### **Policy: GBCB**

The Board of Education expects that each professional and support staff member shall put forth every effort to promote a quality instructional program in the school district. In building a quality program, employees must meet certain expectations that include, but are not limited to, the following:

1. Become familiar with, enforce and follow all Board policies, regulations, administrative procedures, other directions given by district administrators and state and federal laws as they affect the performance of job duties.
2. Maintain courteous and professional relationships with pupils, parents/guardians, other employees of the district and all patrons of the district.
3. Transact all official business with the appropriate designated authority in the district in a timely manner.

9. The Board expects all students to be properly supervised at all times during school and during any school activity. Except in an emergency, no employee will leave an assigned group unsupervised.
10. Obey all safety rules, including rules protecting the safety and welfare of students.
11. Submit all required reports or paperwork at the time requested. Employees will not falsify records maintained by the school district.

15. School employees shall not direct a student to remove an emblem, insignia or garment, including a religious emblem, insignia or garment, as long as such emblem, insignia or garment is worn in a manner that does not promote disruptive behavior.

16. State law prohibits teachers from participating in the management of a campaign for the election or defeat of a member of the Board of Education that employs such teacher.
17. Employees will not use district funds or resources to advocate, support or oppose any ballot measure or candidate for public office.
18. Employees will not use any time during the working day for campaigning purposes, unless allowed by law.

**STAFF/STUDENT RELATIONS**

**Policy: GBH**

The relationship between staff members and students in the school district should be one of cooperation, understanding and mutual respect. All employees have the responsibility to provide an atmosphere conducive to learning, which should be accomplished through effective individual and group discipline. All students and staff will treat each other with respect.

Differences and problems that arise between an employee and student are typically best worked out by conferences between these two (2) persons or between the employee and the parent of the student. However, employees and students should immediately report a violation or perceived violation of the district’s nondiscrimination and anti-harassment policy (AC), regardless of whether a conference has been held.

No employee may use his or her status as an employee to adversely influence a student of the district. No employee may date, make advances toward, or engage in any sexual relationship with a district student, regardless of the student’s age, the perceived consensual nature of the relationship, where the advances are made or whether the employee directly supervises the student. Further, no employee may discuss or plan a future romantic or sexual relationship with a student. All employees possessing evidence of or witnessing such conduct or sexual harassment shall report it to the district’s administration immediately. All employees or school officials who know or have reasonable cause to suspect child abuse shall immediately report the suspected abuse to the principal or to the Children’s Division (CD) of the Department of Social Services hotline, pursuant to state law.

**CHANGE IN PERSONAL DATA**

If you move to a different address, change your name, marital status, or receive a new telephone number, please notify the Human Resources Office, in writing within five days.

**PAYDAY SCHEDULES**

**Policy: DLA**

Professional staff (exempt) contracted or otherwise regularly employed on a 12-month basis will be paid twice a month on the fifth and twentieth days of the month.

Professional staff (exempt) contracted or otherwise regularly employed for less than 12 months per year shall be paid in 24 equal installments. Twenty equal installments will be paid on the fifth and twentieth days of the month, August through May. Two equal installments will be paid on June 5<sup>th</sup> and two equal installments on June 20<sup>th</sup>. The first payment for the next school year will be made on August 5<sup>th</sup>.

Professional staff being paid by time sheet will be paid on the fifth and twentieth days of the month based on hours worked.

When the fifth or twentieth of the month falls on Saturday, Sunday or a holiday, professional staff shall receive paychecks on the last work day preceding the fifth or twentieth.

**EXTRA-ALLOWANCE PAYMENTS**

If you have a year-long extra-allowance position, you will receive equalized payments over 23 pay checks throughout the year. For seasonal activity sponsors, however, we are no longer offering the 23-24 pay option. This change allows the district to minimize pre-payment of services as much as possible. As a result, we have limited payment options for seasonal stipends to a maximum of 10 payments. This prevents payment to individuals for services not yet provided and more closely aligns payment with the dates of actual service. Seasonal coaches/sponsors choosing 10 equalized payments will be paid in the following months:

|               |                  |
|---------------|------------------|
| Fall Season   | August - January |
| Winter Season | November - March |
| Spring Season | January – May    |

**RENEWAL OF PROFESSIONAL STAFF MEMBERS**

**Policy: GCPF**

The St. Charles R-VI School District will consider professional staff performance and the district's future staffing needs at least annually and make decisions regarding the continued employment of professional staff members for the next school year.

**Employment Contracts**

Certificated employees whose employment has been renewed will receive contracts no later than May 15.

When the district issues an employment contract to an employee, the district may notify the employee of the date the signed contract must be returned to the district. Failure to return the contract by that date will be considered a rejection of the district's offer of employment. Unless notified otherwise, or a tenured teacher on an indefinite contract, a re-employed, certificated staff member (other than the superintendent) has 15 calendar days to sign and return a contract to the designated person in the district, or the district, in its discretion, may consider the employment offer revoked.

In accordance with law, if an employee has a multi-year contract in which the employee's salary is set in the contract for the next fiscal year, the Board cannot take action to increase the salary in the existing contract unless the employee's duties are increased.

## **Tenured Teachers**

By law tenured teachers have an indefinite contract with the district and are therefore automatically considered employed for the next school year without Board action. In accordance with law, the district will notify these teachers on or before May 15 of their compensation for the next school year in accordance with the salary schedule and the school calendar.

## **Probationary Teachers**

On or before April 15 of each school year, the Board of Education shall notify in writing a **probationary** teacher who will not be retained by the school district of the nonrenewal of his or her contract.

If the teacher was non-renewed due to a decrease in student enrollment, school district reorganization or the financial condition of the school district, the written notice will include the reason for nonrenewal. Otherwise, upon request, the district will provide a concise written statement of the reason or reasons the contract was not renewed.

## **Certificated Administrative Staff Ineligible for Tenure**

The following rules apply to the employment renewal of all certificated administrative staff, other than the superintendent. On or before April 15 of the year in which a contract expires, the Board of Education shall notify the administrator in writing concerning his or her re-employment. Any motion regarding re-employment of such certificated employee shall include only one person and shall be made in the positive. A majority of the elected members voting in the affirmative shall constitute re-employment.

Non-renewed administrators who have tenure as a teacher in the district will be offered a teaching position in accordance with law and must provide written notice to the district by June 1 if they do not intend to accept the position.

If an administrator is non-renewed or demoted, and if the employee has been re-employed five times by the district, the employee may, within ten days following receipt of the notice, request a written statement of reasons. The statement shall be provided within ten days of receipt of the request. The employee shall be granted a hearing, if requested in writing within ten days after receipt of the statement of reasons. The hearing shall be held within ten days of the receipt of the request, and shall be open at the employee's request. The employee may have counsel, testify, offer evidence and cross-examine witnesses. After the hearing, no further action by the Board shall be required.

## **Non-certificated Professional Staff**

Unless otherwise required by law, the district may non-renew the contract of a non-certificated professional staff member by notifying the employee prior to entering into a new contract with the employee that his or her contract will not be renewed, or as allowed within the noncertified employment agreement, either party may terminate the agreement, during the term of the agreement, by providing written notice to the other party ten workdays before the intended termination date. In general, the district does not enter into employment contracts with non-certificated professional staff. Non-certificated professional staff employees are considered at-will employees and will continue to be employed with the district from year to year unless notified otherwise. When applicable, the district will provide reasonable assurance of continued employment status to employees prior to the summer break.

## **Allegations of Sexual Misconduct with a Student**

If a former district employee whose job involved contact with children was terminated, non-renewed or allowed to resign in lieu of termination as a result of an allegation of sexual misconduct with a student, or as a result of such allegations being substantiated by the Children's Division (CD) of the Department of Social Services' child abuse and neglect review board, the district is required by law to release information regarding the sexual misconduct to a potential public school or charter school employer who contacts the district regarding the former employee. In addition, if the CD substantiates a complaint of sexual misconduct with a student against a former employee of the district, the law requires the district to release the results of the CD investigation to any potential public school or

charter school employer who contacts the district.

When employment ends as a result of an allegation of sexual misconduct with a student, the district will provide appropriate due process prior to the release of information regarding the sexual misconduct to a potential public school or charter school employer, if feasible. The superintendent or designee is authorized to consult with the district's attorney to determine the appropriate level of due process to provide.

For the purposes of this policy, employees are considered "former employees" if they have resigned, been terminated, had their contracts non-renewed, or been notified that their contracts with the district will not be renewed or that the district is pursuing termination, even if the process has not been completed.

## **CERTIFICATION**

All teachers in the City of St. Charles School District must obtain and at all time maintain a valid certificate of license to teach in the public schools in the District and the State of Missouri. The City of St. Charles School District expects all teachers to be appropriately certified in each grade/subject area he/she is teaching. Teachers issued a license prior to September 1, 1988 have a **Life Classification** and maintain this certificate without completing any further requirements after the initial issue.

Any complaint made against a professional employee by any parent, student or other person will be called to the attention of the professional employee. Any complaint not called to the attention of the professional employee may not be used as a basis for any reprimand, discipline or discharge (per the Board approved Performance-Based Teacher Evaluation procedures referred to in policy GCN).

Any professional employee whose employment is being terminated will be afforded the applicable procedures outlined in state law.

In the event a professional employee is not continued in employment, the Board will, upon written request, advise the professional employee of the reason therefore in writing.

## **EVALUATION OF PROFESSIONAL STAFF**

### **Policy: GCN**

The Board requires a program of comprehensive, performance-based evaluations for teachers and other professional staff members it employs in order to ensure high-quality staff performance that improves student achievement. Evaluation instruments used by the district will minimally reflect standards for evaluation of professional staff adopted by the Missouri State Board of Education (State Board).

#### **Evaluation of Professional Staff Other Than Teachers**

All professional staff members contribute toward the achievement of the district's students and the overall success of the district. To ensure continuous improvement and growth, the supervisors of professional staff members will set performance goals, conduct continuous performance evaluations, and complete written summative evaluations annually.

#### **Teacher Evaluations**

The superintendent or designee will annually complete a summative evaluation of the performance of teachers in the district using an evaluation instrument that incorporates the Essential Principles of Effective Evaluation as adopted by the State Board.

The primary purpose of the evaluation is to improve student performance by promoting the continuous growth of teachers in a manner that is aligned with the district's Comprehensive School Improvement Plan (CSIP) and, where applicable, building improvement plans (BIPs). Results of the evaluation will inform employment and compensation decisions, but may not be the only factor considered.

The superintendent or designee, in consultation with the district's teaching staff, will develop procedures and instruments for professional staff evaluation.

#### **Teaching Evaluation Standards**

Teachers in the St. Charles RVI School District will be held to the following standards:

1. Content Knowledge Aligned with the Appropriate Instruction: The teacher understands the central concepts, structures and tools of inquiry of the discipline(s) taught and creates learning experiences that

make these aspects of subject matter meaningful and engaging for all students.

2. **Student Learning, Growth, and Development:** The teacher understands how students learn, develop, and differ in their approaches to learning and provides learning opportunities that are adapted to diverse learners and support the intellectual, social, and personal development of all students.
3. **Curriculum Implementation:** The teacher recognizes the importance of long-range planning and curriculum development and develops, implements, and evaluates curriculum based on student, district, and state standards.
4. **Critical Thinking:** The teacher uses a variety of instructional strategies and resources to encourage students' critical thinking, problem-solving and performance skills, including instructional resources.

8. **Professionalism:** The teacher is a reflective practitioner who continually assesses the effects of choices and actions on others and actively seeks out opportunities to grow professionally in order to improve learning for all students.
9. **Professional Collaboration:** The teacher has effective working relationships with students, parents, guardians, school colleagues, and community members

### **Counselor, Librarian, and Instructional Coach Evaluation Standards**

The district adopts the model standards for librarians and counselors developed by the Department of Elementary and Secondary Education and adopted by the State Board. The Instructional Coach Evaluation model was created to align with the Teacher Evaluation model to support the work of teaching and learning in the classroom.

#### **Recordkeeping**

The staff member receives an electronic copy of documents as they are created and signed. Further, summative evaluations and supporting documents are retained and secured within the web-based platform, accessible to the teacher and to the administrator.

### **PROFESSIONAL STAFF ASSIGNMENTS AND TRANSFERS**

#### **Policy: GCI**

The district recognizes that assigning qualified staff members to positions throughout the district is essential to providing an excellent educational program for all students. Every effort will be made to assign district staff to areas of the greatest need for the benefit of the students. The district will accept requests for transfer from employees, but will only honor those requests when it is in the best interest of the district and the educational program to do so.

#### **Definitions**

*Assignment* -- Placement in a particular position or building by the district.

*Transfer* -- Reassignment by the district at the request of the employee.

### **Professional Staff Assignment**

The Board directs the Assistant Superintendent of Human Resources to assess the professional staffing needs of the district annually and to assign professional staff as necessary to meet those needs. Although the Assistant Superintendent of Human Resources will take the employee's expressed preference into consideration, the ultimate decision must be based on the district's needs. The Assistant Superintendent of Human Resources may reassign staff members to different positions or buildings at any time, including after a contract has been signed or in the middle of the school year.

- a. Certificated employees will be notified on or before April 15 annually of their building assignment for the upcoming year. If the assignment is known at that time, the individual will be informed of the fact. Within a reasonable length of time after the assignment has been determined, the individual will be notified in writing.
- b. Assignment of a certificated employee to the subjects, department and/or grade within the building will be the responsibility of the building principal after holding a conference(s) with the individual(s) involved and as approved by the Assistant Superintendent of Human Resources. Where possible, certificated employees will be notified of their assigned grade level and/or assigned classes no later than June 1.
- c. In making assignments a teacher's wishes and aspirations, if known, will be taken into consideration but the ultimate decision will be made based on the district's needs.
- d. Before a certificated employee's building grade level and/or department assignment is changed, the employee will be consulted and if the employee requests, reasons will be given

### **Reassignment Due to Reduction of Staff**

When it becomes necessary to reduce personnel in the district, necessitating the reassignment of certificated employees, the certificated employee(s) must be working in the building in which the reduction of staff is necessary. To be reassigned, the certificated employee(s) must be properly certified and qualified for an existing position. To determine those individuals who are to be reassigned, the following criteria will be followed:

- a. Elementary K-6 -- The certificated employee(s) with the least seniority in the district, in the building where the reduction of staff is necessary, will be reassigned, provided the transfer does not create a vacancy that cannot be filled by an individual currently assigned to that building.
- b. Secondary 7-12 -- The certificated employee(s) with the least seniority in the district in the building, in the department where the reduction of staff is necessary, will be reassigned, provided the transfer does not create a vacancy that cannot be filled by an individual currently assigned to that building.

Those certificated employee(s) who are teaching in special subject areas such as special education, remedial reading, elementary physical education, elementary music, elementary art, etc., with the least seniority in the district, in the subject area where the reduction is necessary will be reassigned to positions for which they are certified and qualified.

### **Professional Staff Transfers**

Transfers in the middle of the year are discouraged and will be considered only in extraordinary circumstances. Professional staff requesting a transfer in the middle of the year must submit a letter requesting a transfer and discuss the request with both the employee's immediate supervisor and the Assistant Superintendent of Human Resources. Although the Assistant Superintendent of Human Resources will take the employee's expressed preference into consideration, the ultimate decision must be based on the district's needs.

- a. The Assistant Superintendent of Human Resources shall advise all certificated personnel of vacancies

- and/or new positions that occur in the district. Except in emergencies, such vacancies will be posted on the bulletin boards in school offices and teacher lounges at least five (5) school days prior to filling the permanent position. The five-day posting period will be waived between July 1 and the beginning of the school year except for new positions.
- b. All personnel seeking a transfer shall file their request with the Assistant Superintendent of Human Resources by the last day of the current school year. Reasons for requesting a transfer will be given in writing *and kept in confidence upon request*.
  - c. Certificated personnel requesting a transfer or those who must be reassigned will be granted an interview for the posted positions for which they apply and are qualified. As an exception, staff members interested in K-6 positions for the coming school year must participate in spring interviews with the group of K-6 principals which will be referenced in consideration for openings that are posted in the coming school year. All interviewed candidates will be notified in a timely manner regarding the status of the posted position. Candidates applying for a transfer after the cutoff date will not be guaranteed an interview.
  - d. Application for a different position by a person currently employed by the district shall not be a factor in determining that person's re-employment in his or her present position.
  - e. Before a candidate from outside the district is to be recommended to the Board to fill a position for which in-district candidates have interviewed, the Assistant Superintendent of Human Resources and the building principal will formally review that recommendation. The purpose of the review is to ensure that all steps have been followed regarding in-district candidates.

#### **STAFF CONCERNS/BUILDING CLIMATE**

Building Climate Representatives will be selected by the principal and SCEA building representative. The principal will meet with Building Climate Representatives once a month to discuss building level concerns/issues. Select staff members will be trained in Interest-Based Bargaining to facilitate problem-solving at the building level. In addition, each building will assess school climate annually.

#### **PROFESSIONAL STAFF MEETINGS**

##### **Policy: GCKB**

Faculty meetings are recognized as one way of communicating with staff. In addition to the regular school hours of duty attendance, all called and regularly scheduled faculty meetings shall be considered a part of each teacher's/nurse's professional contract. It is expected that such meetings shall close at a reasonable hour. Efforts will be made to notify teachers/nurses of faculty meetings at least one week in advance.

Since the primary responsibility of the teaching staff is the instruction of children, the district will assure that the interruption of the instructional process and the demands upon a teacher's time will be minimal. Therefore,

1. Curriculum review committee meetings will be voluntary and reimbursed at the posted rate or awarded continuing education credit.
2. Staffing for special services will be held during a teacher's regularly scheduled work day whenever possible.

#### **PROFESSIONAL STAFF TIME SCHEDULES**

##### **Policy: GCJ**

The standard school day is defined as that period of time a teacher is required to be in an educational facility as a participant in his or her standard teaching assignment. A teacher is required to be in the classroom each school day at least 20 minutes before the beginning of school. At the close of the school day, each teacher shall be available in

the classroom for a reasonable amount of time. It is mandatory that teachers grant before- or after-school time at pupil or parent request for conferences or help pertaining to any teacher-pupil situation. Every full-time teacher in the School District of the City of St. Charles shall have preparation time of not less than 250 minutes per week exclusive of lunch during the school day. Preparation time shall be scheduled as continuous time wherever possible. In any event, teachers (K-12) shall receive at least one 30-minute continuous preparation period per day, except that the building principal, in consultation with the teachers, may make such exceptions as are deemed necessary.

A teacher/nurse may leave the school premises during school hours when proper arrangements have been made and consent of a building principal or assistant principal has been obtained. In the absence of a building administrator, notification should be left with the building secretary.

A teacher shall have as a minimum a 25-minute duty-free lunch period. A nurse shall have as a minimum a 30-minute duty-free lunch period.

On days when all students are released from school so that parent-teacher conferences can be held, no additional meetings will be held that teachers will be required to attend. Building principals will seek input from their staffs when changes to scheduled starting and ending times are proposed.

