Dr. Draper comes to us from the Fort Zumwalt School District where he served as the principal of DuBray Middle School. Dr. Draper has 20 years of experience as a middle school teacher, assistant principal and principal.

Professional Development

Our amazing staff has been busy growing professionally this summer by participating in a variety of learning opportunities. Offerings have been both in-person and virtual. Teachers are learning many best practices and engaging instructional strategies. Administrators learned new tools for youth mental health first aid and learned about the new K-6 science program, mySci.

Several teachers also participated in Washington University's Institute for School Partnership, STEM TQ program. They spent an intensive two weeks learning how to integrate STEM in their classrooms and becoming STEM capable educators. Teachers got hands-on experience with various challenges and daily field trips across the St. Louis Metro area, including Victory Raceway, SLU Medical, Castlewood State Park, Urban Harvest, and more. This is the seventh cohort to participate in the program.

In addition, several teachers and administrators from across the St. Louis region joined at the City of St. Charles School District to learn from thought-leader Dr. Hess and Professor Julie Smith about how to engage students in respectful discussions that employ critical thinking.

Curriculum Update (cont.)

This important professional development takes educators' current skills as instructional professionals to the next level as the educational environment continues to evolve, giving way to more engaging discussions and experiences for students to expand their perspectives.

Through this PD, and the implementation of these practices as we begin the new school year, educators will have a greater set of instructional tools at their disposal to help guide our students in effective, respectful, and engaging discourse.

Curriculum Writing

Teachers have been collaborating all summer long to finalize science curriculum, update essential components like common formative assessments and priority standards in our ELA and Math curricula, as well as gearing up for curriculum revisions for K-12 Gifted, Social Studies and ELL.

St. Charles County CAPS Program

The 2022-2023 school year marks the 5th year of offering the St. Charles County CAPS program to all 14 public high schools in St. Charles County. High School juniors and seniors fast forward into their future and are fully immersed in a professional culture, solving real-world problems, using industry standard tools, and are mentored by actual employers, all while receiving high school credit.

CAPS is an example of how business, community, and public education can partner to produce personalized learning experiences that educate the workforce of tomorrow, especially in high-skill, high-demand jobs.

CAPS is currently accepting applications for the City of the St. Charles School District. The district pays for 21 spots in the three strands of CAPS: Healthcare, Technology Solutions (IT and Creative Media), and Global Business Entrepreneurship. Care to Learn-St. Charles

An estimated 43% of students in the St. Charles School District live below the poverty line and qualify for free/reduced lunch. Poverty can alienate kids, making school a lonely, scary place. They come to school distracted by hunger and limited by embarrassment - their education an afterthought to survival.

You can make a difference! Your support helps alleviate the suffering that occurs when basic needs go unmet.

The mission of Care to learn is to provide immediate funding to meet the emergent health, hunger and hygiene needs so every child can be successful in school.

A toothbrush. A coat. Deodorant. Breakfast. These are the things that stand between children and belonging—basic unmet needs that cause pain and embarrassment.

As of July 2019, the City of St. Charles School District has become one of 35 chapters for Care to Learn in the state of Missouri. 100% of every donation is spent on the needs of local students. Every dollar donated to St. Charles Care to Learn is spent on students in the St. Charles school district.

Since its founding in 2008, Care to Learn has provided assistance over 950,000 times with items that include backpacks filled with nutritional food, coats, jeans, shirts, shoes, hats and gloves, toothbrushes and toothpaste, shampoo, soap and deodorant, eyeglasses and hearing aids, transportation to school and medical appointments, and much, much more.