## **PROFESSIONAL STAFF COMPENSATION**

### **Policy: GCBA**

The St. Charles R-VI School District needs highly qualified employees to accomplish its education mission and must offer competitive compensation to attract and maintain experienced professional staff in the district. The Board directs the superintendent or designee to annually research regional and statewide trends in employee compensation and consult with district employees to prepare competitive salary schedules and salary recommendations for the Board to consider, within the constraints of the district's finances. Only the Board has the authority to increase an employee's regular compensation or grant employees an extra-duty position or stipend.

As required by law, teachers will be paid in accordance with a salary schedule adopted by the Board of Education. All full-time teachers will be paid at least the minimum teacher's salary as required in state law. Noncertificated professional staff and certificated staff members other than teachers will be compensated in accordance with a Board-approved salary schedule or will receive the amount of compensation approved by the Board for particular positions or particular employees. The schedule adopted by the Board will remain in effect until changed or modified by the Board in accordance with law.

### **Professional Staff Salary Schedule**

The Board is required to adopt a salary schedule for the compensation of teachers. Therefore, the Board will annually adopt a salary schedule that also applies to other professional employees, except administrators, and will place each professional in the school district on the salary schedule at least commensurate with, but not limited to, education, prior experience and experience in the district. The officially adopted salary schedule applies to all professional employees except members of the administrative staff.

The Board-adopted salary schedule may recognize characteristics beneficial to the district, such as certification and teaching in high-need areas, when it deems it necessary to secure or retain qualified personnel in any area where there is a shortage of staff. The Board of Education reserves the right to place teachers on the salary schedule at the time of employment as may be necessary to fill vacancies.

The following rules apply to the district salary schedule unless determined otherwise by the Board:

1. The Board will make every effort to adopt salary schedules prior to the statutory deadline for issuing teacher and administrator contracts, but salary schedules and other compensation must be determined along with the district budget no later than June 30. Any salary schedule adopted by the Board will remain in effect and continue to operate until Board action is taken to change or eliminate the salary schedule.

2. The Board may freeze the operation of the salary schedule when warranted by the financial condition of the district or other relevant reasons, as determined by the Board. Once a salary schedule is frozen, employees will not advance on the salary schedule until a vote is taken by the Board authorizing movement on the salary schedule.
3. An employee may not advance more than one step vertically and one column horizontally per year on the salary schedule unless such movement is allowed by the rules adopted by the Board and is uniformly applicable to that particular salary schedule or is otherwise approved by the Board.
4. An employee cannot progress on the salary schedule after entering into a contract for a school year unless such movement is specifically authorized in the contract.
5. Credit on the salary schedule may be granted for undergraduate credit earned after the bachelor's degree or master's degree, district workshops, curriculum work, some foreign travel, and other in-service offerings. Applications must be submitted to the assistant superintendent for curriculum and instruction for approval. Continuing Education Unit (CEU) applications that are denied may be appealed to the CEU committee, composed of three teachers and three administrators. The degree attained as well as graduate college hours toward a master's degree or beyond shall determine the column placement on the salary schedule.

Contract modifications for graduate credit (CEUs) and/or a master's or higher degree shall be granted at the beginning of the fall semester only. Verifications of credit (official transcript) for contract modification form must be received by the office of the Assistant Superintendent for Human Resources on or before November 1.

Teachers acquiring sufficient graduate credit or college credit from an accredited institution and previously approved by the assistant superintendent-curriculum or after attaining a master's degree may advance to the appropriate columns on the salary schedule. Teachers receiving 30 hours of graduate credit beyond the master's degree may advance to the MA+30 column on the salary schedule.

Education courses and other professional development may not be used to advance on a salary schedule unless the employee had prior administrative approval to take the course or participate in the professional development and count it for advancement on the salary schedule.

6. The district will recognize up to six years (placement on the seventh step) of similar, previous experience of an employee when placing that employee on the salary schedule. The Board delegates to the superintendent or designee the authority to set guidelines on which previous experiences qualify. In addition, the district may recognize military service or work experience that the district considers beneficial to the position. The maximum steps granted on the salary schedule for military service shall be two years. The maximum placement for retired teachers is Step 7.

It is the employee's responsibility to fully apprise the district of his or her relevant background when first being employed in the position. Once the employee is initially placed on the salary schedule, the district is under no obligation to review the placement.

### **Advancement on the Salary Schedule**

Advancement on the salary schedule shall be allowed, unless the Board of Education has established a salary freeze for the following:

- a. The salary a teacher will receive will be determined at the time the teacher contracts with the district, or by June 1 for tenured teachers.
- b. Part-time teachers shall advance on the salary schedule on a pro rata basis according to FTE.

- c. Should the Board approve movement on steps of the salary schedule, all full-time professional employees shall advance one step on the salary schedule for not less than 91 days of service, including service on holidays, teacher meeting days, of the annual contract in the district.

### **Compensation for Extra Duties**

In some situations and with Board approval, an employee may be provided extra-duty compensation or a stipend to compensate the employee for performing additional duties. In those situations, the amount of compensation will be determined by the Board and may be set by adopting an extra-duty salary schedule or approving a specific amount for the position.

### **Employee Responsibility**

Employees are responsible for verifying that their salary schedule placement, compensation rate and paychecks are accurate. An employee is required to notify the district within 30 days of receiving an inaccurate payment, and failure to do so could lead to discipline, forfeiture of amounts owed or deductions for excess pay received, as allowed by law.

### **Compensation Disbursement**

In general, professional staff will be paid in equal installments over 12 months, even if the employee's regular work schedule is less than 12 months. However, payment for extra duties that are seasonal or limited to a specific timeframe may be paid in the month the work was performed.

### **MILEAGE REIMBURSEMENT**

Staff members assigned to more than one school building are eligible for mileage reimbursement. It is your responsibility to maintain a travel log and complete necessary paper work as directed by your building principal, Human Resources, and/or designated administrator. Staff members must use the approved mileage chart when reporting mileage. The mileage rate is .48 per mile. If you have any questions, please contact your direct supervisor or Human Resources.

Special Education staff complete mileage reports through the office of the Director of Special Education.

### **PROFESSIONAL STAFF SUBSTITUTE PROCUREMENT**

Absences will be reported through the FRONTLINE ABSENCE MANAGEMENT system and vacancies filled accordingly. Please see your building administration for instructions regarding this process.

### **PROFESSIONAL EMPLOYEES SUBSTITUTING**

Professional employees who substitute for another employee shall be paid at the existing hourly/daily incremental substitute pay rate established by the Board.

The building principal will direct a teacher who has volunteered and is available to cover a class for another teacher. The hourly/daily incremental substitute pay rate will be posted annually in the building. In the event of an emergency when no other substitute is available, the principal may designate a staff member to supervise a class during planning time.

## **PERSONNEL RECORDS**

### **Policy: GBL**

It is the intent of the Board of Education to maintain complete and current personnel files for all district employees. Personnel records will include, but are not limited to: documentation of necessary certifications and licenses; compensation records; documentation of benefits received or offered and overtime or compensatory time earned; performance evaluations; records of disciplinary actions; and other records the district determines are necessary to effectively manage the employment relationship and verify compliance with relevant state and federal laws. Personnel records will be retained in accordance with the Missouri Secretary of State's applicable retention manuals.

### **Confidentiality**

The district creates and maintains personnel records for district purposes, and in general personnel records will only be available to district employees or independent contractors who are authorized by the district to access the information. In accordance with law, individually identifiable personnel records, performance ratings and records pertaining to employees, former employees or applicants for employment are closed and not accessible to the public. However, the names, positions, salaries and lengths of service of employees must be available to the public upon request. In addition, the district will provide access to personnel records to the district's legal counsel, to state and federal agencies with appropriate authority, and in situations where the record is used to defend the district in a legal or administrative action.

### **Storage**

Personnel records will be stored in accordance with good data management practices and in such a manner that only authorized personnel who need to know the information as part of their duties with the district have access to the records. There shall be only one (1) personnel file for each individual employee maintained in the central office by the Assistant Superintendent of Human Resources. Files containing immigration records and medical information regarding an employee will be kept separate from personnel files.

### **Parent/Guardian Access**

In accordance with federal law, at the beginning of each school year the district will notify the parents/guardians of each student attending any school receiving Title I funds that they may request information regarding whether the:

1. Student's teacher is certified to teach in the grade levels and subject areas in which the teacher provides instruction.
2. Student's teacher is teaching under emergency or other provisional certification status.
3. Student is provided services by a paraprofessional and, if so, the qualifications of the paraprofessional.

### **Employee Access**

Upon request to and in the presence of the appropriate administrative official, any employee will have the right to inspect his or her own personnel file during regular working hours, with the exception of the ratings, reports and records created or obtained prior to the employment of the individual, included in confidential placement papers and letters of reference.

Information of a derogatory nature will not be entered or filed in the employee's personnel folder until the employee is given notice, as well as an opportunity to review the information and comment thereon. The employee will have the right to append a reply to the statement, which will also be included in the folder.

### **Board Member Access**

An individual Board member has no greater access to confidential personnel records than any member of the public unless the Board member has been granted access by action of the Board or is serving in a capacity that requires such access.

If an individual Board member wants to view an employee evaluation or other confidential personnel information, the Board member may ask for the item to be put on the agenda for the next closed Board meeting. At the meeting, the Board member must explain why he or she has requested access to the record. If access is granted by the Board, the record will be available for all Board members to view at the meeting.

Employment contracts are not considered confidential personnel records, and individual Board members may inspect or copy these contracts upon request.

### **Records Required -- Professional Staff**

The administration shall maintain a personnel file in the office of the superintendent for each teacher it employs. It shall be the responsibility of each teacher to submit the following credentials during the first week of school.

- ▶ An official and complete transcript of college credits.
- ▶ A valid Missouri teaching certificate for the subjects or grades being taught.
- ▶ Withholding exemption certificates -- Federal and Missouri.
- ▶ Membership number in the Public School Retirement System of Missouri.
- ▶ Social Security number.
- ▶ Change of address, if applicable.

### **Release of Paychecks**

It is the responsibility of the individual employee to make any corrections or changes that occur during the time of his or her employment with the district.

Paychecks will not be released until all of the required forms have been received by the appropriate administrative office.

### **DIVISION OF FAMILY SERVICES**

In the event that a complaint is filed with the Missouri Division of Family Services or other similar agency alleging that an employee of the District has engaged in abuse or neglect as defined by the Missouri Child Abuse Act, the District will implement such measures as are required and permitted by law and Board policy to safeguard the interests of District students, while also permitting the employee an opportunity to respond to the complaint. The District acknowledges that resolving such complaints involves a careful balancing of the rights of employees and students, together with the District's obligations under state and federal law.

## **COMPLAINTS AND GRIEVANCES**

### **Policy AC**

#### **Policy GBM-1**

The Board subscribes to an orderly, well-defined grievance procedure for the resolution of problems derived from applications of Board policies and district regulations. Grievances will be handled expeditiously in accordance with the procedures approved by the Board. Complaints regarding sexual harassment will be resolved in accordance with policies

## **STAFF ABSENCES AND TARDINESS**

### **Policy: GBCBC**

Consistent contact with students and coworkers is necessary for an optimal learning environment and an effective working environment. Therefore, consistent attendance is an essential duty of any employee's position. While some absences are unavoidable, when an employee is routinely tardy, frequently absent or is absent for an extended period of time, the learning environment and district operations are negatively impacted. Employees may be disciplined or terminated for excessive absences or tardiness, which includes situations where employees come to work late, leave early or abandon their duties without permission from a supervisor. Unless authorized by the Board or the superintendent or otherwise authorized by law, an employee's absence or tardiness will be considered excessive or unreasonable in any of the following circumstances:

1. The absence is for a reason not granted as paid or protected leave under Board policy or law.
2. The absence results in the employee exceeding the amount of leave granted by the Board.
3. The employee has not otherwise exhausted applicable leave days, but the absence exceeds 5 days a month, 20 days in a semester or 40 days per school year or is otherwise disruptive to district operations, as determined by the district.
4. The employee fails to appropriately notify the district of an absence as soon as possible after the employee knows he or she will be absent (commonly called No-Call, No-Show).
5. The employee does not provide the district complete and accurate information about the absence, does not respond to requests for information, or does not provide documentation related to the absence as requested or required.
6. The employee does not first obtain permission to be absent from the appropriate supervisor when required to do so.
7. The absence is for any reason other than the one given for the absence.

Even if the absence or tardiness is authorized by the Board or the superintendent, if the absence or tardiness occurs for a reason not granted as paid leave under Board policy or if it exceeds the number of days the employee has been granted under a designated leave, the employee's salary will be docked. Violation of this policy constitutes misconduct and may result in the loss of unemployment benefits if a claim is filed.

Employees will not be disciplined or terminated for absences qualifying for protection under the Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA), or other applicable law.

### **Failure to Contact the District**

If an employee without an employment contract is absent from work, does not contact his or her supervisor, and does not respond to attempts by the district to contact the employee and the employee's emergency contact, the district will assume the employee has resigned his or her employment with the district and will consider the position vacant. If an employee with an employment contract is absent from work, does not contact his or her supervisor, and does not respond to attempts by the district to contact the employee and the employee's emergency contact, the district will send a letter and any other appropriate communication to the employee stating that if the employee does not contact the district, the district will assume that the employee has voluntarily resigned from his or her position with the district. If the employee still does not contact the district, the district will assume that the employee has resigned and

will consider the position vacant. The district may share with potential employers seeking information about a former employee the fact that the employee failed to contact the district or resign.

### **PROFESSIONAL STAFF SHORT-TERM LEAVES**

#### **Policy: GCBDA**

Consistent contact with students and staff is important to the learning environment and district operation and therefore is an essential duty of a professional staff member's position. However, the Board recognizes that there are circumstances that require an employee to miss work, and the purpose of this policy is to identify situations where paid and unpaid leave from work are appropriate.

The district will allow professional staff members to be absent from their duties for the reasons and the lengths of time listed in Board policy, as long as these absences are not excessive.

The district may require an employee to provide verification or certification of an illness from a healthcare provider or supply other documentation verifying the absence, satisfactory to the administration, before the district applies sick leave or other applicable paid leave to the absence. In accordance with law, the district may require an employee to present a certification of fitness to return to work whenever the employee is absent from work due to the employee's health.

The following leaves with pay will be provided to full-time professional staff employees. Regular part-time professional staff employees will receive these leaves on a pro rata basis. This policy does not apply to temporary or substitute staff members unless otherwise noted.

#### **I. Absence from Duty (AFD) Leave**

Certificated employees who work nine and one-half and ten months will receive 13 AFD leave days per year; 11-month employees will receive 14 AFD leave days per year; and 12-month employees will receive 15 AFD leave days per year. This leave may accumulate to a maximum of 180 days. Part-time certificated employees shall receive AFD leave days on a pro-rated basis.

Absences for the reasons described below are eligible for AFD leave:

1. **Sick Leave** – Absences may be charged against AFD leave for the following reasons:
  - a. Illness, injury or incapacity of the employee. The Board reserves the right to require a healthcare provider's certification attesting to the illness or incapacity of the claimant and/or inclusive dates of the professional employee's incapacitation. Family and Medical Leave Act (FMLA) health certification procedures apply to FMLA-qualifying absences, even if such absences are paid sick leave. Verification of absences potentially qualifying for FMLA shall proceed according to the FMLA rules, rather than this section of the policy. (For more information regarding FMLA leave, see Board policy GBBDA.)
  - b. Illness, injury or incapacity of a member of the professional employee's immediate family in which instance it is necessary for the professional employee to be with the member of his or her family during such incapacity. (Note: "Family" for FMLA purposes is more limited.)
  - c. Illness, injury or incapacity of those of kinship residing within the professional employee's household in which instance it is necessary for the professional employee to be with the relative during such incapacity. (Note: "Family" for FMLA purposes is more limited.)

- d. Illness, injury, incapacity or death of other relatives with permission granted by the Assistant Superintendent of Human Resources.
- e. Pregnancy, childbirth and adoption leave in accordance with this policy.

Staff members who are ill are encouraged to stay home to promote healing and reduce the risk of infecting others, especially during a pandemic or other significant health event. In the event of a pandemic or other significant health event, schools may be closed to all staff and students or just students. If schools are closed only to students, staff members are expected to work regular schedules or use appropriate leave.

Whenever possible, it is expected that requests for leave will be made to the proper administrator in advance of the time the leave is requested. The administration will respond promptly to the professional employee's request. However, 30 days' notice is required by law if the leave qualifies as FMLA leave and such notice is practical. If any professional employee is absent from school or no arrangements have been made with the principal, the professional employee shall as soon as possible provide reasons for such absence.

Excessive absence – The superintendent/designee specifically retains the authority to request verification or certification, satisfactory to the administration, from an employee regarding the reason for the employee's absence whenever the superintendent/designee has reason to believe that an employee may be absent in violation of Board policy, or may otherwise be abusing the employee AFD leave benefits.

Any employee who does not submit such verification or certification, satisfactory to the administration, within 15 days shall have deducted from his or her pay an amount equal to the number of days absent times the professional employee's regular daily pay, distributed equally over the remaining number of pay periods in that fiscal year.

Absence from duty without proper excuse or verification may be considered grounds for disciplinary action and will result in the deduction of the appropriate number of days pay at the professional employee's daily rate. (Divide the employee's annual contractual salary, including supplementary pay contract if affected, by the number of days specified in the contract.)

No employee will be disciplined or terminated for absences qualifying for protection under the FMLA or other applicable law.

A professional employee, for the purpose of sick leave, shall be defined as an employee in a position that requires certification.

## 2. **Sick Leave Absence**

All present employees who are eligible for the sick leave reserve as of the beginning of the 1998-99 school year are grandfathered under the following policy.

After a professional employee has completed five consecutive years of service, or the part-time equivalent thereof, in the School District of the City of St. Charles, 130 days of sick leave reserve will be credited to the professional employee to be used only for the purpose of the professional employee's personal illness. Accumulated sick leave combined with sick leave reserve shall not exceed 180 days. All current and accumulated leave shall be expended before leave days can be deducted from the 130-day reserve. Any unused days of current sick leave and personal leave will, at the end of the school year, be used to rebuild sick leave reserve to the 130 days maximum only after the accumulated sick leave has reached 60 days.

Those professional employees returning to the school district, who left on a leave of absence granted by the Board of Education, may recover their accumulated sick leave and sick leave reserve as it was prior to their departure.

The professional employee shall be notified at the beginning of each school year the total number of current and reserve sick leave days credited to him or her at that time.

3. **Sick Leave for Extra-Duty Assignments**

If, due to medical disability, an extra-duty sponsor or coach is unable to perform such extra duty or coaching duties, the professional employee will be compensated for such extra-duty assignment during the time of disability but not to exceed one year. However, to be eligible for such disability pay, the professional employee/sponsor must have completed at least five consecutive years of extra-duty contracts at the time of disability and have been employed by the district in a teaching capacity for at least five years.

4. **Personal Leave**

A maximum of three days of AFD leave will be available for personal leave per school year. Professional employees will be granted leave under the following conditions:

- ▶ The principal shall be given five days prior notification when feasible.
- ▶ No more than three professional employees from one building may use personal leave on any one day.
- ▶ Personal leave may not be used the day before or the day after winter/spring break.
- ▶ Request for the personal/professional leave day shall be made by completing the proper authorization form located in the principal's office.
- ▶ Following the guidelines noted above, employees may send a written request (cc: principal) to the Assistant Superintendent of Human Resources requesting permission to use up to two (2) sick days as personal days.

Any exceptions to the above must be approved by the Assistant Superintendent of Human Resources.

5. **Educational Conference Leave**

A maximum of one day of AFD leave will be available for an employee who chooses to attend an educational conference at his or her own expense. Request for Educational Conference Leave shall be made by completing the Professional Trip Form and receiving prior approval to attend this conference from the principal/supervisor.

6. **Religious Observance Leave**

A maximum of two days of AFD leave will be available per school year for mandatory religious observance. To be eligible for paid leave under this policy, the employee must submit a religious observance request to his or her principal/supervisor at least 30 days prior to the requested leave. In addition, leave under this policy will only be granted for religious observance when the leave requested is a day on which performance of work duties is prohibited by the employee's religion.

7. **Bereavement Leave**

Employees may use three days of paid bereavement leave and two additional days of AFD Leave annually for bereavement for family or friends. Professional employees whose assignment is less than 1.0 FTE may use three days of bereavement at the equivalent hours per day of the teaching assignment for family or friends. An example of this would be a professional employee teaching two hours per day would receive three two-hour days of paid bereavement and two two-hour days of AFD Leave for bereavement. These hours may not be combined; they must be used as separate days. Requests for AFD leave beyond the two days allowed per policy will be considered if submitted in writing to the Assistant Superintendent for Human Resources. Such requests must include supporting documentation (e.g., funeral notice).

8. **Leave for Continuing Education**

Leave may be granted to an employee for the purpose of entering a summer school program on schedule or to remain in school until the close of the summer session. The number of days absent shall be deducted from the employee's current or accumulated sick leave.

9.

Absences may be charged against AFD leave for court appearances, unless applicable law or policy provides for paid leave, and for leaves authorized by law, policy or the Board that would otherwise be unpaid including, but not limited to, leave under the FMLA.

***Pay for Unused Absence from Duty Leave***

Effective beginning with the 2013–2014 school year, certified/professional employees who have full-time equivalent years of service (combined part-time and full-time FTE, this service does not have to be continuous) in the St. Charles School District, as outlined below, will be paid for any unused AFD leave (up to 150 days) for written notification of intent to retire/resign/separate at the conclusion of the work agreement for that fiscal year at the following rates:

|  | <b>Notification<br/>by 12/1</b> | <b>Notification<br/>12/2–1/31</b> | <b>Notification<br/>After 1/31</b> |
|--|---------------------------------|-----------------------------------|------------------------------------|
| 1–9 FTE equivalent<br>years of service           | \$40/day                        | \$30/day                          | \$20/day                           |
| 10–19 FTE equivalent<br>years of service         | \$50/day                        | \$40/day                          | \$30/day                           |
| 20 or more FTE<br>equivalent<br>years of service | \$60/day                        | \$50/day                          | \$40/day                           |

Payments will be made within 60 days of the employee's separation from the district.

If notice is not possible, the Board may make an exception to this policy.

In case of the death of an employee to whom pay for unused leave is owed pursuant to Board policy, the unused leave will be paid to an individual designated by the employee. If no designation is made, unused leave will not be compensated.

### ***Workers' Compensation Insurance***

Absence due to injury or illness incurred in the course of the employee's employment shall not be charged against his or her AFD leave days for the period of the Workers' Compensation total disability.

## **II. Vacation**

Administrators and other certificated personnel employed on a 12-month basis will receive four weeks of vacation during the contracted year. An employee must submit a written request for vacation to the superintendent or designee and receive written authorization before taking vacation days. If the employee's absence may disrupt district operations, the superintendent or designee has the discretion to deny a request for vacation or to limit the time of year the employee may take his or her vacation. Ten vacation days can be carried over every year with a deadline date of October 1 for using carry-over days.

### ***Unused Vacation Days***

An employee who terminates after one full year of employment will receive pay for unused vacation days.

- ▶ Vacation days shall be prorated in accordance with the number of months served during the fiscal year in which the employee terminates.
- ▶ Vacation used prior to termination shall be subtracted from the prorated vacation days.
- ▶ Employees will be paid for unused vacation days that exceed the number of prorated days for which they are eligible.
- ▶ Employees who have used more vacation than the prorated number of days for which they are eligible will have payment for the excess number of days deducted from their final checks.

Unless otherwise provided, the following leaves will be provided to full-time and part-time professional employees.

## **I. Holidays**

The district will grant paid and unpaid holidays in accordance with the academic calendar adopted by the Board. Employees whose assignments are based on a 12-month calendar will be paid for seven holidays. Employees whose assignments are based on less than a 12-month calendar will be paid for one holiday. Holidays may be modified or eliminated as needed when the academic calendar is changed due to inclement weather or for other reasons. Holidays may change from year to year. (See paid holiday eligibility/compensation.)

## **II. Professional Leave**

Professional leave shall be granted to attend classes or conferences, meet with mentors or participate in other professional growth activities. Professional leave must be approved by the Assistant Superintendent for Curriculum and Instruction in accordance with budgeted substitute days for professional leave, arranged well in advance and is not considered AFD leave.

## **III. Military Leave**

The Board shall grant military leave as required by law. Members of the National Guard or any reserve component of the U.S. Armed Forces who are engaged in the performance of duty or training will be entitled to a leave of absence of 120 hours in any federal fiscal year (October 1 – September 30) without impairment of efficiency rating or loss of time, pay, regular leave or any other rights or benefits. Employees shall provide the district an official order verifying that they are required to report to duty.

## **IV. Election Leave**

Any employee who is appointed as an election judge pursuant to state law may be absent on any election day for the period of time required by the election authority. The employee must notify the district at least seven days prior to any election in which the employee will serve as an election judge. No employee will be

terminated, disciplined, threatened or otherwise subjected to adverse action based on the employee's service as an election judge.

**V. Leave to Vote**

Employees who do not have three successive hours free from work while the polls are open will be granted a leave period of up to three hours to permit the employees three successive hours while the polls are open for the purpose of voting. Requests for such leave must be made prior to election day, and the employee's supervisors will designate when during the workday the leave should be taken. Any employee who properly requests leave to vote and uses the leave for that purpose will not be subject to discipline, termination or loss of wages or salary.

**VI. Jury Duty Leave**

An employee will be granted paid leave for time spent responding to a summons for jury duty, time spent participating in the jury selection process or time spent actually serving on a jury. An employee will not be terminated, disciplined, threatened or otherwise subjected to adverse action because of the employee's receipt of or response to a jury summons.

All professional staff employees who are selected for petit jury service and participate as a juror will:

1. Be required to notify the Assistant Superintendent of Human Resources of this service;
2. Be paid at their regular daily rate;
3. Not be charged for personal leave;
4. Be required to assign their jury duty pay vouchers to the school district before payment is made for days of jury service.

If, after appearing for jury selection, the individual is not selected as a juror, he or she must present the notice from the sheriff's office to the Assistant Superintendent of Human Resources in order to be paid for that day's absence.

**VII. Leave for Court Subpoena** – If the subpoena is directly related to the employee's school duties, the employee will be released for court appearance without loss of leave. Other court appearances will be deducted from AFD leave.

**VIII. Firefighter Leave** – Employees will be allowed to use AFD leave, vacation and/or unpaid leave for any time taken to respond to an emergency in the course of performing duties as a volunteer firefighter. For the purposes of this section, "volunteer firefighter" includes members of Missouri-1 Disaster Medical Assistance Team, Missouri Task Force One, Urban Search and Rescue Team or those activated by the Federal Emergency Management Agency (FEMA) in times of national disaster. Employees covered under this section shall not be terminated from employment for joining a volunteer fire department or for being absent from or late to work in order to respond to an emergency. Employees shall make every reasonable effort to notify the principal or supervisor if the employee may be absent from or late to work under this section. Employees are required to provide their supervisors with a written statement from the supervisor or acting supervisor of the volunteer fire department stating that the employee responded to an emergency along with the time and date of the emergency.

**IX. Crime Victim Leave** – Any employee who is a crime victim, who witnesses a crime or who has an immediate family member who is a crime victim will not be required to use vacation or AFD leave in order to honor a subpoena to testify in a criminal proceeding, attend a criminal proceeding or participate in the preparation of the criminal proceeding.

- X. **Civil Air Patrol Leave** – Any employee who is a member of Civil Air Patrol and has qualified for a Civil Air Patrol emergency service specialty or who is certified to fly counternarcotics missions shall be granted unpaid leave to perform Civil Air Patrol emergency service duty or counternarcotics missions without loss of time, regular leave or any other rights or benefits in accordance with law. The leave is limited to 15 working days in any calendar year, but is unlimited when responding to a state- or nationally declared emergency in Missouri. The district may request that the employee be exempted from responding to a specific mission.
- XI. **Coast Guard Auxiliary Leave** – Employees who are members of the United States Coast Guard Auxiliary will be granted an unpaid leave of absence for periods during which they are engaged in the performance of United States Coast Guard or United States Coast Guard Auxiliary duties, including travel related to such duties, when authorized by the director of auxiliary or other appropriate United States Coast Guard Authority. Such leaves of absence will be given without loss of time, regular leave or any other rights or benefits to which such employees would otherwise be entitled. The leave is limited to 15 working days in any calendar year, but is unlimited when responding to a state- or nationally declared emergency in Missouri or upon any navigable waterway within or adjacent to the state of Missouri. The district may request that an employee be exempted from responding to a specific mission.

### **Pregnancy, Childbirth and Adoption Leave**

This section creates no rights extending beyond the contracted period of employment. Please refer to Policy GDDBA for information regarding Family and Medical Leave Act (FMLA). FMLA certification and recertification procedures apply to FMLA-eligible employees. An employee must notify the district of the need for and anticipated duration of the leave at least 30 days before leave is to begin, if foreseeable. If 30 days' notice is not practical, the employee must give as much notice as possible. A pregnant employee shall continue in the performance of her duties as long as she is able to do so and as long as her ability to perform her duties is not impaired, based on medical opinion.

Employees eligible for FMLA leave for the birth, first year care, adoption or foster care of a child will have such leave applied in accordance with FMLA. The district offers employees extra (paid) leave congruent with their FMLA leave. The following extra (paid) leave options are available for employees.

Employees may take up to 8 weeks of paid leave (depending on amount of accrued sick leave), including a week of paid leave using 3 personal days and 2 sick days converted to personal, for regular birth/foster care/adoption.

Employees may take up to 10 weeks of paid leave (depending on amount of accrued sick leave), including a week of paid leave using 3 personal days and 2 sick days converted to personal, for c-section birth.

## **FAMILY AND MEDICAL LEAVE ACT**

### **Policy: GBBDA**

The district will administer leave that qualifies for Family and Medical Leave Act (FMLA) protection in accordance with federal law. This policy is intended for guidance and shall not be interpreted to expand the district's responsibilities beyond the requirements of the law. For employees who are not eligible for FMLA leave, including employees who have exhausted available FMLA-protected leave, requests for leave shall proceed according to the district's established policies.

### **Definitions**

The following definitions apply to FMLA leave:

*Armed Forces* – Army, Navy, Air Force, Marine Corps and Coast Guard, including the National Guard and Reserves.

*Child* – A biological, adopted or foster child; a stepchild; a legal ward; or a child of a person acting as a parent if the child is under 18 or 18 or over but incapable of self-care due to mental or physical disability at the time that FMLA leave is to commence. For the qualifying exigency leave and military caregiver leave only, the age of the child does not matter.

*Covered Active Duty* – In the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country. In the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty in accordance with law.

*Covered Servicemember (for qualifying exigency leave)* – The employee's spouse, child or parent under a federal call or order to covered active duty.

*Covered Servicemember (for military caregiver leave)* – The employee's spouse, child, parent or next of kin who is 1) a member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or 2) a veteran who is undergoing medical treatment, recuperation or therapy for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five years preceding the date the eligible employee takes FMLA leave to care for the veteran.

*Instructional Employees* – Employees whose principal function is to teach and instruct students in a class, a small group or an individual setting. This term includes athletic coaches, driving instructors and special education assistants, such as signers for the hearing impaired. It does not include teachers' assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

*Next of Kin* – For the purposes of military caregiver leave, the nearest blood relative other than a spouse, parent, son or daughter, in order of priority as established by 29 C.F.R. § 825.127.

*Outpatient Status* – Covered servicemember assigned to a military medical treatment facility or a unit established for the purpose of providing command and control of members of the Armed Forces as outpatients.

*Parent* – The biological, adoptive, stepparent or foster parent of a "child" as defined in this policy.

*Qualifying Exigency* – Issues that arise due to covered active duty or a call to covered active duty of an employee's spouse, child or parent, including issues involved with short-notice deployment, military events and related activities, childcare and school activities, the need for financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, parental care, and other activities as defined by 29 C.F.R. § 825.126.

*Serious Health Condition* – Illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice or residential medical facility or continuing treatment by a healthcare provider.

*Serious Illness or Injury (for military caregiver leave)* – 1) In the case of a current member of the Armed Forces, an injury or illness incurred in the line of duty on active duty in the Armed Forces (including the National Guard or Reserves) or that existed before the beginning of the service member's active duty and was aggravated by service in the line of duty, that may render the service member medically unfit to perform the duties of the service member's office, grade, rank or rating; and 2) in the case of a veteran, an injury or illness that meets one or more of the standards listed in 29 C.F.R. § 825.127 and that was incurred in the line of duty on active duty in the Armed Forces, or that existed before the beginning of the service member's active duty and was aggravated

by service in the line of duty, and that manifested itself before or after the service member became a veteran.

*Spouse* – Husband or wife. In accordance with law and for the purposes of this policy, this includes the other person with whom an individual entered into marriage as defined or recognized under state law in the state in which the marriage was entered into. If the marriage was entered into outside of any state, the marriage will be recognized if it is valid in the place where it was entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage.

*Veteran* – An individual who was a member of the Armed Forces (including a member of the National Guard or Reserves) and was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the veteran. For veterans discharged or released prior to March 8, 2013, the period between October 28, 2009, and March 8, 2013, does not count toward the determination of the five-year period mentioned in the previous sentence.

### **Eligibility**

To be eligible for FMLA leave benefits, the employee must:

1. Have been employed in the district for at least 12 months (but not necessarily consecutively).
2. Have been employed for at least 1,250 hours of service during the 12-month period immediately preceding the leave.
3. Be employed at a worksite where 50 or more employees are employed by the district within 75 miles of that worksite.

An absence may qualify for FMLA protection if it is for one of the following reasons:

1. Birth and first-year care of the employee's child.
2. Adoption or foster placement of a child with the employee.
3. Serious health condition of the employee that makes the employee unable to perform one or more of the essential functions of his or her job or the serious health condition of the employee's spouse, child or parent.
4. Care of a spouse, child, parent or next of kin who is a covered service member (including some veterans) with a serious illness or injury (military caregiver leave).
5. A qualifying exigency arising out of the fact that the spouse, child or parent of the employee is on covered active duty, or has been notified of an impending call or order to covered active duty, in the Armed Forces.

### **Notice to Employees**

#### ***General Notice***

The district will post notice to employees explaining FMLA benefits in accordance with law. If the district employs 50 or more employees, it will include FMLA notice in an employee handbook or other written guidance to employees concerning employee benefits or leave rights or will distribute a copy of the general notice to each new employee upon hiring. Notice may be provided electronically in accordance with law.

### ***Eligibility and Rights and Responsibilities Notices***

Absent extenuating circumstances, the district will provide the employee notice of the employee's eligibility to take FMLA leave and the rights and responsibilities of the employee within five business days of the request for leave or acquiring knowledge that an employee's leave may be for an FMLA-qualifying reason. Such notice will be provided at the commencement of the first instance of leave for each FMLA-qualifying reason in the applicable 12-month period, and no subsequent notice is required in the 12-month period unless leave is taken for a different qualifying reason or the employee's eligibility status has changed.

### ***Designation Notice***

When the district has enough information to determine whether the leave is being taken for an FMLA-qualifying reason, the district will provide written notice to the employee within five business days, absent extenuating circumstances, regarding whether the leave will be counted as FMLA leave. The district will notify the employee if a fitness-for-duty certification is required before returning to work and, if required, include a list of the essential functions of the employee's position. The district will notify the employee of the number of hours, days or weeks that will be counted against the employee's FMLA leave entitlement, if known. The district may designate leave as FMLA leave retroactively if the retroactive designation will not cause harm or injury to the employee.

### **Employee Notice to the District**

An employee must notify the district of the need for leave and explain the reasons for the leave so the district can determine whether the leave qualifies for FMLA. The leave may be delayed or denied if the employee fails to give such notice.

In all cases of foreseeable leave, the employee must provide notice, in the same manner that is required under the district's leave policies, to the superintendent or designee of the reasons for the leave, the anticipated duration of the leave and the anticipated start of the leave. If an employee fails to provide the required notice, the district may delay or deny the FMLA-protected leave.

When the approximate timing of the need for leave is not foreseeable, an employee must provide notice to the district as soon as practicable under the facts and circumstances of the particular case, in the same manner that notice is required under the district's leave policies. The employee or the employee's spokesperson, if necessary, shall provide sufficient information for the district to reasonably determine whether the FMLA may apply to the leave request.

If the leave is for a qualifying exigency, an employee must provide notice as soon as practicable, regardless of how far in advance the leave is foreseeable. For all other qualifying reasons, an employee must provide 30 days' notice of the need to take FMLA leave when the need for leave is foreseeable. When 30 days' notice is not practicable, the employee must provide notice as soon as practicable and must explain upon request why 30 days' notice was not practicable. "As soon as practicable" means as soon as both possible and practical under all the facts and circumstances of the individual case.

### **Leave Use**

For all FMLA purposes except military caregiver leave, the district adopts a 12-month leave year beginning on the employee's initial day of FMLA.

1. All eligible employees are entitled to leave for a period not to exceed 12 workweeks per leave year for:
  - ▶ The birth and first-year care of the employee's child.

- ▶ The adoption or foster placement of a child with the employee.
  - ▶ A serious health condition of the employee that makes the employee unable to perform one or more of the essential functions of his or her job or the serious health condition of the employee's spouse, child or parent.
  - ▶ A qualifying exigency arising out of the fact that the spouse, child or parent of the employee is on covered active duty, or has been notified of an impending call or order to covered active duty, in the Armed Forces. The amount of leave available for a particular type of qualifying exigency may be limited by law.
2. The FMLA leave year for military caregiver leave begins on the first day that such leave is taken and runs for the following 12 months. All eligible employees are entitled to military caregiver leave for a period not to exceed 26 workweeks of leave per single 12-month period for the care of a spouse, child, parent or next of kin who is a covered servicemember. Twenty-six weeks of leave are available per covered servicemember, per injury/illness; however, no more than 26 weeks of leave may be used during each single 12-month period.
  3. An eligible employee is entitled to a combined total of 26 workweeks of leave for any FMLA-qualifying reason during a single 12-month period, provided that the employee is entitled to no more than 12 workweeks of leave for one or more of the following: the birth of the employee's child or to care for such child; the placement of a child with the employee for adoption or foster care; in order to care for the employee's spouse, son, daughter or parent with a serious health condition; for the employee's own serious health condition; or because of a qualifying exigency. For example, an employee could take 16 weeks of military caregiver leave and still have ten weeks available for the birth of a child. However, an employee who used ten weeks of military caregiver leave could not take 14 weeks for the birth of a child because that exceeds the 12 weeks allowed for such leave. Leave that qualifies as both military caregiver leave and leave for the serious health condition of a parent, spouse or child will be designated first as military caregiver leave.
  4. When both spouses are employed by the district and eligible for FMLA leave, the leave will be limited to an aggregate total of 12 workweeks during a 12-month period in cases where the leave is taken for the birth or first-year care of the employees' child, adoption or foster placement of a child with the employees, or to care for a parent with a serious health condition. However, where both spouses use a portion of the total 12-week FMLA leave entitlement for the same qualifying event, the spouses would each be entitled to the difference between the amount he or she has taken individually and 12 weeks for another qualifying purpose. When both spouses are employed by the district and use military caregiver leave or a combination of military caregiver leave and leave for the birth or first-year care of their child, adoption or foster placement of a child with the employees, or to care for a parent with a serious health condition, both employees will be limited to an aggregate total of 26 workweeks of leave.
  5. The district shall apply all appropriate paid leave to an FMLA absence to the extent allowed by law and policy, giving proper notice to the employee. If an employee's accrued paid leave is exhausted, but an FMLA-qualifying reason for absence persists or a new FMLA-qualifying reason for absence occurs, the resulting absences will continue to be protected FMLA leave until allowable FMLA leave has been used, but such absences will be unpaid.
  6. When an employee has an absence that meets the criteria to be an FMLA-qualified absence, the district will designate such absence as part of the employee's total annual FMLA entitlement, even if the employee has not requested FMLA leave and/or is absent under paid or unpaid leave in accordance with law or district policy. If an employee is on a Workers' Compensation absence due to an injury or illness that would also qualify as a serious health condition under the FMLA, the same absence will also be designated as an FMLA-qualifying absence and charged against the employee's FMLA-protected time

entitlement.

7. FMLA leave may be taken intermittently as required for the health of the employee or family member or as reduced-schedule leave in increments no greater than the shortest period of time that the district uses to account for use of other forms of leave, provided that it is not greater than one hour and provided that the FMLA entitlement is not reduced by more than the amount of leave actually taken. Instructional employees may take intermittent or reduced-schedule leave to be with a healthy newborn only when the district and the employee have reached agreement for how the leave will be used.
8. The district reserves the right to require adequate certification and recertification of any FMLA-qualifying event or condition of the employee or employee's spouse, child, parent or next of kin and authentication or clarification of such certification as the district deems necessary. Failure to provide such certification when requested will result in denial of the leave, and may result in discipline or termination of employment. Employees on FMLA-designated leave must periodically report on their status and intent to return to work. The district may also require that an employee present a certification of fitness to return to work.

### **Instructional Employees**

If intermittent leave or reduced-schedule leave equals more than 20 percent of instructional time, the district may require instructional employees who take such leave due to medical reasons to take block leave or to find an alternative placement for the period of planned medical treatment. When an instructional employee on FMLA leave is scheduled to return close to the end of a school term, the district may elect to use a special rule to prolong the employee's leave until the beginning of the next school term, thus extending the leave beyond the period where an FMLA-qualifying reason exists. In such an instance, the prolonged leave time is unpaid and is not charged against the employee's annual FMLA entitlement. In cases where the special rules for instructional employees apply, the superintendent may apply those special rules or the general FMLA rules as best serves the interest of the district.

### **Leave Protections**

The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of the employee's leave. Eligible employees are entitled to continued participation in the district's health plan as long as they are entitled to FMLA leave protection; however, an employee who fails to return to work after the expiration of his or her allowed leave time will be expected to reimburse the district for those benefits paid, as required by law.

Eligible employees who are absent for an FMLA-qualifying reason generally may return to the same position or an equivalent position with equivalent pay, benefits and working conditions at the conclusion of the leave, in accordance with law. However, the district has the discretion to assign employees taking intermittent leave or returning from FMLA leave to a different position or a position in a different building, grade level or classroom as long as the employee has the appropriate certification or license for the position. Depending on the circumstances, instructional employees may be assigned to substitute teacher positions, positions as in-school suspension supervisors or other district positions for which they are certificated if the district determines that such placement is necessary to ensure consistency of instruction.

The FMLA makes it unlawful for any employer to interfere with, restrain or deny the exercise of any right provided under the FMLA. Additionally, it is unlawful for any employer to discharge or discriminate against any person for opposing any practice made unlawful by the FMLA or for involvement in any proceeding under or relating to the FMLA.

## **Recordkeeping**

The superintendent or designee will ensure that personnel records regarding FMLA eligibility and leave are maintained in accordance with law and available for inspection, copying and transcription by representatives of the U.S. Department of Labor upon request.

## **Enforcement**

The U.S. Department of Labor is authorized to investigate and resolve complaints of violation of the FMLA. An eligible employee may bring a civil action against an employer for violations. For additional information, contact the nearest office of the U.S. Department of Labor's Wage and Hour Division. 10/8/2015

## **WORKERS' COMPENSATION**

### **Policy: GBEA**

Pursuant to state law, an employee of the St. Charles R-VI School District who is injured, killed or who is exposed to and contracts any occupational disease arising out of and in the course of employment ("a work-related injury") will receive benefits from the district in accordance with this policy and Missouri Workers' Compensation Law ("the Law").

Employees driving district-owned or subsidized vehicles are not covered by this policy when driving such district-owned vehicles to or from the home or to or from the work station.

### **Reporting**

An employee must report all injuries immediately to his or her immediate supervisor by completing the district's incident report form. If the nature of the injury or illness is such that the employee cannot immediately submit the completed incident form, the employee's supervisor will assist the employee in completing the form as soon as possible, but no later than 30 days after the injury or illness. Employees who fail to report a work-related injury within 30 days of such injury or illness may jeopardize their ability to receive compensation and other benefits pursuant to law and this policy.

Upon receiving a report of an injury or illness, the supervisor will immediately forward the report to the superintendent or designee. The superintendent or designee will promptly forward a copy of the report to the district's workers' compensation insurance carrier and will be responsible for keeping the carrier informed of the employee's status.

### **Compensation**

Absence from duty resulting from a work-related injury will be compensated according to the Law. Employees who receive workers' compensation benefits for lost time from work due to a work-related injury are not eligible for additional sick leave or vacation benefits under this policy, except with respect to those employees whose average weekly wage as defined by the Law ("average weekly wage") exceeds the actual wage necessary to obtain the maximum total disability rate as defined by the Law ("maximum wage").

In addition to the benefits for temporary total disability allowed under the Law, an employee whose average weekly wage at the time of the work-related injury exceeds the maximum wage at the time of the work-related injury will receive in wages the difference between the employee's average weekly wage and the maximum wage during the time period such employee is entitled to temporary total disability benefits under the Law. This additional benefit provided herein does not affect an employee's wage rate for purposes of permanent disability benefits.

## **Use of Leave**

The district does not permit the use of paid leave for absences during the period when the employee receives workers' compensation wage benefits, except as provided herein. Because by law an employee will not receive workers' compensation wage benefits for the first three days of absence if the total absence is less than 14 days, the district will apply available paid leave for those days. However, the employee will only receive compensation for those days once the district knows that the employee will not receive workers' compensation wage benefits for those days.

Employees who are absent due to an illness or injury compensable under the Law and who are receiving such compensation will not lose seniority or any accumulated paid leave (except as provided herein) due to the absence. However, the employee will not continue to accumulate paid leave during the absence.

If an employee is on a workers' compensation absence due to an injury or illness that would also qualify as a serious health condition under the FMLA, the same absence will also be designated as an FMLA-qualifying absence and charged against the employee's FMLA-protected time entitlement.

Employees are required to use accumulated paid leave to receive medical treatment, evaluation or to attend physical rehabilitation during work time. If paid leave has been exhausted and the employee must be absent during work time to receive medical treatment, evaluation or to attend physical rehabilitation in conjunction with a work-related injury or illness, the employee may be granted unpaid leave.

## **Medical Providers**

The district may designate medical providers to be used in the administration of workers' compensation claims and treatment. NOTE: If an employee's injury is severe or life threatening, he or she should proceed immediately to the nearest hospital emergency room. A list of district-designated providers will be available to employees upon request. If a medical provider has been designated by the district and the employee chooses to use his or her own provider, the employee is responsible for all costs associated with the provision of those services.

An employee with a compensable injury must strictly follow any and all instructions of the treating physician. This compliance includes, but is not limited to: prescription use, therapy, rest, following activity restrictions, and returning for follow-up visits. Compliance with medical instructions is mandatory on and off the job. Failure to comply with the treating physician's instructions may result in the denial of benefits under the Law.

## **Failure to Return to Work after Physician Release**

An employee who fails to return to work after receiving a release from his or her treating physician to do so will be considered absent from his or her job without authorization.

## **Loss of Benefits**

An injury caused by the failure of the injured employee to use safety devices provided by the district or obey rules adopted by the district for the safety of employees will result in the reduction of benefits payable under this policy and pursuant to the Law.

Violation of the district's Drug-Free Workplace policy or any other district policy, procedure or rule relating to the use of alcohol or non-prescribed controlled substances will result in a reduction or loss of benefits payable under this policy and pursuant to the Law if the injury was sustained in conjunction with the use of alcohol or non-prescribed controlled substances.

The Board authorizes post-injury testing for non-prescribed controlled substances or alcohol in accordance with Board policy and law. Refusal to submit to the test will result in the loss of benefits.

An employee is disqualified from receiving temporary total disability workers' compensation benefits during any period of time in which the employee also receives unemployment benefits.

Temporary, partial or total disability workers' compensation benefits are not payable if an employee is terminated from employment for misconduct post-injury.

### **PROFESSIONAL STAFF LONG-TERM LEAVES AND ABSENCES**

#### **Policy: GCBDB**

A leave of absence without pay for a school year may be granted by the Board to regularly appointed professional employees who have completed at least five (5) consecutive years of service to the district immediately preceding the year in which the request is made. Written request to the Board should be made prior to March 1 preceding the year of requested absence.

### **PROFESSIONAL STAFF FRINGE BENEFITS**

#### **Policy: GCBC**

The Board recognizes that fringe benefits, such as insurance opportunities, are an integral part of the total compensation plan for full-time professional staff members. The superintendent or designee will research and present to the Board fringe benefit opportunities that will assist the district in attracting and retaining quality employees.

Unless otherwise indicated in this policy, a professional staff member is considered to be a full-time employee if he or she holds a position designated as full time in the relevant job description.

#### **Benefits Fully or Partially Paid by the District**

The district will provide access to and contribute toward the cost of the following benefit options for professional staff members:

1. *Health Insurance* – A group insurance program of medical coverage will be provided by the Board for all full-time certificated employees. An employee, at his or her expense, may choose spouse and/or dependent coverage.
2. *Dental Insurance* – The Board will provide all full-time certificated employees with A, B, C, D, dental coverage. Such policy will include a \$25 deductible, an annual ceiling of \$1,000 for A, B and C coverage; and a lifetime ceiling of \$1,500 for D coverage. An employee, at his or her expense, may choose spouse and/or dependent coverage.

4. *Life Insurance* – Life insurance will be provided for all full-time, certificated employees in an amount equal to the individual's annual salary, not including fringe benefits or supplementary pay. Premiums will be paid by the Board of Education. Additional life insurance may be purchased by the employee at the district rate.
5. *Personal Possession Insurance* – The Board will provide insurance on certificated employees' personal equipment that is used in the course of instructional duties. This coverage will include a \$25 deductible per occurrence. Equipment will be covered only if it is registered with the business office.
6. Other benefits as approved by the Board.

*Full-Time Personnel* – Employees whose regular assignment requires them to work not fewer than 30 hours/week for not fewer than six hours per day during the period of the employee's work year, excluding vacation, leave and holidays are eligible to receive paid dental and life insurance. Health insurance will be provided in accordance with law.

*Temporary Personnel* – Employees who accept assignment(s) for a predetermined period of time will not be provided Board-paid benefits except as required by law. This stipulation shall be included in the posting notices. The length of service for assignment may be based on:

1. Time needed to complete a specified task;
2. A specific date set for termination of an assignment;
3. The return of a full-time or part-time employee from an absence.

In accordance with law, any contract for an insurance policy provided for the benefit of employees will be submitted to competitive bidding at least every three years.

### **Health Insurance or Group Health Plan**

The Board will provide eligible full-time employees access to district-sponsored health insurance or a group health plan, in accordance with federal law. For health insurance or health plan purposes, an eligible employee is defined as a staff member the district reasonably expects to work an average of 30 hours or more per week as determined by law.

The district may require employee contributions toward district-sponsored health insurance or a group health plan as allowed by law.

Any district health insurance contract or plan shall include a provision allowing persons who retire from the district to remain or become members of the plan if they are eligible to receive benefits under the Public School Retirement System of Missouri (PSRS) or the Public Education Employee Retirement System of Missouri (PEERS) by paying premiums.

If employment terminates following the last day of the school year and before the commencement of the ensuing school year, certificated/professional employees will receive Board-paid medical insurance in accordance with the current insurance carrier. Notwithstanding the foregoing provision, certificated/professional employees placed on layoff are eligible for continued health benefits as provided in policy GCPA.

  - a. At the time of enrollment in the district's insurance program, the district's annuity contributions will cease and not be reinstated.

This option is available only for full-time certificated employees.

### **Benefits Provided by the District at Employee Expense**

In accordance with law, the district is required to establish a premium-only cafeteria plan unless the district provides health insurance through a self-insured or self-funded group health plan. Even if the district provides health insurance through a self-insured or self-funded plan, the district may choose to offer employees access to a cafeteria plan or other benefits at the employee's expense.

## **Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA) Requirements**

In accordance with law, the district-sponsored health insurance or group health plan will allow for continuing coverage of employees and their spouses, former spouses or dependent children after certain qualifying events upon payment of the applicable premium. This obligation applies to both district-paid and employee-paid options. Qualifying events include, but are not limited to, employee resignation from the district, most situations involving employee termination and situations where an employee's hours have been reduced so that he or she no longer qualifies for district-paid health insurance or the group health plan. The district will provide notices as required by law.

### **Insurance Committee**

A committee will be established to review the district's benefits provided under this policy and to make recommendations concerning the insurance specifications submitted for bid. The committee will be established by the Board of Education. Procedures for selecting members who serve on the committee will be determined by the Board or its designee.

### **INSURANCE**

If employment terminates following the last day of the school year and before the commencement of the ensuing school year, certificated/professional employees will receive Board-paid medical insurance accordance with the current insurance carrier. Please contact the benefit specialist for specific information.

### **EMPLOYEE REFERENCES**

#### **Policy: GBLB**

The district will maintain information regarding current and former employees as confidential within the limits of the law. Only the superintendent, assistant superintendent for human resources, or a person or persons specifically designated in writing by the superintendent or assistant superintendent for human resources may respond on behalf of the district to a reference request for a current or former employee. District employees must direct reference requests to the superintendent, assistant superintendent for human resources, or designee. Upon request, employees will assist the superintendent, assistant superintendent for human resources, or designee with the preparation of accurate reference information.

In accordance with federal law, district employees, contractors and agents are prohibited from writing personal references of otherwise providing assistance in obtaining a new job to any other school employee, contractor or agent who has been accused of sexual misconduct regarding a minor or student, as discussed later in this policy.

### **Disclosing Allegations of Sexual Misconduct to Other Public or Charter Schools**

If a potential public school employer requests a reference regarding a former employee whose job involved contact with children, the district will, in accordance with state law, notify the potential public school employer if the employee was terminated, non-renewed or allowed to resign in lieu of termination as a result of allegations of sexual misconduct with a student or as a result of such allegations being substantiated by the State of Missouri's child abuse and neglect review board.

If a potential public school employer contacts the district for a reference for any former employee about whom the CD has investigated allegations of sexual misconduct with a student and reached a finding of substantiated, the district will provide the results of the CD investigation to the potential public school employer, regardless of

whether the employee's job involved contact with children.

The district must provide these notifications regardless of whether the former employee has authorized the release of information. The district will provide due process as required by law prior to releasing information in accordance with this section, if feasible. The superintendent or designee is authorized to contact the district's attorney for advice on implementing this policy in accordance with law.

### **Immunity**

Any district employee who is permitted under this policy to respond to requests for references regarding former employees and who communicates only the information authorized by this policy in good faith and without malice is entitled by law to immunity against any civil action for damages brought by the former employee arising out of the communication of such information. District employees responding to requests for references in accordance with this policy may request the attorney general to defend them if sued.

### **Allegations of Sexual Misconduct with a Student**

If a former district employee whose job involved contact with children was terminated, non-renewed or allowed to resign in lieu of termination as a result of an allegation of sexual misconduct with a student, or as a result of such allegations being substantiated by the Children's Division (CD) of the Department of Social Services' child abuse and neglect review board, the district is required by law to release information regarding the sexual misconduct to a potential public school or charter school employer who contacts the district regarding the former employee. In addition, if the CD substantiates a complaint of sexual misconduct with a student against a former employee of the district, the law requires the district to release the results of the CD investigation to any potential public school or charter school employer who contacts the district.

When employment ends as a result of an allegation of sexual misconduct with a student, the district will provide appropriate due process prior to the release of information regarding the sexual misconduct to a potential public school or charter school employer, if feasible. The superintendent or designee is authorized to consult with the district's attorney to determine the appropriate level of due process to provide. For the purposes of this policy, employees are considered "former employees" if they have resigned, been terminated, had their contracts non-renewed, or been notified that their contracts with the district will not be renewed or that the district is pursuing termination, even if the process has not been completed.

### **RESIGNATION OF PROFESSIONAL STAFF MEMBERS**

#### **Policy: GCPB**

The district encourages employees to notify the superintendent or designee in writing as soon as they decide not to return or not to accept another contract with the district. Resignations become effective at the end of the school year in which they are submitted unless the district is notified otherwise. Resignations will be submitted to the Board for notification or approval at the next regular Board meeting, and the superintendent will make recommendations to the Board in situations where an employee is seeking release from a contract.

In general, professional staff members including, but not limited to, teachers and principals, have a binding contract with the district once the employee and the Board have executed a contract in accordance with law. A tenured teacher has a binding contract with the district for the next school year if the teacher does not notify the district of his or her resignation in writing by June 1. Employees may notify the district that they will not accept a future employment contract or an extension of an existing contract by submitting a written resignation notice to the superintendent or designee at any time. The resignation is considered accepted once it is approved by the Board.

Employees who seek to resign during the course of a contract or after a contract has been executed, even if performance has not begun, must notify the superintendent or designee in writing of the request to resign. Only the Board has the authority to release an employee from a contract. The Board considers serious illness, transfer of a spouse and military service legitimate reasons for resignation of professional staff, but the Board will consider each resignation on an individual basis. An employee will not be released from a contract unless a suitable replacement is found.

The Board reserves the right to pursue all available legal remedies when an employee breaks a contract with the district including, but not limited to, filing charges to have a teaching certificate or professional license revoked or seeking a monetary judgment. In addition, the district may share with potential employers seeking information about the employee the fact that the employee broke a contract with the district.

## **RETIREMENT STATEMENT**

The district recommends each employee carefully review his or her PSRS retirement statement each year to determine the accuracy of the report.

## **DRUG FREE WORKPLACE**

### **Policy: GBEBA**

Student and employee safety is of paramount concern to the Board of Education. In recognition of the threat to safety posed by employee use or possession of drugs or alcohol, the Board of Education commits itself to a continuing good-faith effort to maintain a drug-free workplace. The Board of Education shall not tolerate the manufacture, use, possession, sale, distribution or being under the influence of controlled substances, alcoholic beverages or unauthorized prescription medications by district employees on any district property; on any district-approved vehicle used to transport students to and from school or district activities; off district property at any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district; or during any period of time such employee is supervising students on behalf of the school district or is otherwise engaged in school district business.

When it is evident that an employee has consumed alcoholic beverages or controlled substances off school property before or during a district activity, the staff member will not be allowed on school property or to participate in the activity and will be subject to the same disciplinary measures as for possession or consumption on district property.

Staff members will be tested for alcohol and controlled substances if the district has reasonable suspicion that the staff member has violated this policy. In addition, staff members who operate district transportation must submit to alcohol and drug testing as otherwise required by law. All testing will be conducted in accordance with Board policy, administrative procedures and law.

Any employee who violates this policy will be subject to disciplinary action, which may include suspension, termination and referral for prosecution. Termination may and typically will be imposed for a first-time offense under this policy. If an employee who violates or is suspected of violating this policy is not terminated, the employee may be required to satisfactorily participate in one (1) or more rehabilitation programs and to submit to substance testing, all in accordance with terms established by the district.

Each employee of this school district is hereby notified that, as a condition of employment, the employee must abide by the terms of this policy and notify the superintendent or designee of any criminal drug statute conviction for a violation occurring in or on the premises of this school district, or while engaged in regular employment. Such notification must be made by the employee to the superintendent or designee in writing no later than five (5) calendar days after conviction. The superintendent or designee will provide notice in writing of such violation to the United States Department of Education or other appropriate federal agency within ten (10) calendar days after the superintendent or designee receives such notification if the district receives any federal grants directly from such agency, as opposed to federal grants received through the Department of Elementary and Secondary Education (DESE).

The district will take appropriate disciplinary action within 30 days.

The district will institute a drug-free awareness program to inform employees of the dangerous and harmful nature of drug and alcohol abuse in the workplace, of this policy of maintaining a drug-free workplace, of available

counseling and rehabilitation, and of the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

The district recognizes drug dependency as an illness and a major health problem. The district also recognizes drug abuse as a potential health, safety and security problem. Employees needing help in dealing with such problems are encouraged to use their health insurance plan as appropriate. Conscientious efforts to seek such help will not jeopardize any employee's job, and will not be noted in any personnel record.

Upon the request of DESE or an agency of the United States, the district shall certify that it has adopted and implemented the drug prevention program described in this policy. The district shall conduct a biennial review of this policy to determine its effectiveness, implement necessary changes and ensure that the disciplinary sanctions are consistently enforced.

This policy shall be communicated in writing to all present and future employees. Compliance with this policy is mandatory.

### **USE OF TOBACCO PRODUCTS AND IMITATION TOBACCO PRODUCTS**

#### **Ref: Policy AH**

To promote the health and safety of all students and staff and to promote the cleanliness of district property, the district prohibits all employees, students and patrons from smoking or using tobacco products, electronic cigarettes or imitation tobacco or cigarette products in all district facilities, on district transportation, on all district grounds at all times and at any district-sponsored event or activity while off campus. This prohibition extends to all facilities the district owns, contracts for or leases to provide educational services, routine healthcare, daycare or early childhood development services to children. This prohibition does not apply to any private residence or any portion of a facility that is used for inpatient hospital treatment of individuals dependent on, or addicted to, drugs or alcohol in which the district provides services.

Students and employees who violate this policy will be disciplined in accordance with applicable Board policies and may be offered referrals to smoking cessation programs. Employees may be terminated for repeated violations. Visitors who violate this policy may be asked to leave or may face other consequences in accordance with district policies and procedures.

### **RENEWAL OF PROFESSIONAL STAFF MEMBERS**

#### **Policy: GCPF**

The St. Charles R-VI School District will consider professional staff performance and the district's future staffing needs at least annually and make decisions regarding the continued employment of professional staff members for the next school year.

#### **Employment Contracts**

Certificated employees whose employment has been renewed will receive contracts no later than May 15. When the district issues an employment contract to an employee, the district may notify the employee of the date the signed contract must be returned to the district. Failure to return the contract by that date will be considered a rejection of the district's offer of employment. Unless notified otherwise or a tenured teacher on an indefinite contract, a re-employed, certificated staff member (other than the superintendent) has 15 calendar days to sign and return a contract to the designated person in the district, or the district, in its discretion, may consider the employment offer revoked. In accordance with law, if an employee has a multi-year contract in which the employee's salary is set in the contract for the next fiscal year, the Board cannot take action to increase the salary in the existing contract unless the employee's duties are increased.

#### **Tenured Teachers**

By law tenured teachers have an indefinite contract with the district and are therefore automatically considered employed for the next school year without Board action. In accordance with law, the district will notify these

teachers on or before May 15 of their compensation for the next school year in accordance with the salary schedule and the school calendar.

### **Probationary Teachers**

On or before April 15 of each school year, the Board of Education shall notify in writing a probationary teacher who will not be retained by the school district of the non-renewal of his or her contract. If the teacher was non-renewed due to a decrease in student enrollment, school district reorganization or the financial condition of the school district, the written notice will include the reason for non-renewal. Otherwise, upon request, the district will provide a concise written statement of the reason or reasons the contract was not renewed.

### **Certificated Administrative Staff Ineligible for Tenure**

The following rules apply to the employment renewal of all certificated administrative staff, other than the superintendent. On or before April 15 of the year in which a contract expires, the Board of Education shall notify the administrator in writing concerning his or her re-employment. Any motion regarding re-employment of such certificated employee shall include only one person and shall be made in the positive. A majority of the elected members voting in the affirmative shall constitute re-employment.

Non-renewed administrators who have tenure as a teacher in the district will be offered a teaching position in accordance with law and must provide written notice to the district by June 1 if they do not intend to accept the position.

If an administrator is non-renewed or demoted, and if the employee has been re-employed five times by the district, the employee may, within ten days following receipt of the notice, request a written statement of reasons. The statement shall be provided within ten days of receipt of the request. The employee shall be granted a hearing, if requested in writing within ten days after receipt of the statement of reasons. The hearing shall be held within ten days of the receipt of the request, and shall be open at the employee's request. The employee may have counsel, testify, offer evidence and cross-examine witnesses. After the hearing, no further action by the Board shall be required.

### **Non-certificated Professional Staff**

Unless otherwise required by law, the district may non-renew the contract of a non-certificated professional staff member by notifying the employee prior to entering into a new contract with the employee that his or her contract will not be renewed, or as allowed within the non-certified employment agreement, either party may terminate the agreement, during the term of the agreement, by providing written notice to the other party ten (10) workdays before the intended termination date. When applicable, the district will provide reasonable assurance of continued employment status to employees prior to the summer break.

### **Allegations of Sexual Misconduct with a Student**

If a former district employee whose job involved contact with children was terminated, non-renewed or allowed to resign in lieu of termination as a result of an allegation of sexual misconduct with a student, or as a result of such allegations being substantiated by the Children's Division (CD) of the Department of Social Services' child abuse and neglect review board, the district is required by law to release information regarding the sexual misconduct to a potential public school or charter school employer who contacts the district regarding the former employee. In addition, if the CD substantiates a complaint of sexual misconduct with a student against a former employee of the district, the law requires the district to release the results of the CD investigation to any potential public school or charter school employer who contacts the district.

When employment ends as a result of an allegation of sexual misconduct with a student, the district will provide appropriate due process prior to the release of information regarding the sexual misconduct to a potential public school or charter school employer, if feasible. The superintendent or designee is authorized to consult with the district's attorney to determine the appropriate level of due process to provide.

For the purposes of this policy, employees are considered "former employees" if they have resigned, been terminated, had their contracts non-renewed, or been notified that their contracts with the district will not be renewed or that the district is pursuing termination, even if the process has not been completed. (Revised 6-14-12)

## **PROHIBITION AGAINST DISCRIMINATION, HARASSMENT AND RETALIATION**

### **Policy: AC**

The St. Charles R-VI School District Board of Education is committed to maintaining a workplace and educational environment that is free from discrimination and harassment in admission or access to, or treatment or employment in, its programs, services, activities and facilities. In accordance with law, the district strictly prohibits discrimination and harassment against employees, students or others on the basis of race, color, religion, sex, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law. The St. Charles R-VI School District is an equal opportunity employer.

The Board also prohibits:

1. Retaliatory actions including, but not limited to, acts of intimidation, threats, coercion or discrimination against those who:
  - a) Make complaints of prohibited discrimination or harassment.
  - b) Report prohibited discrimination or harassment.
  - c) Participate in an investigation, formal proceeding or informal resolution, whether conducted internally or outside the district, concerning prohibited discrimination or harassment.
2. Aiding, abetting, inciting, compelling or coercing discrimination, harassment or retaliatory actions.
3. Discrimination, harassment or retaliation against any person because of such person's association with a person protected from discrimination or harassment in accordance with this policy.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute discrimination, harassment or retaliation in accordance with this policy. If discrimination, harassment or retaliation that occurs off district property and that is unrelated to the district's activities negatively impacts the school environment, the district will investigate and address the behavior in accordance with this policy, as allowed by law.

### **Additional Prohibited Behavior**

Behavior that is not unlawful or does not rise to the level of illegal discrimination, harassment or retaliation might still be unacceptable for the workplace or the educational environment. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including, but not limited to, socioeconomic level, sexual orientation or perceived sexual orientation.

### **Boy Scouts of America Equal Access Act**

As required by law, the district will provide equal access to district facilities and related benefits and services and will not discriminate against any group officially affiliated with the Boy Scouts of America, the Girl Scouts of the United States of America or any other youth group designated in applicable federal law.

### **Interim Measures**

When a report is made or the district otherwise learns of potential discrimination, harassment or retaliation, the district will take immediate action to protect the alleged victim, including implementing interim measures. For example, the district may alter a class seating arrangement, provide additional supervision for a student or suspend an employee pending an investigation. The district will take immediate steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the

investigation. These steps may include, but are not limited to, notifying students, employees and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment or retaliation have occurred.

### **Consequences and Remedies**

If the district determines that discrimination, harassment or retaliation have occurred, the district will take prompt, effective and appropriate action to address the behavior, prevent its recurrence and remedy its effects.

Employees who violate this policy will be disciplined, up to and including employment termination. Students who violate this policy will be disciplined, which may include suspension or expulsion. Patrons, contractors, visitors or others who violate this policy may be prohibited from school grounds or otherwise restricted while on school grounds. The superintendent or designee will contact law enforcement or seek a court order to enforce this policy when necessary or when actions may constitute criminal behavior.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

In accordance with law and district policy, any person suspected of abusing or neglecting a child will be reported to the Children's Division (CD) of the Department of Social Services.

Remedies provided by the district will attempt to minimize the burden on the victim. Such remedies may include, but are not limited to: providing additional resources such as counseling, providing access to community services, assisting the victim in filing criminal charges when applicable, moving the perpetrator to a different class or school, providing an escort between classes, or allowing the victim to retake or withdraw from a class. The district may provide additional training to students and employees, make periodic assessments to make sure behavior complies with district policy, or perform a climate check to assess the environment in the district.

|---|--|

In the event the compliance officer is unavailable or is the subject of a report that would otherwise be made to the compliance officer, reports should instead be directed to the acting compliance officer:

Superintendent of Schools  
 St. Charles R-VI School District  
 400 North Sixth Street  
 St. Charles, MO 63301  
 Phone: 636-443-4032  
 Fax: 636-443-4001

The compliance officer or acting compliance officer will:

1. Coordinate district compliance with this policy and the law.
2. Receive all grievances regarding discrimination, harassment and retaliation in the St. Charles R-VI School District.
3. Serve as the district's designated Title IX, Section 504 and Americans with Disabilities Act (ADA) coordinator, as well as the contact person for compliance with other discrimination laws.
4. Investigate or assign persons to investigate grievances; monitor the status of grievances to ensure that additional discrimination, harassment and retaliation do not occur; and recommend consequences.
5. Review all evidence brought in disciplinary matters to determine whether additional remedies are available, such as separating students in the school environment.
6. Determine whether district employees with knowledge of discrimination, harassment or retaliation failed to carry out their reporting duties and recommend disciplinary action, if necessary.
7. Communicate regularly with the district's law enforcement unit to determine whether any reported crimes constitute potential discrimination, harassment or retaliation.
8. Oversee discrimination, harassment or retaliation grievances, including identifying and addressing any patterns or systemic problems and reporting such problems and patterns to the superintendent or the Board.
9. Seek legal advice when necessary to enforce this policy.
10. Report to the superintendent and the Board aggregate information regarding the number and frequency of grievances and compliance with this policy.
11. Make recommendations regarding changing this policy or the implementation of this policy.
12. Coordinate and institute training programs for district staff and supervisors as necessary to meet the goals of this policy, including instruction in recognizing behavior that constitutes discrimination, harassment and retaliation.
13. Perform other duties as assigned by the superintendent.

### **Public Notice**

The superintendent or designee will continuously publicize the district's policy prohibiting discrimination, harassment and retaliation and disseminate information on how to report discrimination, harassment and retaliation. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalogs, application forms, recruitment material and the district's website will include a statement that the St. Charles R-VI School District does not discriminate in its programs, services, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

### **Reporting**

Students, employees and others may attempt to resolve minor issues by addressing concerns directly to the

person alleged to have violated this policy, but they are not expected or required to do so. Any attempts to voluntarily resolve a grievance will not delay the investigation once a report has been made to the district.

Unless the concern is otherwise voluntarily resolved, all persons must report incidents that might constitute discrimination, harassment or retaliation directly to the compliance officer or acting compliance officer. All district employees will instruct all persons seeking to make a grievance to communicate directly with the compliance officer. Even if the potential victim of discrimination, harassment or retaliation does not file a grievance, district employees are required to report to the compliance officer any observations, rumors or other information regarding actions prohibited by this policy. If a verbal grievance is made, the person will be asked to submit a written complaint to the compliance officer or acting compliance officer. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint in writing. A grievance is not needed for the district to take action upon finding a violation of law, district policy or district expectations.

Even if a grievance is not directly filed, if the compliance officer otherwise learns about possible discrimination, harassment or retaliation, including violence, the district will conduct a prompt, impartial, adequate, reliable and thorough investigation to determine whether unlawful conduct occurred and will implement the appropriate interim measures if necessary.

### **Student-on-Student Harassment**

Building-level administrators are in a unique position to identify and address discrimination, harassment and retaliation between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for prohibited behavior in accordance with the district's discipline policy. The administrator will report all incidents of discrimination, harassment and retaliation to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

### **Investigation**

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation.

In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not (the preponderance of the evidence standard) that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

### **Grievance Process Overview**

1. If a person designated to hear a grievance or appeal is the subject of the grievance, the compliance officer may designate an alternative person to hear the grievance, or the next highest step in the grievance process will be used. For example, if the grievance involves the superintendent, the compliance officer may designate someone outside the district to hear the grievance in lieu of the superintendent, or the grievance may be heard directly by the Board.
2. An extension of the investigation and reporting deadlines may be warranted if extenuating circumstances exist as determined by the district's compliance officer. The person filing the complaint will be notified when deadlines are extended. If more than twice the allotted time has expired without a response, the

appeal may be taken to the next level.

3. Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.
4. The district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.
5. The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.
6. Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will implement interim measures as described in this policy if necessary to prevent further potential discrimination, harassment or retaliation during the pending investigation.

### **Grievance Process**

1. Level I – A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate.

Regardless of who investigates the grievance, an investigation will commence immediately, but no later than five working days after the compliance officer receives the grievance. The compliance officer or designee shall conduct a prompt, impartial, adequate, reliable and thorough investigation, including the opportunity for the person filing the grievance and other parties involved to identify witnesses and provide information and other evidence. The compliance officer or designee will evaluate all relevant information and documentation relating to the grievance.

Within 30 working days of receiving the grievance, the compliance officer will complete a written report that summarizes the facts and makes conclusions on whether the facts constitute a violation of this policy based on the appropriate legal standards. If a violation of this policy is found, the compliance officer will recommend corrective action to the superintendent to address the discrimination, harassment or retaliation; prevent recurrence; and remedy its effects. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the completion of the report, in accordance with law and district policy, regarding whether the district's compliance officer or designee determined that district policy was violated.

2. Level II – Within five working days after receiving the Level I decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.

Within ten working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who initially filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the superintendent's decision, regarding whether the superintendent or designee determined that district policy was violated.

3. Level III – Within five working days after receiving the Level II decision, the person filing the grievance,

the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the superintendent's decision to the Board by notifying the Board secretary in writing. The person filing the grievance and the alleged perpetrator will be allowed to address the Board, and the Board may call for the presence of such other persons deemed necessary. The Board will issue a decision within 30 working days for implementation by the administration. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and the alleged perpetrator will be notified in writing, within five working days of the Board's decision, in accordance with law and district policy, regarding whether the Board determined that district policy was violated. The decision of the Board is final.

### **Confidentiality and Records**

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record. The district will keep any documentation created in investigating the complaint including, but not limited to, documentation considered when making any conclusions, in accordance with the Missouri Secretary of State's retention manuals and as advised by the district's attorney.

### **Training**

The district will provide training to employees on identifying and reporting acts that may constitute discrimination, harassment or retaliation. The district will instruct employees to make all complaints to the district's compliance officer or acting compliance officer and will provide current contact information for these persons. The district will inform employees of the consequences of violating this policy and the remedies the district may use to rectify policy violations. All employees will have access to the district's current policy, required notices and complaint forms. The district will provide additional training to any person responsible for investigating potential discrimination, harassment or retaliation.

The district will provide information to parents/guardians and students regarding this policy and will provide age-appropriate instruction to students.

## **SEXUAL HARASSMENT**

### **What is Sexual Harassment?**

Sexual Harassment is a form of sex discrimination that is a violation of Title VII of the Civil Rights Act of 1964.

### **What is "QUID PRO QUO" Sexual Harassment?**

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute "quid pro quo" sexual harassment when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, or (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.

### **What is "Hostile Environment" Sexual Harassment?**

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute “hostile environment” sexual harassment when such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile, or offensive working environment.

**What factors determine whether an environment is “Hostile”?**

The central inquiry is whether the conduct “unreasonably interfered with an individual’s work performance” or created “an intimidating, hostile, or offensive working environment.” Factors that may help determine whether an environment is “hostile” include: (1) whether the conduct was verbal or physical or both; (2) how frequently it was repeated; (3) whether the conduct was hostile or patently offensive; (4) whether the alleged harasser was a co-worker or supervisor; (5) whether others joined in perpetrating the harassment; and (6) whether the harassment was directed at more than one individual. No one factor controls.

**What is unwelcome sexual conduct?**

Sexual conduct becomes unlawful only when it is unwelcome. The challenged conduct must be unwelcome in the sense that the employee did not solicit or incite it, and in the sense that the employee regarded the conduct as undesirable or offensive.

**Who can be a victim of sexual harassment?**

The victim may be a woman or a man. The victim does not have to be of the opposite sex. The victim does not have to be the person harassed but could be anyone affected by the offensive conduct.

**Who can be a sexual harasser?**

The harasser may be a woman or a man. He or she can be the victim’s supervisor, an agent of the employer, a supervisor in another area, a co-worker, or a non-employee.

**What should a sexual harassment victim do?**

The victim should directly inform the harasser that the conduct is unwelcome and must stop. It is important for the victim to communicate that the conduct is unwelcome, particularly when the alleged harasser may have some reason to believe that the advance may be welcomed. However, a victim of harassment need not always confront his/her harasser directly, so long as his/her conduct demonstrates that the harasser’s behavior is unwelcome. The victim should also use any employer complaint mechanism or grievance system available.

**SCHOOL VOLUNTEERS**

**Policy: IICC**

The Board of Education recognizes that community and parent volunteers make valuable contributions to the district’s schools and encourages volunteer participation in district programs. Further, parent and community involvement are essential components of high student achievement. The Board endorses a volunteer program and expects its professional staff to encourage and strengthen community and parent involvement in the schools.

The superintendent or designee will create appropriate procedures for attracting, screening and training community and parent volunteers. Volunteering in the district is a privilege, not a right. The district will conduct screening and criminal background checks (**per policy GBEB**) before any volunteer is placed in a position where he or she will be left alone with a student. The district may decline the services of any volunteer for any legal reason. All information collected on volunteers will be considered confidential to the extent allowed by law and will only be used to protect the students or minimize disruption to the educational environment.

Although volunteers will provide support services, they are not substitutes for the professional building staff. Volunteers will work under the direction and supervision of district staff.

Building principals are responsible for ensuring that volunteers working with students have approved background checks on file.

The district will conduct a Children's Department (CD) background check and search of Missouri Case.net on all persons volunteering in positions where they will NOT be left alone with a child. There is no cost for these searches.

For volunteers who will be left alone with a child and/or supervise overnight trip must have a complete \*fingerprint background check through the MACHS system. Volunteers needing such a search must contact Kathy Beerman in the Human Resources office for instructions. The volunteer is responsible for the costs of the search(es), which is currently \$39.05. The state search (and fee) is required for all individuals needing an FBI search. You cannot complete an FBI search only. The district will also complete a free search of the Children's Division and Missouri Case.net system on volunteers.

\*Fingerprint background checks are much more comprehensive and accurate than "name searches". The background checks required provide the most comprehensive information, including open and closed records in Missouri, Sex Offender Registry information, and national criminal record databases.

Volunteer Background Checks should be completed every five years. It is acceptable to pass volunteer background checks from one school to another (elementary to middle school, etc.).

**Volunteer Background Checks - Records Retention/Security**

- Records should be filed under the volunteer's name in a locked/secure file cabinet designated for such records.
- Records must be kept indefinitely, since students can legally file suit against a district until age 26.
- Access to these files should be limited to the building principal or other district administrators for the purposes of verifying suitability for working with children in a volunteer capacity.

| <b>Potential Volunteer Responsibilities and Type of Search Required</b> |   |   |
|---|---|---|
| Attend child's classroom party  | Not responsible for supervision of children. Staff present.                                     | No background checks required   |
| Room Parent (organize class parties), Regular Classroom Volunteer       | Not to be left alone with any single child  | Free Children's Division Check & Missouri Case.net (school conducts)  |
| Field Trip Chaperone  | Not to be left alone with a child (supervise small group of students <u>with</u> staff members) | Free Children's Division Check & Missouri Case.net (school conducts)  |
| Field Trip Chaperone  | Responsible for supervision of single child without adult staff member(s) present               | Fingerprint background check MACHS (district conducts) free Children's Division background check & Missouri Case.net (school conducts)  |
| Overnight Trip Chaperone  | With student supervision responsibilities (bed checks, curfew enforcement, etc.)                | Fingerprint background check MACHS (district conducts), free Children's Division background check & Missouri Case.net (school conducts) |

## **CRIMINAL BACKGROUND CHECKS**

### **Policy: GBEB**

#### **Updating Information**

The district reserves the right to require any person to submit to additional criminal background checks at the district's expense or to rerun background checks at any time. The district will provide the Department of Elementary and Secondary Education (DESE) the relevant personnel information necessary to conduct postemployment background checks as allowed by law.

Any employee refusing to submit to a background check may be disciplined or terminated. The district may decline to utilize the services of volunteers who refuse to participate.

#### **District Notification**

As a condition of continuing to work within the district, all employees and other persons required to submit to a criminal background check pursuant to this policy must notify the district if they are charged, convicted, plead guilty to or are otherwise found guilty of any misdemeanor or felony, regardless of the imposition of sentence. This notification must be made as soon as possible, but no later than five (5) business days after the event, and is in addition to any reporting requirement established by law.

#### **Reporting Requirements**

The superintendent or designee shall immediately provide written notice to the State Board of Education and the attorney general upon learning that a certificated employee has pled guilty to or was found guilty of any offense that would authorize the State Board to seek discipline of or revoke a teaching certificate.

#### **Volunteers**

The district will conduct a complete criminal background check on all persons volunteering in positions where they will be left alone with a single child. Volunteers may be subject to additional types of criminal background checks in accordance with the district's policy and procedure for school volunteers. If the volunteer is a sponsor, advisor or coach of a district-sponsored activity, he or she must satisfactorily complete the criminal background check required of employees.

## **UNIVERSAL PRECAUTIONS**

What do we mean when we say UNIVERSAL Precautions?

Universal Precautions is an approach to infection control in which all human blood and certain body fluids are treated as if known to be infectious for HIV, Hepatitis B and other blood-borne pathogens.

In the school setting, it is not possible to know who may be a carrier of an infectious disease and what germs may be present. Persons with infections do not always have outward signs & often are not aware of being infected. However, you can take universal precautions while you are at work and in other situations that will help protect you from infectious diseases. Universal Precautions include the following actions:

Wash your hands with soap & water at regular times during your workday. Common infectious diseases maybe contracted from dirt and waste encountered in the work place. **BLOOD IS THE SINGLE MOST IMPORTANT SOURCE OF HIV INFECTIONS AND HEPATITIS B.**

Avoid punctures with objects that may contain blood of others.

Handle discharges from another person's body (PARTICULARLY BODY FLUIDS CONTAINING BLOOD) with gloves and wash hands thoroughly when you are finished.

Paper towels, tissues contaminated with blood should not be disposed of in a classroom trashcan. These bloody items should be flushed down the toilet or brought to the clinic for disposal.

Open, oozing or bleeding wounds should be cared for in the clinic or covered with a band-aid if the wound does not require cleaning of excess or dried blood. For small cut, students can wash the area with soap and water in the restroom and return to you for a band-aid.

Clothing or supplies contaminated with body fluids should be placed in a doubled plastic bag & tied.

Used needles, exacto blades, broken glass or other sharp instruments should not be discarded in the classroom trashcan but placed in a Biohazard Infectious Wastes Sharps container. There is such a container in the clinic.

Any surface or object that is contaminated with blood or infectious body fluids should be cleaned promptly. Decontaminate surfaces with appropriate disinfectant. Household bleach mixed at a ratio of 1 part bleach to 100 parts water (1/4 cup bleach to 1 gallon water).

## **STAFF USE OF COMMUNICATION DEVICES**

### **Policy: GBCC**

The St. Charles R-VI School District encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use such communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

### **Definitions**

*Communication Device* – Any mobile telephone, personal digital assistant, pager, tablet, laptop or other portable device that sends, receives or retrieves calls, text messages, e-mail, other electronic communications or data, or provides access to the Internet.

*Use/Using* – Dialing, answering the phone or talking on the phone; sending, reading or responding to a text, e-mail or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; continuously checking a communication device; or any activity with a communication device that interferes with the employee's job duties or appropriate supervision of students. An employee is considered to be using a device even when the use is hands-free.

### **General Use**

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or otherwise interferes with district operations, as determined by the employee's supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district.

Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students is a priority in the district, and employees who are responsible for supervising students must concentrate on that task at all times. Employees shall not use communication devices when they are responsible for supervising students unless any of the following conditions occur:

1. The device is being used to instruct the students being supervised at the time.
2. The use is necessary to the performance of an employment-related duty.

3. The employee has received specific and direct permission from a supervisor.
4. There is an emergency.

Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

### **Use in Vehicles**

Regardless of other provisions of this policy and in accordance with law, employees shall not use communication devices when:

1. Driving district-provided vehicles, regardless of whether the vehicle is owned, leased or otherwise obtained for district use in a district activity.
2. Operating any vehicle in which a student is being transported when the transportation is provided as part of the employee's job.
3. Supervising students who are entering or exiting a vehicle, crossing thoroughfares or otherwise safely reaching their destinations when such supervision is part of the employee's job.

The district will make an exception to the rules in this section when the communication device is used to:

1. Report illegal activity.
2. Summon medical or other emergency help.
3. Prevent injury to a person or property.
4. Relay necessary, time-sensitive information to a dispatcher with a device permanently affixed to the vehicle, in the manner allowed by law.
5. Play music, as long as the employee operating the vehicle does not turn on, select or otherwise manipulate the device while operating the vehicle or supervising students as described above.
6. Obtain directions from a global positioning or navigational system, as long as the system is being used in association with the employee's job and adequate safety precautions are taken.

Even in these situations, employees should first take all possible safety precautions before using communication devices.

### **Use of District-Provided Communication Devices**

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the district for any damage or theft that was the result of the employee's negligence. Users of district-provided communication devices must abide by any use limitations included in the district's service contract.

### ***Personal Use of District-Provided Communication Devices***

Personal use of district-provided communication devices is permissible as long as the employee indicates such to the superintendent or his/her designee, signs the Cell Phone Use Agreement (GBCC-AF), and pays the monthly fee established by the superintendent. In the event that the number of minutes of usage exceeds the limits of the district plan, an amount equal to the overage fee divided by the number of staff who use a district-provided communication device for personal use may be added to those employees who have indicated they will use a district-provided communication device for personal use. The amount of personal use of a communication device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request for the E-Rate discount.

### **NURSING MOTHERS**

#### **Policy: EBBC**

The district recognizes that many women choose to breastfeed their children for a variety of reasons and will attempt to accommodate women who are breastfeeding or who need to express breast milk while on district property as long as such actions do not disrupt the education environment.

#### **Employees**

The district will provide reasonable break time for an employee to express breast milk for her nursing child each time the employee has a need to express. To the extent possible, such break times shall run concurrently with the break times already provided to the employee. Employees are encouraged to notify their supervisors in advance of their intent to make use of this policy. The supervisor shall work with the employee to address arrangements and scheduling to ensure that the employee's duties are covered during the break time and to minimize disruptions to the school day.

Providing breaks to classroom teachers and other employees who directly supervise and educate students throughout the day is particularly challenging since students cannot be left unsupervised, and student learning cannot be disrupted. The district expects these employees to be particularly flexible and, whenever possible, to use planning periods, lunch breaks, routine breaks in their class schedule or other free time to meet their expressing needs.

In accordance with law, the district will provide a location, other than a bathroom, that is shielded from view and free from intrusion from coworkers and the public to express breast milk.

This policy does not entitle an employee to bring or keep an infant at work during times when the employee is required to be working. However, if the infant is present during an employee's break or at other times, the employee may nurse the child.

This policy shall be communicated to all current employees and included in new employee orientation training.

### **TECHNOLOGY USAGE**

#### **Policy: EHB**

The St. Charles R-VI School District's technology exists for the purpose of enhancing the educational opportunities and achievement of district students. Research shows that students who have access to technology improve achievement. In addition, technology assists with the professional enrichment of the staff and increases engagement of students' families and other patrons of the district, all of which positively impact student achievement. The district will periodically conduct a technology census to ensure that instructional resources and equipment that support and extend the curriculum are readily available to teachers and students.

The purpose of this policy is to facilitate access to district technology and to create a safe environment in which to use that technology. Because technology changes rapidly and employees and students need immediate guidance, the superintendent or designee is directed to create procedures to implement this policy and to regularly review those procedures to ensure they are current.

### **Definitions**

For the purposes of this policy and related procedures and forms, the following terms are defined:

*Technology Resources* – Technologies, devices and services used to access, process, store or communicate information. This definition includes, but is not limited to: computers; modems; printers; scanners; fax machines and transmissions; telephonic equipment; mobile phones; audio-visual equipment; Internet; electronic mail (e-mail); electronic communications devices and services, including wireless access; multi-media resources; hardware; and software. Technology resources may include technologies, devices and services provided to the district by a third party.

*User* – Any person who is permitted by the district to utilize any portion of the district’s technology resources including, but not limited to, students, employees, School Board members and agents of the school district.

*User Identification (ID)* – Any identifier that would allow a user access to the district’s technology resources or to any program including, but not limited to, e-mail and Internet access.

*Password* – A unique word, phrase or combination of alphabetic, numeric and non-alphanumeric characters used to authenticate a user ID as belonging to a user.

### **Authorized Users**

The district's technology resources may be used by authorized students, employees, School Board members and other persons approved by the superintendent or designee, such as consultants, legal counsel and independent contractors. All users must agree to follow the district’s policies and procedures and sign or electronically consent to the district’s User Agreement prior to accessing or using district technology resources, unless excused by the superintendent or designee.

Use of the district’s technology resources is a privilege, not a right. No potential user will be given an ID, password or other access to district technology if he or she is considered a security risk by the superintendent or designee.

### **User Privacy**

A user does not have a legal expectation of privacy in the user's electronic communications or other activities involving the district’s technology resources including, but not limited to, voice mail, telecommunications, e-mail and access to the Internet or network drives. By using the district's network and technology resources, all users are consenting to having their electronic communications and all other use monitored by the district. A user ID with e-mail access will only be provided to authorized users on condition that the user consents to interception of or access to all communications accessed, sent, received or stored using district technology.

Electronic communications, downloaded material and all data stored on the district’s technology resources, including files deleted from a user’s account, may be intercepted, accessed, monitored or searched by district administrators or their designees at any time in the regular course of business. Such access may include, but is not limited to, verifying that users are complying with district policies and rules and investigating potential misconduct. Any such search, access or interception shall comply with all applicable laws. Users are required to return district technology resources to the district upon demand including, but not limited to, mobile phones, laptops and tablets.

### **Technology Administration**

The Board directs the superintendent or designee to assign trained personnel to maintain the district’s technology in a manner that will protect the district from liability and will protect confidential student and employee information retained on or accessible through district technology resources.

Administrators of district technology resources may suspend access to and/or availability of the district's technology resources to diagnose and investigate network problems or potential violations of the law or district policies and procedures. All district technology resources are considered district property. The district may remove, change or exchange hardware or other technology between buildings, classrooms or users at any time without prior notice. Authorized district personnel may install or remove programs or information, install equipment, upgrade any system or enter any system at any time.

### **Content Filtering and Monitoring**

The district will monitor the online activities of minors and operate a technology protection measure ("content filter") on the network and all district technology with Internet access, as required by law. In accordance with law, the content filter will be used to protect against access to visual depictions that are obscene or harmful to minors or are child pornography. Content filters are not foolproof, and the district cannot guarantee that users will never be able to access offensive materials using district equipment. Evading or disabling, or attempting to evade or disable, a content filter installed by the district is prohibited. The superintendent, designee or the district's technology administrator may fully or partially disable the district's content filter to enable access for an adult for bona fide research or other lawful purposes. In making decisions to fully or partially disable the district's content filter, the administrator shall consider whether the use will serve a legitimate educational purpose or otherwise benefit the district.

The superintendent or designee will create a procedure that allows students, employees or other users to request that the district review or adjust the content filter to allow access to a website or specific content.

### **Online Safety, Security and Confidentiality**

In addition to the use of a content filter, the district will take measures to prevent minors from using district technology to access inappropriate matter or materials harmful to minors on the Internet. Such measures shall include, but are not limited to, supervising and monitoring student technology use, careful planning when using technology in the curriculum, and instruction on appropriate materials. The superintendent, designee and/or the district's technology administrator will develop procedures to provide users guidance on which materials and uses are inappropriate, including network etiquette guidelines.

All minor students will be instructed on safety and security issues, including instruction on the dangers of sharing personal information about themselves or others when using e-mail, social media, chat rooms or other forms of direct electronic communication. Instruction will also address cyberbullying awareness and response and appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms.

This instruction will occur in the district's computer courses, courses in which students are introduced to the computer and the Internet, or courses that use the Internet in instruction. Students are required to follow all district rules when using district technology resources and are prohibited from sharing personal information online unless authorized by the district.

All district employees must abide by state and federal law and Board policies and procedures when using district technology resources to communicate information about personally identifiable students to prevent unlawful disclosure of student information or records.

All users are prohibited from using district technology to gain unauthorized access to a technology system or information; connect to other systems in evasion of the physical limitations of the remote system; copy district files without authorization; interfere with the ability of others to utilize technology; secure a higher level of privilege without authorization; introduce computer viruses, hacking tools, or other disruptive/destructive programs onto district technology; or evade or disable a content filter.

### **Closed Forum**

The district's technology resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law. The district's webpage will provide information about the school district, but will not be used as an open forum.

All expressive activities involving district technology resources that students, parents/guardians and members of the public might reasonably perceive to bear the imprimatur of the district and that are designed to impart particular knowledge or skills to student participants and audiences are considered curricular publications. All curricular publications are subject to reasonable prior restraint, editing and deletion on behalf of the school district for legitimate pedagogical reasons. All other expressive activities involving the district's technology are subject to reasonable prior restraint and subject matter restrictions as allowed by law and Board policies.

### **Inventory and Disposal**

The district will regularly inventory all district technology resources in accordance with the district's policies on inventory management. Technology resources that are no longer needed will be disposed of in accordance with law and district policies and procedures related to disposal of surplus property.

### **Violations of Technology Usage Policies and Procedures**

Use of technology resources in a disruptive, inappropriate or illegal manner impairs the district's mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the district's technology resources. Any violation of district policies or procedures regarding technology usage may result in temporary, long-term or permanent suspension of user privileges. User privileges may be suspended pending investigation into the use of the district's technology resources.

Employees may be disciplined or terminated, and students suspended or expelled, for violating the district's technology policies and procedures. Any attempted violation of the district's technology policies or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation. The district will cooperate with law enforcement in investigating any unlawful use of the district's technology resources.

### **Damages**

All damages incurred by the district due to a user's intentional or negligent misuse of the district's technology resources, including loss of property and staff time, will be charged to the user. District administrators have the authority to sign any criminal complaint regarding damage to district technology.

### **No Warranty/No Endorsement**

The district makes no warranties of any kind, whether expressed or implied, for the services, products or access it provides. The district's technology resources are available on an "as is, as available" basis.

The district is not responsible for loss of data, delays, nondeliveries, misdeliveries or service interruptions. The district does not endorse the content nor guarantee the accuracy or quality of information obtained using the district's technology resources. (7/12)

## **FACULTY AND STAFF COMPUTER USAGE GUIDELINES**

The District Technology Office of the St. Charles City School District has established the following guidelines for regulating the use of district-owned computing systems and facilities. The following guidelines apply to all district employees.

### **Using Your PC**

It is important to remember that the St. Charles City School District owns the PCs and servers used here. As such, the district reserves the right to monitor the use and content of all PCs, networking equipment, and files stored on its systems. Safeguard your privacy by using the equipment here only for legitimate district purposes.

### **Installing Software**

No employee may, without the specific consent and cooperation of the Technology Office, download and/or install ANY software package onto district computers. This includes, but is not limited to, screen savers, games, educational

software, and other third-party programs. For both operational and legal reasons, it is crucial that the District Technology Office manage what software is installed on district-owned Macs and PCs.

#### Purchasing Computer Equipment and Software

Without exception, the District Technology Office must pre-approve all computer equipment and software purchases. This is essential so that the department can arrange for proper integration of new equipment into our network. Most importantly, it ensures proper software licensing, which is a top priority of the district.

#### Email, Messaging, and the Internet

Email, messaging, and the internet is to be used only for normal district communication. Using your email account or the Internet to transmit or receive pornographic or inappropriate materials is an extremely serious violation and will result in disciplinary consequences.

#### Personal Data Assistants (PDAs)

Electronic organizing devices are not approved for teacher or staff use on district computers. The interface these devices use can cause serious damage to the computer system to which they are attached. Additionally, the District Technology Office does not have sufficient resources to integrate and troubleshoot these devices.

### **REPRODUCTION OF COPYRIGHTED MATERIALS**

#### **Policy: EGAAA**

It is the intent of the Board to abide by the provisions of current copyright and intellectual property laws as they affect the school district and its employees.

Copyrighted materials, whether they are print or non-print, will not be duplicated, reproduced, distributed or displayed for district-sponsored activities or by using district equipment except in accordance with law.

### **SUPERVISION OF STUDENTS**

#### **Policy: JHFA**

The Board expects all students to be under assigned adult supervision at all times when they are in school, on school grounds, traveling under school auspices or engaging in school-sponsored activities. School personnel assigned this supervision are expected to act as reasonably prudent adults in providing for the safety of the students in their charge.

The welfare and safety of students while on school premises is the responsibility of all staff members. The building principal at each attendance center will, with staff input develop and implement a schedule of supervision to provide for student safety during non-instructional time. The building supervision schedule will be implemented so as not to unduly interfere with the instructional program or to unduly burden the staff nor jeopardize the safety of students.

During school hours or while engaging in school-sponsored activities, students will be released only into the custody of parents or other authorized persons.

### **SECLUSION, ISOLATION AND RESTRAINT**

#### **Policy: JGGA**

##### **Purpose**

Through the adoption of this policy, the Board of Education expects to:

1. Promote safety and prevent harm to students, school personnel and visitors in the school district.
2. Foster a climate of dignity and respect in the use of discipline and behavior-management techniques.
3. Provide school personnel with clear guidelines about the use of seclusion, isolation and restraint in response to emergency situations.
4. Provide parents/guardians information about state guidelines and district policies related to the use of discipline, behavior management, behavior interventions and responses to emergency situations.
5. Promote the use of nonaversive behavioral interventions, including positive behavioral support techniques.

## Policy Applicability

This policy applies to all district personnel as defined in the policy. District personnel assigned to facilities not located on district premises (hospitals, detention centers, juvenile facilities and mental health facilities) will follow the policy as specified in the written agreement between the district and the facility. If no policy is specified in a written agreement, employees will follow the facilities' policies unless such policies conflict with the district's policy. If there is a conflict, the employee will notify his or her supervisor and follow district policy until otherwise directed by the Board of Education.

## Definitions

*Assistive Technology Device* – Any item, piece of equipment or product system that is used to increase, maintain or improve the functional capacities of a student with a disability.

*Aversive Behavioral Intervention* or *Aversive Intervention* – An intervention that is intended to inflict pain or discomfort upon a student for the purpose of eliminating or reducing maladaptive behaviors, including such interventions as: contingent application of noxious, painful or intrusive stimuli or activities; any form of noxious, painful or intrusive spray, inhalant or tastes; or other similar interventions. The term does not include such interventions as voice control limited to loud, firm commands; time-limited ignoring of a specific behavior; token fines as part of a token economy system; brief physical prompts to interrupt or prevent a specific behavior; interventions medically necessary for the treatment or protection of the student; or other similar interventions. Corporal punishment administered in accordance with state law is not an aversive intervention for the purpose of this policy.

*Behavioral Intervention* – An individualized instructional and environmental support that teaches students appropriate behaviors to replace problem behaviors. Behavioral interventions are guided by a functional behavioral assessment that identifies the communicative intent of problem behavior and takes into consideration any known medical, developmental or psychological limitation(s) of the student.

*Behavior Intervention Plan (BIP)* – A plan that sets forth specific behavior interventions for a specific student who displays chronic patterns of problem behavior.

*Behavior Management* – Comprehensive, school-wide procedures applied in a proactive manner that constitute a continuum of strategies and methods to support and/or alter behavior in all students.

*Confinement* – The act of preventing a student from leaving an enclosed space.

*Discipline* – Consequences for violating the district's student code of conduct.

*Emergency Situation* – A situation in which a student's behavior poses a serious, probable threat of imminent physical harm to self or others or destruction of property.

*Functional Behavior Assessment* – A formal assessment to identify the function or purpose the behavior serves for the student so that classroom interventions and behavior support plans can be developed to improve behavior. The assessment could include observations and charting of the behavior and interviews with family, teachers and the student to determine the frequency, antecedent and response of the targeted behavior.

*Individualized Education Program (IEP)* – A student's Individualized Education Program as defined by the Individuals with Disabilities Education Act (IDEA).

*Isolation* – The confinement of a student alone in an enclosed space without locking hardware. Isolation does not include supervised in-school suspension, detention or time-out used as disciplinary consequences in accordance

with the district's student discipline code.

*Restraint* – See the definitions for *chemical restraint*, *mechanical restraint* and *physical restraint*.

*Seclusion* – The confinement of a student alone in an enclosed space from which the student is physically prevented from leaving by locking hardware.

*Section 504 Plan* – A student's individualized plan as defined by Section 504 of the Rehabilitation Act of 1973.

*Time-Out* – Brief removal from sources of positive reinforcement that does not meet the definition of seclusion or isolation. The purpose of time-out is to separate the student from the attention of staff and other students.

### **Use of Time-Out**

Nothing in this policy is intended to prohibit the use of time-out as defined in this policy.

### **Use of Aversive Interventions**

Aversive interventions will only be used in accordance with this policy. District personnel shall never use aversive interventions that compromise health and safety.

### **Use of Seclusion, Isolation and Restraint**

#### ***Seclusion***

Seclusion as defined in this policy is prohibited except in an emergency situation while awaiting the arrival of law enforcement officers as provided for in state law.

#### ***Isolation***

Isolation shall only be used:

1. In an emergency situation, or
2. When less restrictive measures have not effectively de-escalated the situation and the school has a plan for how to respond in such situations, or
3. With parental approval as specified in a student's IEP, Section 504 plan or other agreed-upon plan to address a student's behavior.

Isolation shall never be used as a form of punishment or for the convenience of district personnel.

A student in isolation must be monitored by district personnel who are in close proximity and able to see and hear the student at all times. Monitoring shall be face to face unless personal safety is significantly compromised, in which case technology-supported monitoring may be utilized. The total time in isolation is to be reasonably calculated based on the age of the student and the circumstances and is not to exceed 40 minutes without a reassessment of the situation and consultation with parents/guardians or administrative staff, unless otherwise specified in an IEP, Section 504 plan or other parentally agreed-upon plan to address a student's behavior.

The space in which the student is isolated should be a normal-sized meeting room or classroom commonly found in a school setting with standard lighting, ventilation, heating, cooling and ceiling height and that is free of objects that could cause harm to the student.

### ***Physical Restraint***

Physical restraint shall only be used:

1. In an emergency situation, or
2. When less restrictive measures have not effectively de-escalated the situation and the school has a plan for how to respond in such situations, or
3. With parental approval as specified in a student's IEP, Section 504 plan or other agreed-upon plan to address a student's behavior.

Physical restraint will:

1. Only be used for as long as necessary to resolve the actual risk of danger or harm that warranted the use of physical restraint.
2. Be no greater than the degree of force necessary to protect the student or other persons from imminent bodily injury or to protect property.
3. Not place pressure or weight on the chest, lungs, sternum, diaphragm, back, neck or throat that restricts breathing.
4. Only be done by district personnel trained in the proper use of physical restraint.

District personnel who use physical restraint shall only use restraint methods in which they have received district-approved training. Further, district personnel who use physical restraint may only do so in the presence of at least one (1) additional adult who is in the line of sight unless no other adult is immediately available due to an unforeseeable emergency situation.

Physical restraints should never be used as a form of punishment or for the convenience of district personnel.

### ***Mechanical Restraint***

Mechanical restraint shall only be used as specified in a student's IEP or Section 504 plan with two (2) exceptions:

1. Vehicle safety restraints shall be used according to state and federal regulations.

2. Mechanical restraints employed by law enforcement officers in school settings should be used in accordance with appropriate professional standards and applicable policies.

### ***Chemical Restraint***

Chemical restraints shall never be used by district personnel.

### ***Emergency Situation Follow-ups***

Following any emergency situation involving the use of seclusion, isolation or restraint, a meeting shall occur as soon as possible but no later than two (2) school days after the emergency situation. The meeting shall include, at a minimum, a discussion of the events that led to the emergency and why the de-escalation efforts were not effective; any traumatic reactions on the part of the student, other students or school personnel; what, if anything, could have been done differently; and an evaluation of the process. All staff members directly involved with the emergency situation will be included in the meeting, which will be scheduled and led by the building principal or designee.

### **Positive Behavior Supports**

The superintendent or designee is responsible for implementing the districtwide use of appropriate positive behavior supports designed to support or alter behavior in all students.

### **Training**

The superintendent shall ensure that all district personnel are trained annually and know the policy and procedures involving the use of seclusion, isolation and restraint. Training shall include all of the following:

1. A continuum of prevention techniques.
2. Environmental management techniques.
3. A continuum of de-escalation techniques.
4. Information about this policy.

In addition to the training provided to all district personnel, those who utilize seclusion, isolation or restraint will also receive annual training in:

1. The appropriate use of physical restraint.
2. Professionally accepted practices in physical management and use of restraints.
3. The best way to explain the proposed restraint methods to students and parents/guardians.
4. The appropriate use of isolation.
5. The appropriate use of seclusion.

### **Records**

The superintendent or designee will maintain records documenting the use of seclusion, isolation and restraint showing when they were used and the reason for use; the duration of the use; names of district personnel involved; whether students or school personnel were injured; the name and age of the student; whether the student has an IEP, Section 504 plan or BIP; when the parents/guardians were notified; if the student was disciplined; and any other documentation required by federal or state law.

### **Notice to Parents/Guardians**

Except as otherwise specified in a student's IEP or Section 504 plan, following an emergency situation involving the use of seclusion, isolation or restraint, the parent/guardian of the student shall be notified through verbal or

electronic means of the incident as soon as possible, but no later than the end of the day of the incident.

The parent/guardian shall receive a written report of the emergency situation within five (5) school days of the incident. The written incident report shall include all of the following:

1. Date, time of day, location, duration and description of the incident and interventions.
2. Event(s) that led up to the incident.
3. Nature and extent of any injury to the student.
4. Name of an employee the parent/guardian can contact regarding the incident.
5. Plan to prevent the need for future use of seclusion, isolation or restraint.

### **Students with Disabilities**

If the IEP or Section 504 plan of a student with a disability includes the use of seclusion, isolation, restraint or aversive behavior intervention:

1. The IEP or Section 504 plan must specify the conditions under which seclusion, isolation, restraint or aversive behavior intervention may be used.
2. The IEP or Section 504 plan must include steps to eliminate the need for the use of seclusion, isolation, restraint or aversive behavior intervention.
3. Any use of seclusion, isolation, restraint or aversive behavior intervention must be limited to what is set forth in the IEP or Section 504 plan.

Before adding the use of seclusion, isolation, restraint or aversive behavior intervention to an IEP or Section 504 plan, the student must have undergone appropriate assessments including, but not limited to, a formal functional behavior assessment, and the student must have a BIP in place.

## **REPORTING AND INVESTIGATING CHILD ABUSE/NEGLECT**

### **Policy: JHG**

The St. Charles R-VI School District and its employees will take action to protect students and other children from harm including, but not limited to, abuse and neglect, and will respond immediately when discovering evidence of harm to a child. Employees must cooperate fully with investigations of child abuse and neglect. The district prohibits discrimination, negative job action or retaliation against any district employee who, in good faith, reports alleged child abuse or neglect, including alleged misconduct by another district employee.

Employees failing to follow the directives of this policy or state or federal law will be subject to discipline including, but not limited to, termination, and may be subject to criminal prosecution.

### **Public School District Liaison**

The superintendent shall designate an employee to serve as the public school district liaison. The liaison shall develop protocols in conjunction with the chief investigator of the local division office of the Children's Division (CD) of the Department of Social Services to ensure information regarding the status of a child abuse or neglect investigation is shared with appropriate school personnel.

The liaison will also serve on multidisciplinary teams used in providing protective or preventative social services along with law enforcement, the juvenile officer, the juvenile court and other agencies, both public and private.

### **Training**

The superintendent or designee shall implement annual training necessary to assist staff members in identifying possible instances of child abuse and neglect, including annual updates regarding any changes in the law. Such training shall:

1. Provide current and reliable information on identifying signs of sexual abuse in children and danger signals of potentially abusive relationships between children and adults.
2. Emphasize how to establish an atmosphere of trust so that students feel that their school has concerned adults with whom they feel comfortable discussing matters related to abuse.
3. Emphasize that all mandatory reporters shall, upon finding reasonable cause, directly and immediately report suspected child abuse or neglect. These reports must be made even if the person suspected of abusing the child is another mandated reporter, such as another school employee.
4. Emphasize that no supervisor or administrator may impede or inhibit any reporting under state law.
5. Emphasize that no person making a report in accordance with law shall be subject to any sanction, including any adverse employment action, for making such a report.

### **Reporting Child Abuse/Neglect**

The Board of Education requires its staff members to comply with the state child abuse and neglect laws and the mandatory reporting of suspected neglect and/or abuse. Any school official or employee who knows or has reasonable cause to suspect that a child has been subjected to abuse or neglect, or who observes the child being subjected to conditions or circumstances that would reasonably result in abuse or neglect, shall directly and immediately report or cause a report to be made to the CD, including any report of excessive absences that may indicate educational neglect. No internal investigation shall be initiated until such a report has been made, and even then the investigation may be limited if the report involves sexual misconduct by a school employee. Employees who make such reports to the CD must notify the school principal or designee that a report has been made. The principal or designee will notify the superintendent or designee and the district liaison(s) about the report.

The school principal or designee may notify law enforcement or the juvenile office when appropriate. If an employee has reason to believe that a victim of such abuse or neglect is a resident of another state or was injured as a result of an act that occurred in another state, then, in addition to notifying the Missouri CD pursuant to this policy, he or she may also make a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of the other state.

In accordance with law, if a student reports alleged sexual misconduct on the part of a school district employee to an employee of this district, the employee who receives the report and the superintendent shall immediately report the allegation to the CD as set forth in law. For the purposes of this policy, the term "sexual misconduct" includes, but is not limited to, any conduct with a student, on or off district property, that could constitute a crime that is sexual in nature under Chapter 566 of the Missouri Revised Statutes including, but not limited to, the crime of sexual misconduct; any conduct with a student that could constitute a serious violation of policy AC, as determined by the district; any conduct that is inappropriate and of a sexual nature that endangers the welfare of a student or students, as determined by the district; or child abuse involving sexual behavior, as determined by the CD.

The reporting requirements in this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No employee making a report in accordance with law shall be subject to any sanction, including any adverse employment action, for making such a report. Further, the superintendent and other district administrators shall ensure that any employee mandated by law to make a report shall have immediate and unrestricted access to the communication technology necessary to make an immediate report. Employees shall also be temporarily relieved of other work duties for such time as is required to make any mandated report.

### **Investigating Child Abuse/Neglect**

Except in situations involving sexual misconduct, when the CD receives a child abuse report alleging that an

employee of the district has abused a student, the report shall be immediately referred to the school superintendent (or the president of the School Board in situations concerning the superintendent) who will conduct an initial investigation. If the initial investigation determines that the report relates to a spanking by a certificated district employee or the use of reasonable physical force against a student for the protection of persons or property by any district personnel administered pursuant to district policy, or if it is determined that the sole purpose of the report is to harass a district employee, the report will be investigated as detailed below in accordance with law. All other reports of any nature will be immediately returned to the CD for investigation.

#### ***Harassment, Spanking or Protection of Persons or Property***

If a report to the CD relates to a spanking by a certificated district employee or the use of reasonable physical force against a student for the protection of persons or property by any district personnel administered pursuant to district policy, or if it is determined that the sole purpose of the report is to harass a district employee, the superintendent, Board president or a designee of either will notify law enforcement of the county in which the alleged incident occurred. The district will jointly investigate the matter with the law enforcement officer.

Once the investigation is concluded, the law enforcement officer and the investigating district personnel will issue separate reports of their findings, no later than seven days after the district receives notice of the allegation from the CD. The reports must contain a statement of conclusion as to whether the preponderance of evidence supports a finding that the alleged incident of child abuse is substantiated or unsubstantiated. The Board will consider the separate reports and will issue its findings and conclusions, if any, within seven days after receiving the last of the two reports. The findings and conclusions will be made as required by state law and will be sent to the CD.

#### ***Sexual Misconduct Involving an Employee***

The district takes all allegations of sexual misconduct seriously, regardless of the source. When an allegation is made, district employees will immediately take appropriate action to protect students and other children, which will include reporting to the CD in accordance with Board policy and notifying the superintendent. The superintendent or designee will contact law enforcement and begin an investigation.

In accordance with law, if a student reports alleged sexual misconduct on the part of a teacher or other employee of a school district to a district employee, the employee who receives the report shall notify the superintendent immediately and report the allegation to the CD. The CD will investigate all allegations of sexual misconduct involving district employees. The district may investigate the allegations for the purpose of making employment decisions.

#### **Referral to the Office of Child Advocate for Children's Protection and Services**

If the CD determines that a report of child abuse or neglect is unsubstantiated, the district or a district employee may request that the report be referred to the Office of Child Advocate for Children's Protection and Services for additional review.

#### **Information from the Children's Division**

In accordance with law, as mandated reporters district employees reporting child abuse and neglect are entitled upon request to information on the general disposition of a report of child abuse or neglect and may receive findings and information concerning the case at the discretion of the CD. The CD will also notify the district when a student is under judicial custody or when a case is active regarding a student.

Any information received from the CD will be kept strictly confidential in accordance with law and will only be shared with district employees who need to know the information to appropriately supervise the student or for intervention and counseling purposes. All written information received by any public school district liaison or the district shall be subject to the provisions of the Family Educational Rights and Privacy Act (FERPA). Information received from the CD will not be included in the student's permanent record.

## **Immunity**

In accordance with law, any person who in good faith reports child abuse or neglect; cooperates with the CD or any law enforcement agency, juvenile office, court, or child-protective service agency of this or any other state in reporting or investigating child abuse or neglect; or participates in any judicial proceeding resulting from the report will be immune from civil or criminal liability.

Any person who is not an employee of the district and who in good faith reports to a district employee a case of alleged child abuse by any district employee will be immune from civil or criminal liability for making such a report or for participating in any judicial proceedings resulting from the report.

## **PROMOTION, ACCELERATION AND RETENTION OF STUDENTS**

### **Policy: IKE**

A student's achievement of the basic skills specified for the School District of the City of St. Charles curriculum for the grade level to which he or she is assigned and his or her readiness for work at the next grade level shall be required before he or she is assigned to the higher grade. Those students who have mastered the appropriate basic skills for the grade level will be promoted. Those students who have not mastered the appropriate basic skills for the grade level will be retained if such action is deemed appropriate by the teacher and principal.

In evaluating student achievement for promotion, each teacher shall make use of all available information including criterion-referenced test results, teacher-made tests and other measures of skills and content mastery, teacher observation of student performance and standardized test results. The principal shall direct and aid the teachers in their evaluations and review grade assignments in order to ensure uniformity of evaluation standards.

Decisions on whether to promote, accelerate or retain a student with disabilities will be made in accordance with the Individuals With Disabilities Education Act (IDEA) and as required by other applicable law.

### **Promotion**

The district may adopt a policy that requires remediation as a condition of promotion to the next grade level for any student identified by the district as failing to master skills and competencies established for that particular grade level by the Board. The district may require parents or guardians of such students to commit to conduct home-based tutorial activities with their children.

Such remediation may include, but shall not necessarily be limited to, a mandatory summer school program focused on the areas of deficiency or other such alternatives conducted by the district outside of the regular school day. If the district provides remediation in this manner outside the traditional school day, the extra hours of instruction may be counted in the calculation of average daily attendance. Such remediation shall recognize that different students learn differently and shall employ methods designed to help these students achieve at high levels.

Decisions concerning the remedial reading instruction of a student who receives special education services, including the nature of parental involvement consistent with a free appropriate public education, shall be made in accordance with the student's Individualized Education Plan (IEP).

### **Acceleration**

The district will assist students so that they progress academically in accordance with their capabilities. While provisions for individual differences should be adequately accomplished within a grade level, it may

occasionally be necessary to advance a student to the next grade. Acceleration to a higher grade level should be approached with caution. Capable students may be so advanced, but only after thorough discussion with the student's guidance counselor and with the joint approval of the parents/guardians, the principal and the superintendent.

### **Retention**

State law requires that all students who are reading below a third-grade reading level according to the district's fourth-grade reading assessment shall be retained if the student has not adequately improved by the end of summer school.

While the wishes and concerns of the parent or legal guardian will be given proper consideration, the decision to promote or retain is a professional decision. When evaluative procedures indicate that a student is not achieving the basic skills required, the teacher will give to the building principal a written explanation with justification and a recommendation concerning grade assignment. Further individual evaluation and diagnosis should be considered for possible referral to the student services staff and other appropriate agencies to assess the student's achievement capabilities, deficiencies and need for additional specialized services. After receiving all available data, the principal shall make the final decision on promotion or retention of the student.

In order to facilitate communication with parents in regard to a possible retention notice, the teacher and principal should communicate their concern about the student's progress with the child's parents as early in the school year as possible. Such communications shall be documented.

### **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

## **PUBLIC SOLICITATIONS/ADVERTISING IN DISTRICT FACILITIES**

### **Policy: KI**

It is the intent of the district to operate a nonpublic forum and, except as allowed in this policy, advertisement is prohibited on district property. For the purposes of this policy, advertisement includes, but is not limited to, in-person solicitation; signage; verbal announcements using communication equipment; pamphlets; handouts; distribution through district technology; other distribution of information regarding products or services available or for sale; or the solicitation of information including, but not limited to, political campaigning. This policy does not prohibit speech in circumstances where it is protected by law.

### **General Rule**

The district may control the content of advertising as allowed by law. Minimally, advertisement on district property or at district events may not include information or materials that:

1. Are obscene to minors.
2. Are libelous.
3. Are pervasively indecent or vulgar (secondary schools) or contain any indecent or vulgar language (elementary schools).
4. Advertise any product or service not permitted to minors by law.
5. Constitute insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion or ethnic origin).
6. Present a clear and present likelihood that, either because of their content or their manner of distribution, they will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities or will cause the commission of unlawful acts or the violation of lawful school procedures.

### **District-Sponsored Advertisement**

This policy is not intended to limit the use of district resources or forums by district personnel to distribute district-sponsored information or advertisements. District-sponsored groups may distribute advertisement to employees and students as determined appropriate by the superintendent or designee and school principal. Materials from extracurricular organizations or professional groups created by the district are considered district sponsored.

District-sponsored groups are defined as extracurricular or noncurricular organizations or professional groups created by the district.

### **Groups Affiliated with the District**

The district may allow groups affiliated with the district to advertise on district property in the same manner and to the same extent that district-sponsored groups are allowed to advertise. For the purpose of this policy, a group is affiliated with the district if it is recognized by the Board and 1) working collaboratively with the district, such as a business partner, or 2) is a group that is created solely to work with the district, its staff, students and parents and to raise funds for district activities such as parent-teacher associations or booster clubs.

### **Curriculum-Related Advertisement**

District staff may use resources with reasonable advertising content when such resources are consistent with and related to the district's curriculum and compliant with the district's wellness policy and procedures. District staff may distribute advertisements regarding programs, events, contests and other activities that are not sponsored by the district when those events are consistent with and related to the district's curriculum. District staff may invite companies, organizations or individuals to advertise during school hours or school events if the school principal determines that the information provided is consistent with and related to the district's curriculum.

### **Distribution Directly to Students**

Only curriculum-related advertisement, district-sponsored advertisement and advertisement by groups affiliated with the district may be distributed directly to students by placing the item in the student's backpack, folder or other conveyance; handing the material to students; placing the material at the student's assigned place; or instructing the student to pick up material at a designated location. Placing items in a designated location where they are available to students is not direct distribution if students are not instructed to pick up the materials.

### **Distribution to Staff**

The district's intercampus mail, staff mailboxes and district e-mail are reserved for communication between employees regarding district business or for distribution of district-sponsored advertisement or advertisement from groups affiliated with the district.

Advertising from any other person or group will be made available to staff by placement in staff work areas or on designated bulletin boards not easily accessible to students. Such advertising must be provided first to the school principal and must clearly state that the district does not sponsor or endorse the information. School principals may establish uniform rules about the length of time an advertisement will be available and may limit the number of advertisements available at one (1) time.

### **Distribution by Students**

Students may distribute district-sponsored advertisements on district property during non-instructional time as allowed by the school principal and group sponsor. Students may distribute non-curricular student publications and other advertisements not sponsored by the district during non-instructional time only in accordance with Board policy IGDBA.

### **Distribution by Student-Initiated Non-curricular Groups**

Student-initiated non-curricular groups that meet in district facilities shall have the same access to district communication tools and media, including publications, websites and intercom, and are subject to the same provisions on the distribution and content of materials as district-sponsored non-curricular groups. The district may require these groups to clearly state on any advertisement or information that the group is not sponsored by the district.

### **Advertisement in Designated Locations**

School principals may designate a bulletin board, table or other specific location where information regarding nonprofit community events targeting students and parents may be posted or otherwise advertised. All groups

fitting this description will be allowed to submit advertising to be placed at the designated location. Such advertising must be provided to the school principal first and must clearly state that the district does not sponsor or endorse the information. School principals may establish uniform rules about the length of time an advertisement will be available and may limit the number of advertisements available at one (1) time.

### **Distribution at District Events**

Only district-sponsored advertisement and advertisement from groups affiliated with the district may be distributed at district events, unless the district sells advertisement opportunities as described below.

### **Groups Using District Facilities**

Boy Scouts, Girl Scouts and other Title 36 youth groups and their official affiliates who meet in district facilities pursuant to the Board's policy on use of facilities may distribute advertising during any meeting, activity or event held in accordance with that policy and applicable procedures but otherwise have no greater ability to advertise or distribute information in schools than groups not using district facilities.

### **Revenue-Generating Advertising on District Property or in District Publications**

The district may accept or solicit advertising for use on the district's website and in gymnasiums, athletic fields and other facilities primarily used for extracurricular activities. Any such advertising will be limited to the name, address, phone number, Internet address and logo of the advertiser.

The district may accept or solicit advertising on extracurricular activity schedules, programs, newspapers, yearbooks or other district-sponsored publications at the discretion of the principal of the school involved. Advertising generally will be limited to the name, address, phone number, Internet address and logo of the advertiser except that publications may also provide the advertiser with a selection of greetings, phrases or graphics that can be included if the advertiser so chooses.

Student publications and the advertising in those publications are district-sponsored speech subject to editorial control over content in accordance with law.

All such advertising must be compliant with the district's wellness policy and procedures.

### **Collecting, Disclosing or Using Information for Marketing**

In general, the district will not collect, disclose or use personal information from students for the purpose of marketing or selling that information or otherwise providing that information to others for that purpose unless required by law. For the purposes of this policy, "personal information" means individually identifiable information, including a student's or parent's first and last name, a home or other physical address, a telephone number and Social Security number.

In the rare case where the district may collect or disclose students' personal information or allow another group or entity to collect or disclose students' personal information for the purpose of marketing or selling that information, the district will directly notify the parents/guardians in accordance with law at least annually at the beginning of the school year of the specific or approximate dates when such information will be collected. Parents/Guardians, upon request, may inspect any instrument used to collect personal information for the purpose of marketing or selling that information before the instrument is administered or distributed to a student. All parents/guardians and students of appropriate age may decline to provide the information requested.

This portion of the policy does not apply to the collection, disclosure or use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for or to students or educational institutions, to the extent allowed by law and Board policy.

## **INTERROGATIONS, INTERVIEWS AND SEARCHES**

### **Policy: JFG**

#### **Searches by School Personnel**

School lockers, desks and other district property are provided for the convenience of students and, as such, are subject to periodic inspection without notice.

Student property may be searched based on reasonable suspicion of a violation of district rules, policy or law. Reasonable suspicion must be based on facts known to the administration, credible information or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless exigent circumstances exist.

It is a privilege, not a right, to park on school grounds. The school retains the authority to conduct routine patrols of any vehicle parked on school grounds. The interior of a student's automobile on school premises may be searched if the school authority has reasonable suspicion to believe that such a search will produce evidence that the student has violated or is violating either the law or district policy.

The administration will contact law enforcement officials to perform a search if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such items. Law enforcement officials may be contacted for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot safely be conducted.

School employees and volunteers, other than commissioned law enforcement officers, shall not strip search students, as defined in state law, except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available.

If a student is strip searched, as defined in state law, by a school employee or a commissioned law enforcement officer, the district will attempt to notify the student's parents/guardians as soon as possible.

During an examination, and if reasonable under the circumstances, school employees may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose underwear. Employees may also remove student clothing to investigate the potential abuse or neglect of a student, give medical attention to a student, provide health services to a student or screen a student for medical conditions.

#### **Use of Drug-Detecting Dogs in Cooperation with Law Enforcement Agencies**

The Board of Education has directed the school administration to cooperate fully with law enforcement agencies in their efforts to decrease community drug problems, and to take the necessary and lawful steps to prevent any person from coming on to school property in possession of or under the influence of illegal drugs or controlled substances.

In light of these policies, and in order to further safety and promote discipline in the district, the Board authorizes the use of trained drug-detection dogs in cooperation with law enforcement authorities. The district authorizes the use of trained drug-detecting dogs recognizing that such use is legally sound and does not violate students' Constitutional rights.

The Board's policy authorizing the use of drug-detecting dogs in cooperation with law enforcement authorities shall be noted in the locker, desk and student parking provisions of the student handbook. The Board designates, to coordinate with law enforcement agencies, the use of dogs trained in the detection of drugs, and to ensure that Board policy is complied with in all respects during any search arising out of the use of the drug-detecting dogs.

### **School Resource Officers**

The school resource officer (SRO) may interview or question students regarding an alleged violation of law. A school resource officer may also accompany school officials executing a search or may perform searches under the direction of school officials.

### **Interview with Police or Juvenile Officers/Other Law Enforcement Officials**

Law enforcement officials may wish to interview students regarding their knowledge of suspected criminal activity and may wish to interrogate students who are themselves suspected of engaging in criminal activity. Such interviews and interrogations are discouraged during class time, except when law enforcement officials have a warrant or other court order or when an emergency or other exigent circumstances exist. It is the responsibility of the principal or designee to take reasonable steps to prevent disruption of school operations while at the same time cooperating with law enforcement efforts.

When law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private. The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians unless the interviewer raises a valid objection to the notification.

### **Removal of Students from School by Law Enforcement Officials**

Before a student at school is arrested or taken into custody by a law enforcement official or other legally authorized person, the principal will verify the official's identity. To the best of his or her ability, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parents/guardians that the student is being removed from school.

### **Interview with the Children's Division**

Representatives of the Children's Division (CD) of the Department of Social Services may meet with students on campus. The district liaison will work with CD to arrange such meetings so they are minimally disruptive to the student's schedule. If the student is an alleged victim of abuse or neglect, CD may not meet with the student in any school building or child care facility where the abuse of the student allegedly occurred. The principal will verify and record the identity of any CD representatives who request to meet with or take custody of a student.

### **Contacts by Guardian Ad Litem and Court-Appointed Special Advocate**

When a court-appointed guardian ad litem or special advocate finds it necessary to interview a student during the school day or during periods of extracurricular activities, the school principal or designee must be notified. The principal will verify and record the identity of the individual through the court order that appoints him or her. The interview must be conducted in a private setting and with the least disruption to the student's schedule.

## **POLITICAL CAMPAIGNS**

### **Policy: DCB**

No contribution or expenditure of district funds shall be made directly by any Board member, employee or agent of the district to advocate, support or oppose any ballot measure or candidate for public office. This does not prevent Board members or administrators from making public appearances or issuing press releases concerning any such ballot measures.

Reasonable expenditures may be made solely for the purpose of providing patrons of the district with objective information regarding ballot measures in order to inform voters concerning issues that directly affect the district.

### **MANDATORY EMPLOYEE TRAINING**

All employees must complete mandatory training on a yearly basis. The Assistant Superintendent of Human Resources will facilitate and inform employees of required training. Verification of completion is required.

### **EMPLOYEE RESOURCES**

Visit the website <http://www.stcharlessd.org> (*Employees-Employees Resources*) for links and other helpful information for district employees. This site features links to salary schedules, bargaining agreements, benefits, insurance, DESE and much more.

### **EXTRA-ALLOWANCE STIPENDS**

Extra-Allowance stipend amounts are determined using a “Determining Factors” analysis. The Determining Factors document may be accessed on the district’s website (Human Resources Department – Employee Resources).

If an employee would like to request additional extra-allowance positions be added or have a current stipend reviewed for a potential increase, the form/process below should be utilized. Please contact the HR office for a form. For high school extra-allowance positions, please make sure you have directed questions and or concerns to the Activities Director prior to submitting a request for review.

**Review of Existing Extra-Allowance Stipend Position**

**Due December 15<sup>th</sup>**

Note: Any approved changes to be effective for the following school year/budget year.

Check the appropriate category:

- Request for additional coaches/sponsors for existing extra-allowance program (e.g. additional assistant coach)
- Request for “point” increase for existing stipend based on established criteria

1. Applicant’s Name: \_\_\_\_\_ School: \_\_\_\_\_

Grade Level: \_\_\_\_\_

- 2. Rationale for review: Please describe why you believe a review is necessary. Please include relevant information related the “Determining Factors” (attached). What has changed related to the program/position to justify your request? Feel free to attach additional pages/data if necessary. Data to be considered:
  - End of year participation data
  - Consistent trends over time (multiple years)
- 3. If requesting a “point” increase for an existing stipend, how many points do you feel would be appropriate based on the “determining factors”?
- 4. Please include any other information that you feel would be helpful to appropriately consider your request.

A four person committee will review your request and render a decision by February.  
Committee recommendations are not final until approved by the Board of Education.

Committee members will include:

Assistant Superintendent, Human Resources

Previous Extra-Allowance Committee Representative (school level) appointed by Asst. Supt.-HR

High School Activities Director

## Frequently Asked Questions About Work Related Injuries

- Q. **When injured at work, who should I report my injury to?**  
A. Always report an injury to your supervisor **immediately**. If your supervisor is not available at the time, report it to the nurse, or office attendant, so someone in the building is aware of the accident.
- Q. **Who is my immediate supervisor?**  
A. If you are a teacher, support staff, or custodian at a building, your immediate supervisor is the principal. Maintenance department staff's immediate supervisor is the Director of Facilities. Transportation department staff's immediate supervisor is the Director of Transportation.
- Q. **If I am injured on the job, and need to seek medical attention the day of injury, do I have to use my own leave?**  
A. If the injury is something that the building nurse cannot treat, and you are authorized to seek medical attention at one of the locations specified, that initial visit does not count against your leave.
- Q. **If I have sought medical attention, and the doctor asks me to come in for a follow up visit, do I have to use my own leave?**  
A. Yes, if you choose to make the follow up visit during work hours, you would need to use your own leave.
- Q. **How will I know if I am on Workers Compensation?**  
A. The Workers Compensation doctor deems you unable to work in any capacity. You will receive Work Status paperwork from the doctor. During this time, until your status changes, you will not be paid through your regular payroll by the school district; you will get paid through the district insurance following the guidelines of the Missouri Department of Labor.  
The employee is responsible for dropping a copy of the work status update report to their supervisor after each visit.
- Q. **If I am not on Workers Compensation, what is my status if I am seeking medical attention?**  
A. If an employee incurs a work related injury, the employee will seek medical attention by a doctor that is within the District's Workers Compensation insurance provider. In most cases, the employee will have an initial visit, where the doctor will treat and evaluate the injury, and will give you a work status update report.
- Q. **What do I do with the status update report?**  
A. The employee needs to turn a copy of the work status update report to their immediate supervisor as soon as possible. If the employee has temporary physical limitations during the healing process, your supervisor can discuss with you how we can accommodate your restrictions in the workplace.
- Q. **What if I have further questions?**  
A. Please feel free to contact Rhonda Welty at anytime with work related injury questions (636-443-4006).
